Foreword

In yet another journey of reflection and celebration, with the latest edition of the Annual Report of the IQAC, it gives me great pleasure to provide a foreword that sheds light on the pivotal role and responsibilities of the Internal Quality Assurance Cell (IQAC).

The IQAC serves as the linchpin of our institution's commitment to continuous improvement and academic excellence. Charged with the task of overseeing and coordinating all activities related to quality enhancement and sustenance, the Chairperson, the Administrative and Academic Heads, the Coordinator, the Co-Coordinator and the team members play multifaceted roles that extend far beyond mere teaching.

At the heart of the IQAC's mandate lies the pursuit of excellence in every aspect of our academic and administrative endeavors. Through meticulous planning, monitoring, and evaluation, the IQAC ensures that our institution adheres to the highest standards of quality assurance, thereby fostering a culture of accountability, transparency, and innovation.

Throughout the academic year 2023-2024, our enthusiastic IQAC with the instrumental support of the IQAC members, ventured on a journey marked by diligence, vision, and unwavering commitment. Together, they spearheaded a series of initiatives aimed at enhancing the quality of education and overall institutional functioning.

Among the myriad activities undertaken under their stewardship, notable highlights include:

Development and Implementation of Quality Enhancement Strategies:

Under the guidance of the IQAC, our institution formulated and implemented comprehensive quality enhancements to address emerging challenges and capitalize on opportunities for growth and development.

Conducting Internal Quality Audits:

Regular internal quality audits were conducted to assess the effectiveness of academic and administrative processes, identify areas for improvement, and recommend corrective measures where necessary.

Facilitating Accreditation Processes:

The IQAC played a vibrant role in facilitating the various segments of the accreditation processes, ensuring compliance with regulatory requirements, and guiding the institution towards achieving and maintaining accreditation from esteemed accrediting bodies.

Promoting Faculty and Staff Development:

Recognizing the major role of faculty and staff in driving institutional excellence, the IQAC organized a plethora of capacity-building workshops, seminars, and training programs to enhance their pedagogical skills, research acumen, and professional development.

Engaging Stakeholders:

The IQAC fostered meaningful dialogue and collaboration with stakeholders, including students, parents, alumni, and industry partners, to solicit feedback, address concerns, and garner support for quality enhancement initiatives.

