St. Philomena’s College (Autonomous)

Bannimantap, Mysore – 15

World Cancer Day

Cancer (Breast and Uterus) Detection and Awareness Camp

World Cancer Day is recognized internationally to enhance awareness about cancer, advance early detection efforts, and promote preventive healthcare practices. On February 4, 2026, St. Philomena’s College (Autonomous), Bannimantap, Mysore, marked this important day with a well-structured programme during its OAK Jubilee Year. The event featured a Cancer Detection and Awareness Camp focused on Breast and Uterine cancers, specifically designed for women students and staff members. This initiative underscored the institution's dedication to women's health and its aim to foster a safe and informed academic atmosphere.

The programme was a collaborative undertaking of the Internal Quality Assurance Cell (IQAC), the National Service Scheme (NSS), and the Youth Red Cross (YRC) of the college, in association with Bharath Cancer Hospital, Mysore. It was held at the Bishop Rene Feuga Memorial Chapel Hall starting at 10:30 a.m. and sought to educate participants about the two prevalent cancers affecting women, while also promoting early detection through complementary screening services.

The event commenced with a formal gathering featuring prominent attendees, including Mr. Ronald Prakash Cutinha, Vice Principal (Administration), Mr. A. Thomas Gunaseelan, IQAC Coordinators, and Dr. Deepa, IQAC Coordinators, along with Mr. Johnson Arulraj L. (NSS), Ms. Deepthi M.J. (YRC), Mr. Mathew (R&R), and various staff members and students.

A key highlight of the programme was the awareness session and detection camp facilitated by experts from Bharath Cancer Hospital. Dr. Sahana Ganesh (MD, Radiation Oncology, Kidwai Memorial Institute of Oncology, Bengaluru, and currently affiliated with Bharath Hospital & Institute of Oncology, Mysore) and Dr. Shwethambari (MD Bharath Hospital & Institute of Oncology, Mysore) led an informative session discussing breast and uterine cancer. They outlined the symptoms, risk factors, stages of disease progression, preventive measures, and treatment options. The emphasis on early detection, lifestyle modifications, and regular medical screenings equipped participants with essential knowledge related to women’s health issues.

The programme witnessed robust engagement from the college community, with a total of 104 students and 37 staff members registering for both the awareness session and screening camp. This remarkable turnout reflected the community's dedication to prioritizing health and seizing the opportunities provided by the institution. The free preliminary health checks offered by the medical team further enhanced the camp’s practical significance.

The successful execution of the event was attributed to the committed efforts of the coordinators: Mr. Johnson Arulraj L. (NSS), Ms. Deepthi M.J. (YRC), Dr. Deepa V. (IQAC), and Mr. A. Thomas Gunaseelan (IQAC). Their collaborative approach ensured seamless planning, effective implementation, and enthusiastic participation from students and staff alike.

The World Cancer Day awareness and detection camp significantly impacted the college community. It heightened awareness around women-specific cancers and encouraged participants to adopt proactive healthcare practices. Through the fusion of awareness-raising, expert insight, and free screening, the programme played a vital role in advocating for early diagnosis and fostering health literacy among women.
