Administrative & Academic Heads 2024

ROAD MAP – 2024-2025

AND IQAC Manual

THE MANAGEMENT - THE MYSORE DIOCESAN EDUCATIONAL SOCIETY

The Mysore Diocesan Educational Society (MDES) was established in the year 1966 by the great visionary His Excellency late Rt. Rev. Dr. Mathias Fernandes, the former Bishop of the Catholic Diocese of Mysore. Over the last 66 years, MDES has achieved this through its 149 institutions spread out in the four revenue districts of Mysuru, Mandya, Kodagu, and Chamarajanagara of Karnataka State through its dedicated service which has borne rich dividends by offering value-based education to students not only in urban areas but also in remote rural areas. The alumni of the MDES institutions have crossed boundaries and borders and have left their indelible mark in the different sectors of society. The MDES is currently governed by His Excellency Most Rev. Dr. K. A. William, Bishop of Mysuru. The MDES continues to mentor the progress of this Institution.

A BRIEF HISTORY OF THE COLLEGE

St. Philomena's College was established in the year 1946 with the motto 'Caritas in Scientia' i.e. 'Love through Knowledge'. It was the first Private Science Degree College to be established in the erstwhile Mysore State. The altruism of the then Maharaja of Mysore, His Excellency Sri Jayachamarajendra Wodeyar, and the personal efforts of the then Bishop of Mysore, His Excellency Rt. Rev. Dr. Rene Feuga, gave a legendary beginning to the institution.

St. Philomena's College has established Academic Excellence. Over the years. The College has evolved several Meetings/Activities, both at the Undergraduate and Postgraduate levels. The Academic Environment, student-friendly campus and Value-Based Education imparted in a harmonious atmosphere attract students from several parts of the Country and the world. The Guiding Values such as Love, Justice, Equality, and Peace are enshrined as Institutional Objectives. The College is wedded to its zeal of democratizing Education and aims at Social Equity. The College constantly strives to evolve conducive and viable practices to transact the curriculum and upgrade the infrastructure.

An assiduous commitment to its core values has helped the institution to earn an A+ Grade (Cycle 1) from NAAC in the year 2004. The College was granted Autonomy by the University Grants Commission in the year 2011. Retaining its vigor, the College secured an A Grade with a CGPA rating of 3.58 on a 4-point scale during the re-accreditation by NAAC in 2014 (Cycle 2). The UGC had declared the College as "A College with Potential for Excellence" in the year 2010 and the year 2015; the UGC elevated the College to "A College of Excellence".
In the year 2020, the College has secured B++ Grade (Cycle 3) from the NAAC.

The College campus is spread over 25 acres of land on the Mysuru Bangalore highway and has 35 Departments at the Undergraduate level comprising of Science, Arts, Commerce, Management, Social Work, Tourism & Hospitality Management, BCA, B. Voc, and Community College. The College has a separate PG Studies and Research Centre offering 11 PG Meetings/Activities under CBCS-LOCF pattern in Science, Arts and Commerce, and Ph. D Meetings/Activities in the departments of Social Work and Chemistry.

The CBCS pattern with Continuous Comprehensive Assessment (CCA) is being followed for 3rd year UG Meeting/Activity.

College - VISION

The College is guided by the visionary zeal of providing Value-Based Education to everyone irrespective of religion, caste, creed, or sex by which the character is formed, intellect is expanded and one can stand on his/her own feet.

College - MISSION

To transform young men and women who come to learn not just from books, but also from life and to share the experience of working and playing together to inculcates life skills to become good citizens with integrity and discipline.

College - AIMS AND OBJECTIVES

- *Striving to optimize education opportunities, the College constantly reinvigorates the Mission and Vision statement keeping its essential core strong. It aims to:*
- *Continue the pursuit of Excellence in the areas of teaching, learning, and practical applications of Knowledge.*
- *Facilitate the acquisition of core competencies and channel students towards critical literacy.*
- *Establish tenable industry-academia interfaces.*
- *Engender Ethical Values in students.*

ASSESSMENT & ACCREDITATION by NAAC

Education plays a vital role in the development of any nation. Therefore, there is a premium on both quantity (increased access) and quality (relevance and excellence of academic programmes offered) of higher education. The NAAC has been set up to facilitate the volunteering institutions to assess their performance vis-a-vis set parameters through

introspection and a process that provides space for participation of the institution.