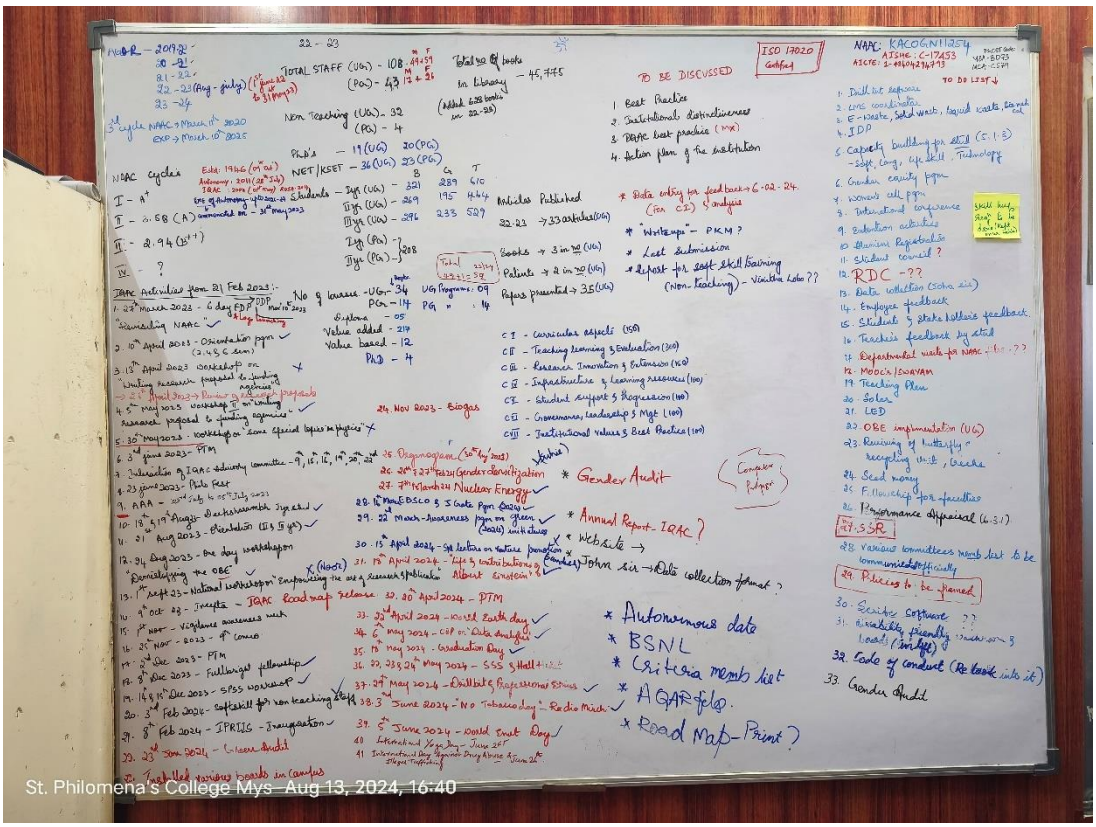

Monitoring and Evaluation of Academic Programs:

Rigorous monitoring and evaluation mechanisms were put in place to assess the efficacy of academic programs, ensure curriculum relevance, its delivery, and promote student-centric learning outcomes.

In essence, the IQAC team served as a catalyst for positive change, driving our institution towards the realization of its vision of academic excellence and holistic development. The solid dedication, strategic acumen, and collaborative spirit of the IQAC and the team members have been instrumental in shaping the trajectory of our institution's journey towards continuous improvement and global competitiveness.

As we celebrate the culmination of another fruitful academic year, I warmly extend my heartfelt appreciation to our esteemed IQAC team members for their exemplary leadership, tireless efforts, and profound impact on the quality and ethos of our institution.

- **A. Thomas Gunaseelan**
  Coordinator, IQAC (21st Feb' 2023 onwards)
  Associate Professor of Physics

Internal Quality Assurance Cell
St. Philomena's College (Autonomous)
Bannimantap, Mysore - 570015

Objective

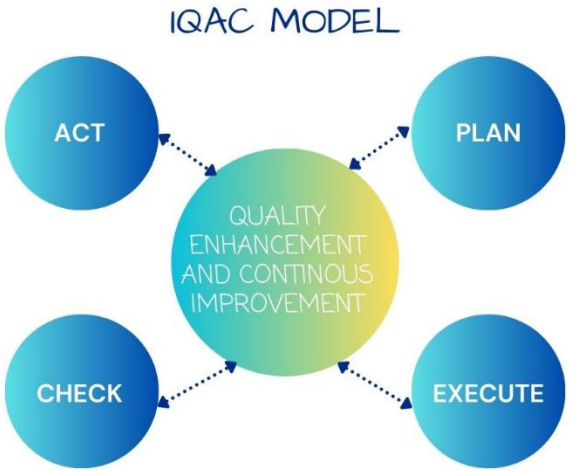

- To live up to the demanding benchmarks
- To enhance the quality of education and research
- To provide a basis for decision making to improve the institutional functioning
- To integrate the modern methods of teaching, learning and evaluation

Vision

- To achieve academic excellence
- To enhance the quality of education
- To ensure the satisfaction of all the stakeholders
- To encourage the research and innovation in teaching and learning methodologies
- To promote a culture of continuous incremental improvement in the overall holistic development of the institution

Mission

- To develop the qualitative parameters leading to constant improvement of all academic and administrative activities
- To propose the best possible action plans which catalyze the overall academic improvement.
- To create the learner – centric environment

Organogram (Prepared by the IQAC)

Activities conducted between March 2023 and August 2024

International Women's Day

Theme: "DigitALL: Innovation and technology for gender equality"

Date: 10/3/2023

Time: 11.00 AM

Venue: Indoor Stadium, St. Philomena's College, Mysore

Number of Participants: 2000 women

Internal Quality Assurance Cell

St. Philomena's college (Autonomous), Bannimantap, Mysore

in collaboration with the Organisation for the Development of People (ODP), Mysore

The Internal Quality assurance cell in collaboration with the *organization for the development of people (ODP) conducted a program on the 10th of Match 2023 in view of International Women's Day on the theme " Innovation and Technology through gender equality" in the Indoor Stadium of St. Philomena's College, Bannimantap, Mysore*.

