about college

St Philomena's College came into existence on October 9, 1946, with the motto "Caritas in Scientia", Love through Knowledge. His Excellency, Rt. Rev. Dr. Rene Feuga, the first Bishop of Mysore, vacated his mansion to make room for classes. The college was declared open by His Highness Sri Jayachamarajendra Wodeyar, the Maharaja of Mysore. It was history in the making in more ways than one and the first group of 380 Philomenites was aware that they were stepping into the very first Private First Grade College in the Royal City, affiliated to the University of Mysore, which was the first private Degree Science College in the erstwhile Mysore Region.

All through her fledging years, the college's future was shaped by teachers of outstanding calibre. Among them is the Doyen of the Modern Movement in Kannada poetry, Prof. Gopalakrishna Adiga, the renowned space scientist and former Chairman of ISRO, Prof. U.R. Rao, and a host of other great pioneering Principals and teachers. Now, 75 years later the student strength has multiplied manifold. New buildings have been constructed, courses and infrastructure has proliferated, traditional courses co-exist with the newer, more challenging and contemporary courses such as Biotechnology, Biochemistry, Microbiology, Electronics, Computer Science, Social Work, Communication and Journalism and UGC sponsored vocational courses (B.Voc) in Health Care Technology, Media & Entertainment and Web Development. Besides, there are 11 Postgraduate courses namely Chemistry, Physics, Computer Science, Biochemistry, Mathematics, Social Work, Economics, English, Communication & Journalism and Commerce. At undergraduate level B.A., B.Sc., B. Com, BBA, BSW, BCA, BTHM (Tourism and Hospitality Management). The college has excellent infrastructure with a digital library, almost all classrooms are equipped with LCD projectors and the entire campus is networked with OFC, Spacious playground and Indoor stadium.