Benefits of Accreditation

- *Institution to know its strengths, weaknesses, and opportunities through an informed review process.*
- *Identification of internal areas of planning and resource allocation.*
- *Collegiality on the campus.*
- *Funding agencies look for objective data for performance funding.*
- *Institutions to initiate innovative and modern methods of pedagogy.*
- *New sense of direction and identity for institutions.*
- *The society look for reliable information on quality education offered.*
- *Employers look for reliable information on the quality of education offered to the prospective recruits.*
- *Intra and inter-institutional interactions.*

UNITS OF ASSESSMENT

NAAC's instrument is developed to assess and grade institutions of higher education through a three-step-process and make the outcome as objective as possible. Though the methodology and the broad framework of the instrument is similar, there is a slight difference in the focus of the instrument depending on the unit of Accreditation, i.e., Affiliated / Constituent colleges / Autonomous colleges / Universities / Health Science / Teacher / Physical Education.

Institutional Accreditation

University*: University Central Governance Structure along with all the Under Graduate and Post Graduate Departments.*

College*: Any College - affiliated, constituent, or autonomous with all its departments of studies.*

Department Accreditation

Any department/School/Centre of the University.

Presently, NAAC is undertaking only institutional accreditation. Experts groups have been constituted to work on Program Accreditation.

THE INTERNAL QUALITY ASSURANCE CELL (IQAC)

Internal Quality Assurance Cell (IQAC) has been established on 01/05/2004 as a post-accreditation quality sustenance measure for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education. According to the National Assessment and Accreditation Council (NAAC), every accredited institution of higher education should establish Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. The primary responsibility of IQAC is to ensure quality enhancement and sustenance. It ensures the efficiency and effectiveness of measures taken/methods used to provide high-quality education and evaluate the degree to which each task is fulfilled. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards the realization of the goals of quality enhancement and sustenance.

IQAC VISION

- *To achieve academic excellence*
- To enhance the quality of education
- To ensure the satisfaction of all the stakeholders
- To encourage the research and innovation in teaching and learning methodologies
- To promote a culture of continuous incremental improvement in the overall holistic development of the institution

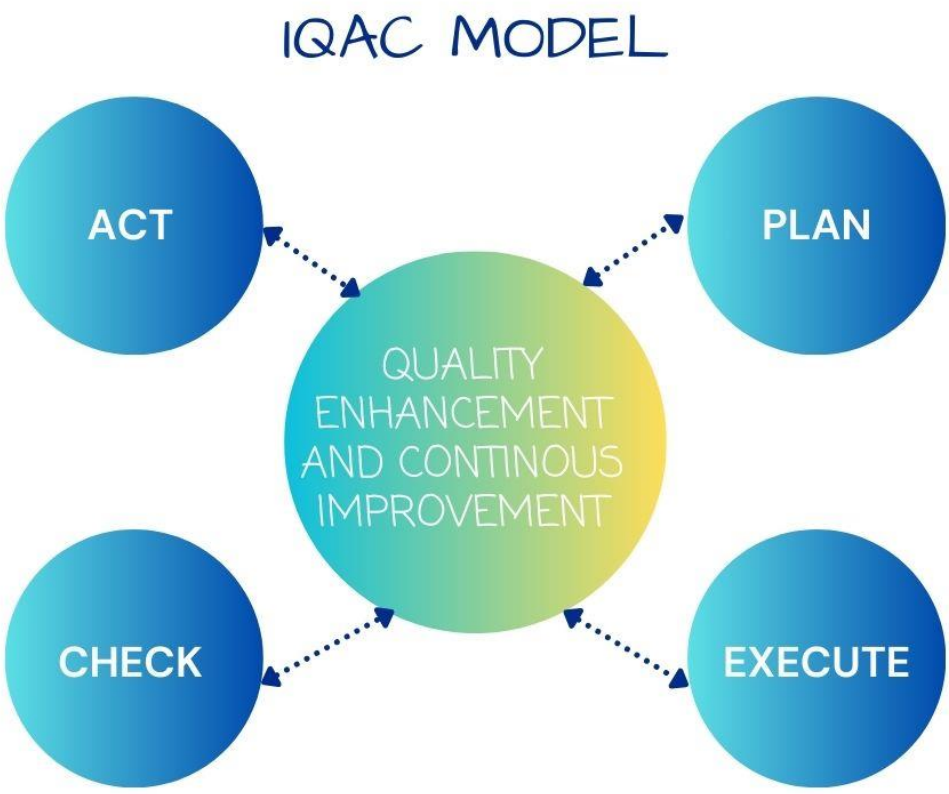

IQAC MISSION

- *To develop the qualitative parameters leading to constant improvement of all academic and administrative activities*
- *To propose the best possible action plans which catalyze the overall academic improvement.*
- *To create the learner – centric environment*