The program was headed and presided by Most Rev Dr. Barnard Moras. The other guests of honour for the program were Rev. Msgr. Alfred John Mendonca and Rev. Fr. Alex Prashanth Sequeria, Director, ODP, Mysore. After the formal welcome of the gathering, the program was inaugurated by Smt. Gayithri K. M., IAS, zilla panchayat, Mysore by lighting the lamp.

The other chief guests for the programme were Smt. K. C. Divyashree, Chief Superintendent, Central Prison, Mysore and Chhaya Nanjappa, National President of Business Organisation in Women's Association. She spoke about the importance of women in everyone's life and also told how her small enterprise is now making her earn big amount. The message she conveyed to all the women present in the hall was to empower themselves with skills and to grow from what was thought to be impossible to succeed.
Mr. Sheikh Feroz, Police Sub inspector Cyber-crime department spoke about how cybercrime takes place, its consequences, impact and its solutions. He also spoke about some of the cyber-attacks that take place on the pretext of money doubling. The speaker emphasized Cybercrime, especially on social media like Facebook and Instagram lastly, he even urged everyone to dial 1930 the cyber state helpline for any problems that occur.

The management of St. Philomena's Autonomous college then felicitated Sheikh Feroz, the Sub inspector, cyber-crime department for his gracious presence and speech. Lunch was provided to all those were present in the program.

6-Day Faculty Development Programme "Revisiting the NAAC Accreditation and Assessment Process in Autonomous Colleges in the light of NEP"

March 27th to 1st April 2023

The Faculty Development Program aims to foster the most essential qualities for excelling in the educational field. The program aimed to impart and incorporate knowledge, teaching competence, research initiatives, skills, and professional competence for the faculty members in the evolving educational system.

The Faculty Development Program on "Revisiting the NAAC Accreditation and Assessment Process in Autonomous Colleges in the light of NEP" illustrates the magnificent and intellectual framework for educational institutions to acclaim academic milestones.

Day 1

Inauguration of Faculty Development Program

On 27th March 2023, the first day of the program was unveiled with the launching of the IQAC logo stating educational quality assurance and sustenance in an intellectual grandeur manner. The program was exuberantly inaugurated by the intellectual personality Prof. Dr. Richard Gonsalves, Director, Loyola Centre of Research and Innovation, St. Aloysius College, Mangalore. Rev. Dr. Bernard Prakash Barnis, Rector of St. Philomena's Educational Institutions, Dr. Ravi J D Saldanha, Principal, Mr. V Sanjay Nair, Vice Principal-Academic, Mr. Ronald Prakash Cutinha, Vice- Principal- Administration and Mr. A. Thomas Gunaseelan, Coordinator of IQAC graced the program with their elegant presence for the intellectual feast.

Session I – “Keynote Address”

The Chief Guest of the program, Prof. Dr. Richard Gonsalves, Director, LCRI, Associate Professor of Chemistry, Aloysius College, Mangalore delivered his distinguished Keynote Address to the participants with the pragmatic approach for formulating the educational benchmarks for the institutional progress.

Prof. Gonsalves emphasized the need for educational institutions to strive for the educational benchmark through NAAC Accreditation reflecting an embodiment of academic and cultural excellence. Prof. Gonsalves effectively deployed the NAAC Assessment Framework to the participants. He reinstated the magnanimous nature of ICT usage in the modern epoch of education.

Session II on “Mentoring Skills”

Session II of the first day was conducted magnificently by Prof. Mary P Kurien, Associate Professor, Department of Life Skills, St. Philomena's College (Autonomous) on "Mentoring Skills."

Prof. Mary P Kurien emphasized the effective implementation of the Mentoring System in a world bereft of values and ethics. She highlighted that in the modern epoch, there is a need to change the perception of mentoring according to the prevailing contemporary educational challenges. She advised the faculty members to transform the student into universalized person embedded with confidence, values, ethics and competence in the world of media influence.

Day 2

Session III on "NEP –Curriculum Enrichment, POs, COs, CLOs and Attainment"

On 28th March 2023, Session III on the second day of FDP was conducted by Miss. Lydia Vandana, Head of the Department of Biochemistry, St. Philomena's College (Autonomous) on "NEP –Curriculum Enrichment, POs, COs, CLOs and Attainment." Miss. Lydia Vandana emphasized Value-Based Education as a core objective of the institution in the era devoid of values and ethics. She illustrated many situations about Educational Ecosystem as an embodiment of the institution for the further educational breakthroughs.

