RESEARCH POLICY

Preamble

St. Philomena's College (Autonomous) is managed by Mysore Diocesan Educational Society, headed by the Bishop of Catholic Diocese of Mysore. The affiliating university has recognised the Departments of Chemistry, Social Work, Physics and Journalism as Research Centres. Keeping with the Mission and Vision of the college, the management has come forward to create a research environment to inspire, guide, motivate and promote the research culture among the students and faculty members towards the doctoral and post doctoral research in all streams. The Management will provide seed money to support research, organise and attend National and International conferences/ seminars/ workshops, publication of research articles in highly reputed Journals.

Purpose

The purpose of the research policy is to create a vibrant research environment among the staff members, students and research scholars. The policy provides a general frame work within which all the research related activities in the college may be carried out.

Objectives

1. To nurture an environment to carryout innovative research which supports the society and the industry with the potential for commercialization.
2. To establish interdisciplinary collaborative work among the departments within the institution and partnership with reputed research institutions within the country and globally.
3. To ensure quality, integrity and ethics in research.
4. To ensure publications in reputed journals recognised by the UGC and indexed in Scopus or Web of Science or with good impact factor.

5. To publish research articles in the existing multidisciplinary Journal (namely C-Journal ISSN No 2456- 9829, Philos Multidisciplinary Journal- PMJ) of the college and to provide a platform to raise the quality of the journal to international standard.

Custodian of the Policy:

The implementation and updating of research policy shall be carried out by the Coordinator of the Research Committee, a separate entity under the direction of the Director of PG studies and Research Centre in consultation with the Management and the Principal of the College.

Guidelines

1. Financial Support for Research

a) The Management shall provide seed money to carry out Minor/ Major Research projects based on the funds available within the budgetary provision.

b) The college will provide the publication charges for publishing papers in highly reputed journals after scrutinizing through research committee or through the committee of experts.

c) The college will support the faculty members to apply to the various government and non-government funding agencies to carryout research work under major/minor research projects.

d) The management shall provide financial assistance to the faculty members to take part by attending and presenting papers related to the Academic and Research work of the respective Departments.

e) The Research Committee after scrutiny of the applications received for the seed money to carry out research project shall forward them to the Principal for approval.

f) The college Management on the recommendation of the Principal will sanction, release and distribute the funds to the faculty members on the merit of the projects after getting the approval from the Governing Body of the MDES.

g) The Faculty members and students who are involved in Research Projects shall make use of the available facility in the college and the additional facility, if any, will be

provided by the Management on the need basis for the smooth conducting of research activity.

2. Research Quality, Integrity and Ethics

a) All the faculty members, research scholars and students shall adhere to highest ethical standard of conduct including data integrity and academic honesty.

b) A disciplinary committee on the instruction of the management will be formed in order to carry out the enquiry when academic dishonesty is reported against an individual/ group. The management may initiate suitable disciplinary action if found guilty.

3. Research Committee

The research activities will be monitored by the research committee constituted by the college in consultation with the management. The committee will be responsible for overall functioning of the research activities in the college as per the guidelines issued by the University of Mysore which may be amended from time to time.

4. Eligibility for the faculty to pursue the doctoral studies

The faculty members who are appointed on regular basis after successful completion of the probationary period and fulfilling the criteria specified by UGC recognized Universities/ Research Institutions are eligible to apply for doctoral studies leading to award of Ph.D degree. They shall complete their study within the stipulated time.

5.Privileges offered by the College

a) If the management appointed faculty members working in self-financing courses wish to pursue the doctoral research, the college may sanction special casual leave to a maximum of 10 days to complete the preliminary procedure. However, grant in aid faculty members who wish to pursue the doctoral research can utilize the privileges stipulated by the UGC and State Government which may be amended from time to time.

b) The management may grant leave to the faculty members working in self-financing courses to the maximum of six months in the final stages of submission of thesis. In such cases the faculty member will be paid an allowance equivalent to 50% of the salary for each month of leave availed.

c) The faculty member who avail such leave will have to execute a bond stating that he/she will serve the college as a faculty for a minimum of three years after the award of the doctoral degree. If the faculty wishes to leave the college within the stipulated period of three years, he/she shall reimburse to the college the full amount of allowance received by him/her during the period of leave.

6.Eligibility for the Faculty members of our College to apply for Research Guideship

The faculty members who wish to register with the affiliating university for research Guideship shall fulfil the criteria stipulated by the affiliating university.

7. Guidelines for the Students to carry out Research work leading to Ph.D Degree

a) The candidates who wish to register for their doctoral study in the college under a recognised research Guide/Supervisor of the college shall fulfil the criteria stipulated by the affiliating university and the college.

b) The research committee with the consent of the Director of the PG Centre shall call the candidates who have registered for Ph.D. from time to time or at least once in three months to verify the progress made by the candidate and to scrutinize whether the candidate has followed the guidelines of the registering University/ Institution for timely completion of the research work and submission of the thesis within the stipulated time.

8 Submitting applications for the Funding agencies/Seed money for the Research Project

a) The research proposal should be prepared as per the guidelines of the funding agencies in the prescribed format to be submitted to research committee for their approval. Once approved the proposal will be routed through the College office.