OBJECTIVES OF IQAC

- *To live up to the demanding benchmarks.*
- *To enhance the quality of education and research.*
- *To provide a basis for decision making to improve institutional functioning.*
- *To integrate the modern methods of teaching, learning and evaluation.*

IQAC MODEL

The IQAC vision model for the quality enhancement and improvement is a continuous process that involves the following four steps:

1. **Plan**: The IQAC develops a quality assurance plan aligning with the institution's mission and vision. The plan identifies the areas of focus for quality enhancement, the quality standards, and benchmarks to be used, and the methods for the assessment and data collection.
2. **Execute**: The IQAC executes the quality assurance plan and collects data on the institution's performance against the quality standards and benchmarks.
3. **Check**: The IQAC analyses the data collected and recognizes the areas for improvement.
4. **Act**: The IQAC amends and implements action plans to address the areas identified for improvement.

IQAC COMPOSITION

IQAC may be constituted in every institution under the Chairmanship of the Head of the institution with heads of important academic and administrative units and a few teachers and a few distinguished educationists and representatives of local management and stakeholders.

The composition of the IQAC may be as follows:

- *Chairperson: Head of the Institution*
- *A few senior administrative officers*
- *Three to eight teachers*
- *One member from the Management*
- *One/two nominees from local society, Students and Alumni*
- *One/two nominees from Employers /Industrialists/stakeholders*
- *One of the senior teachers as the coordinator/Director of the IQAC*

Major Reforms in Accreditation of Higher Education Institutions

Press Release Dt. 27 January 2024

The Indian higher education system is transforming rapidly through the implementation of National Education Policy (NEP 2020). A target of 50% GER in higher education by 2037 is set, along with enhancing the quality of education which is of paramount importance to the nation. The top Indian institutions are expected to compete with the best in the world. Achieving higher levels of quality is dependent upon processes such as the teaching-learning, research & Innovation, motivated teachers, enhancing employability skills, equity and societal integration, academic ambiance, commitment to sustainability rather than mere infrastructure and inputs.

Accreditation and Ranking is an integral part of the transformation of higher education in India. In major development, the Ministry of Education, Government of India constituted an overarching committee with Dr. K. Radhakrishnan, Former Chairman of ISRO and Chairperson, Standing Committee of IIT Council as Chairman in November 2022 to propose transformative reforms for strengthening Assessment and Accreditation of higher education institutions in India.

The preliminary report of the committee was placed on the Government of India website for public consultation. The final report, incorporating several feedback received from stakeholders, was presented to the Hon'ble Minister of Education, Government of India *Shri. Dharmendra Pradhan* on 16th January 2024 which has been accepted by the Minister.

A set of transformative reforms have been proposed to strengthen the periodic approval, assessment & accreditation, and ranking of 'All HEIs' of India. These reforms have been proposed with a strategic intent to be consistent with the Vision of NEP 2020, adopt a simple, trust-based, credible, objective and rationalized system for approval, accreditation and ranking of HEIs, with a technology-driven modern system that could replace or minimize manual involvement to make the accreditation process to be transparent and integrate the inputs of the stakeholders. The recommendation also focuses on mentoring and incentivizing schemes for raising their participation as well as accreditation levels, towards eminence, significance and global acclaim.

The following are the salient features of the recommendations:

Binary Accreditation (Either accredited or not accredited) rather than grades with an aim to encourage all the institutions to get on-boarded in the accreditation process thereby creating a quality culture in the higher education system. The binary accreditation is also in line with the best practices followed from many leading countries in the world.