Session IV- “SWOC and Analysis”

Session IV of the second day was conducted by Dr. Deepa V, Assistant Professor, Department of BBA, St. Philomena’s College (Autonomous) on “SWOC and Analysis.” Dr. Deepa V manifested her talk about SWOC Analysis and its effective framework for educational institutions. She expressed her view that SWOC is a strategic and tactic method for the organization to reach higher heights of its saga. SWOC is an instrumental framework for any organization to function effectively and efficiently with a pragmatic approach.

Dr. Deepa reiterated the tangible and intangible positive aspects of an institution’s strength inclusive of Alumni Support, Students’ Competence, Location, Management Assistance, Nature of Course, Experience, Qualified Faculty, Certificate Courses, Futuristic Outlook, Co-curricular Activities, Cultural Programmes, Training and Placement Cell, Collaborative Activities, Infrastructure, Industrial Visit. She advised that institutions should adhere to the minimalism of weakness and eradicate institutional threats. Transcending educational reformation is much indispensable to face contemporary challenges.

Day 3

Session V- NAAC Criteria 1-4

On 29th of March 2023, the third day of the FDP was effervescently conducted by Dr. S Srinivasa, Associate Professor of Chemistry, Tumkur University, Karnataka and Deputy Adviser, NAAC, Bengaluru on "NAAC Criteria 1-4." Dr. S Srinivasa enlightened the participants to realize the eligibility and benefits of NAAC Assessment and Accreditation for the institution to embrace quality education and globally spread its intellectual wings. Recognized authority like NAAC review provides an opportunity for the institution to introspect the educational stature and planning. Accreditation will assist the internal planning of the institution to meet the requirement of the students.

Session VI- NAAC Criteria 5 -7

Session VI of the third day of FDP was continued by Dr. S Srinivasa on "NAAC Criteria 5-7" and he illustrated pragmatic examples related to Criterion 5 –Student Support and Progression. Participative management of students, Awareness about available scholarships for the students, professional-oriented programs, counseling and competitive examination training, implementation of skill enhancement programs, active functioning of registered Alumni Association, Alumni Contributions for the progress of the institution, students' outstanding performance in academics, cultural and sports representing institution in higher level are indispensable components of the institution.

Day 4

Session VII- "Teachers' Competency under NEP 2020"- Part 1

On 30th March 2023, the fourth day of FDP was conducted eloquently by Dr. (Lt. Col) Prasad S N, Deputy Director and Professor of Strategy and General Management, SDMIMD, Mysuru on "Teachers' Competency under NEP 2020." He expressed his discernment about the effective implementation of NEP, the unconventional education approach with a modernistic kaleidoscope view. He metaphorically compared the contemporary

educational scenarios to the marketing technique known as Compliance Environment. The present challenging education system requires a transitional teacher. Teachers have to strive to teach modern students beyond internet resources resulting standards in quality.

Session VIII- "Teachers' Competency under NEP 2020"- Part 2

Dr. Prasad effectively illustrated Bloom's Taxonomy inclusive to remember, understand, apply, analyze, evaluate and create relational to scientific perception. He re-emphasized the learning outcomes as manifested foundation of the institution to flourish. The course should be designed in such a way and to enrich critical thinking, creativity, communication, analytical thinking, research skills, and scope for the collaborative activities, inclusive in nature, value-centric, responsibility building, accountability, leadership quality, environmental awareness, community engagement, multicultural competence and the culmination of digital skills. He spoke about examinations like NTA NET, B.Ed., Professional-oriented courses and Teacher Eligibility Test as professional competence measures.

Day 5

Session IX on "RDC- A Bird's Eye View and RDC-The Paramount Key of Accreditation and Assessment"

On 31 March 2023, the fifth day of FDP was conducted spectacularly by Mr. Ronald Prakash Cutinha, Vice Principal-Administration, St. Philomena's College (Autonomous) on "RDC- A Bird's Eye View." RDC, Research Development Cell is an institutional window for the promotion of research inclination and temperament among faculty members and students. Successful implementation of RDC is an educational earmarking of excellence. He emphasized the guidelines of the RDC establishment, research work deployment, formation of the research policy and establishment of anti-plagiarism software, Mr. Ronald Prakash Cutinha highlighted the designing of professional ethics, establishment of learning

resource centers, optimum utilization of e-resources, the effective implementation of Information and Library Network Centre (INFLIBNET) and collaborative activities with other research institutions are the benchmark for the institution to reach higher heights in research field. He emphasized the qualitative research inclination through effective implementation of the Research Development Cell for the research decentralization among faculty members.

In continuation with the first session, "RDC-The Paramount of Accreditation and Assessment session was conducted by Dr. Noor Mubasheer C A, Associate Professor and HOD of PG Studies and Research in Social Work, St. Philomena's College (Autonomous) Dr. Noor Mubasheer expressed her views on the concepts like multidisciplinary, trans-disciplinary and transitional culture resulting from the contemporary educational policy. She correlated the Vision and Mission of the Research Development Cell to provide holistic education inclusive of research-promoted activities. She emphasized the essence of enhancing research productivity and collaborative activities by educational institutions and to come out from the barriers to transform institutions as research excelled centers.

Session X on "NEP 2020: Implementation, Challenges and Prospects"

Session X of the fifth day of FDP was conducted in an intellectual grandeur manner by Dr. Sanjeev Kumar Sharma, UGC Nominee, Vice-Chancellor, Mahatma Gandhi Central University, Motihari, Bihar and Former HOD of Political Science on " NEP 2020: Implementation, Challenges and Prospects." Dr. Sharma illustrated the higher education scenario in India and the drastic fall down in students' strength after NEP implementation. He expressed his deep concern for the student's attendance status and strength in all the higher educational institutions that have been badly impacted in the post-pandemic epoch. The pandemic effect was both constructive and pessimistic impacts in the contemporary educational system. Dr. Sharma restated NEP implementation is an academic boon amidst of educational chaos and it has got many wings including interdisciplinary and multidisciplinary methods as opportunities for students to fly higher in reaching the educational milestones.

Day 6

Valedictory of Faculty Development Program

Keynote Address on “NAAC Accreditation: Institutional Challenges”

On 1st April 2023, the last day of the FDP an intellectual pragmatic and interactive Keynote Address was delivered by Prof. A. Balasubramanian, Former Pro Vice-Chancellor, Pondicherry University and Director of EMMRC on “NAAC Accreditation: Institutional Challenges”. He appreciated the institution's striving effort to organize FDP to provide quality education. He suggested employment consistency as a key to institutional success.

The Faculty Development Program came to an end with the Vote of Thanks proposed by Mr. A Thomas Gunaseelan, IQAC Coordinator, St. Philomena’s College (Autonomous) and Feedback was taken by all the participants for the evaluation of 6-day Faculty Development Program.

St. Philomena's College, Autonomous, Mysore

Orientation Program for UG Students-2023

10th April 2023

The Orientation Program for the UG students was successfully embarked and unveiled with the gracious presence of Dr. Bernard Prakash Barnis, Rector of St. Philomena's Educational Institutions, Rev. Fr. Maria Xavier Sunil, the Vice Rector, Rev. Fr. Praveen K Gregory, Campus Administrator, Rev. Fr. Christopher S J, Assistant Rector, Dr. Ravi J D Saldanha, Principal, Mr. V Sanjay Nair, Vice Principal- Academic, Mr. Ronald Prakash Cutinha, Vice- Principal- Administration, Mr. A Thomas Gunaseelan, IQAC Coordinator, Mr. M Nagaraj Urs, the Academic Dean and Miss. Lydia Vandana, Controller of the Examinations in the Indoor Stadium. Dr. Deepa V, Assistant Professor, Department of BBA welcomed the dignitaries and the gathering for the captivating semester commencement.

The first session was handled by Dr. Ravi J D Saldanha, Principal of our college, about the transcending educational system and new policies adapted in the college for the even semester. He emphasized the effective implementation of the ERP module, and the students should adhere to the mandatory attendance of 75% for the minimum eligibility to appear for the semester examination.