Maturity-Based Graded Accreditation (Level 1 to 5) to encourage accredited Institutions to raise their bar, continuously improve, evolve in-depth or in-breadth in disciplines from 'Level 1' to 'Level 4' as Institutions of National Excellence, and then to 'Level-5' i.e. Institutions of Global Excellence for Multi-Disciplinary Research and Education. The leveled accreditation shall enable Indian institutions to significantly improve their quality and position themselves among global top institutions.

The metrics for both Binary and Maturity-Based Graded Accreditation shall focus on Processes, Outcomes and Impact across different attributes of HEIs (instead of mere input-centric). The new process shall consider the heterogeneity of HEIs in the country, categorize them based on their orientation/vision and heritage/legacy, and then seek information from the HEIs that are appropriate for their category rather than a one-size-fits-all model. There will be a special focus on rural and remote location institutions through mentoring and handholding.

One Nation One Data Platform has been proposed as part of the reform to ensure integrity and transparency in handing institutional data. The new platform shall capture superset of data from HEIs for the varied purposes (of approval, accreditation, ranking) with an in-built design for collateral cross-checking to check authenticity of data. In addition, to improve the validity and reliability of the data "Stakeholder validation" has been proposed to effectively integrate stakeholders as part of the accreditation and ranking process.

The system shall be based on Trust and Data Driven with minimal visits to an institution for verification; however, carrying heavy penalties on giving wrong submissions. In addition, there will be provision for customized ranking based on stakeholders such as industry, funding agencies, students etc.

The Executive Committee of NAAC (National Assessment and Accreditation Council) in its 104th meeting held on 27 Jan 2024 decided the following.

The recommended reforms shall be implemented in two stages. In the first stage, the Binary accreditation will be implemented in the next four months and no new applications will be accepted as per the present methodology thereafter. Institutions that have already applied and are applying in the next four months shall have the option to either go by the present process or by the new methodology of binary accreditation. The Maturity based Graded levels will be implemented by December 2024.

The methodologies and formats are being redesigned based on recommendations of Dr. Radhakrishnan committee report and the same shall also be reflected in the data collection and validation process using One Nation One Data Platform making the system friendly, easy and smooth.

By implementing all the recommendations comprehensively before the end of 2024, the Indian higher education system will be making a transformation, enhancing the quality and credibility of Indian institutions and thereby contributing to the socio-economic leadership of India as part of ***Amrit Kaal*** vision of Honourable Prime Minister *Shri Narendra Modi*.

NAAC Reforms 2024: Important Announcement- Dt.29th June 2024

Dr. Radhakrishnan Committee on transformative reforms in accreditation was approved by the Ministry of Education, Government of India. Based on the recommendations of the Committee, the Executive Committee of NAAC had proposed launching of Reforms in two phases-Binary Accreditation and Maturity Based Graded Levels.

The Apex committee and Discipline-wise Committees held about 40 meetings to complete required manuals and process related aspects. NAAC, as per the recommendation of the Apex committee, wishes to hold 5 regional workshops to elicit the nationwide views on the manual before launching it in the next two months. In addition, it has been proposed to engage with the Higher Education Departments/ Councils of various States to appraise them of planned Reforms in Accreditation thereby enabling most institutions to participate in the new Accreditation process.

Accordingly, the Executive Committee of NAAC has proposed that during the transition period, to ease the completion of pending applications under present the Revised Accreditation Framework (RAF) and to facilitate the smooth transformation to the proposed reforms, the following were resolved for implementation:

1. Reiterating the earlier decision, it was decided to accept IIQA applications under present methodology (RAF) until 30th June 2024 (6.00 PM).

2. HEIs with valid accreditation as per the present RAF whose validity is expiring between 1st July 2024 and date of launch of Maturity Based Graded Levels (MBGL) shall be extended for a maximum period of three months after the launch of MBGL.

3. HEIs already accredited shall continue to hold the accreditation with the grade till its validity exists. During such a valid period of accreditation, such institutes may apply for Maturity Based Graded Level at any time once the MBGL is announced.

4. HEIs whose IIQA or SSR applications are under RAF:
   a. may opt for Binary accreditation (in such a case, the ongoing A & A process under RAF will be closed) **or**
   b. may decide to go ahead for A & A process under the current RAF.

5. HEIs who are not accredited shall apply for Binary accreditation as and when it is launched.

HEIs are requested to visit the NAAC website for clarification if any or further assistance.