The second session was effectively engaged by Mr. N Nagaraj Urs, the Academic Dean on "NEP 2023 Programs and Framework" and he illustrated new guidelines and the importance of credits essential and CGPA Analysis

Miss. Peria Nayagammal S, Physical Education Director stated the magnificent function of sports for the holistic development of the students in any educational institution and advised the students to adhere to the attendance rules and regulations and informed them about the class timings. Dr. Alphonsus D'Souza, Associate Professor of Chemistry and UUCMS Coordinator instructed the students to have awareness of UUCMS usage, checking Internal Assessment Marks and Course Registration procedures. Mr. Ronald Prakash Cutinha, Vice-Principal- Administration reiterated the tremendous transition through the ERP system for uninterrupted academic activities.

The organized Orientation Program helped to accomplish the institution's essence to convey new educational transformation and instruct students to adhere to rules and regulations for a conducive-oriented environment.

Research and Development Cell (RDC)

Workshop on "Writing Research Proposals to Funding Agencies" Part I

Date: 13th April 2023 **Time: 2.30 PM**

Venue: Data Analysis Centre, St. Philomena's College

Introduction:

The organization of the workshop in the institution helped to promote research inclination and the scientific temperament among faculty members to meet the contemporary educational requirements. The workshop provided a platform for intellectual deliberation pertaining to the research area. The workshop aimed to nurture research culture in institutions for the pathway to the world of innovation. The workshop was intellectual assistance and encouraged the faculty members to publish qualitative research papers for the accomplishment of educational milestones in higher education.

Objectives:

- To nurture scientific inclination among academicians of the institutions.
- To promote research sustainability for the growth of educational institutions.
- An insight into the method of research proposal writing.
- To encourage the optimum utilization of funding agencies for the research promoting work.
- To inculcate and encourage research culture among faculty members.

Report

The Internal Quality Assurance Cell (IQAC) of St. Philomena's College (Autonomous), Mysore in collaboration with the college Research and Development Cell (RDC) organized an effectuated Workshop on "Writing Research Proposals to Funding Agencies" on 13th April 2023 in Data Analysis Centre of the college.

Dr. Deepa V, Assistant Professor, Department of BBA welcomed the dignitaries and the staff members. Miss. Vincy S, Assistant Professor, Department of Food Science and Nutrition introduced the Guest Speaker of the program Dr. Premkumara G S, DoS in Economics, Sir M V PG Centre, Tubinakere, University of Mysore, Mandya.

Dr. Premkumara G S delivered an eloquent speech on the objectives of Writing Research Proposals to Funding Agencies. He stated the remarkable role of writing research papers and getting financial grants. He illustrated the kind of qualitative research proposals the agencies might fund and suggested there should be an equal inclination from funding agencies, institutions, and researchers. He emphasized the preparedness of the researchers to work on prolific research papers to get funds before they start writing the proposal. He restated the prominence of the educational institution to work for the long-term goals inclusive of the research growth of an institution.

He emphasized the notable elements of good research writing including research aptitude and analytical ability for the sustenance of research quality. He suggested faculty members intellectually strengthen the institution through comprehensive plans and research-inclined works. He concisely explained the necessary criteria and steps involved in writing a proposal including a Title, an Introduction, a Review of Literature, and the Statement of the Problem, an Objective, a Hypothesis, Methodology, Outcomes, Resources, Budgeting, and Evaluation. He demonstrated the sample proposals which were submitted to the

government funding agencies like the Forest Ministry and ICSSR. The session ended with much beneficial panel discussion and resulted in intellectual deliberation among faculty members.

The organized Workshop on “Writing Research Proposals to Funding Agencies” benefitted the faculty members and encouraged an effective research culture and it was an insight for the educational institutions to revisit research-centric works.

Workshop on “Writing Research Proposals to Funding Agencies- Part II”

Date: 05th May 2023 **Venue: Data Analysis Centre**

The Internal Quality Assurance Cell (IQAC) of St. Philomena’s College (Autonomous), Mysore in collaboration with the college Research and Development Cell (RDC) organised an effectuated Workshop on “Writing Research Proposals to Funding Agencies Part-II" on 5th of May 2023 in Data Analysis Centre of the college. Dr. S. Krishnaveni, Professor and Head of Physics Department, BoS, University of Mysore, Manasagangotri, Mysuru was invited as the Chief Guest for the intellectual deliberation on “Writing Research Proposals to Funding Agencies Part-II."

Dr. S. Krishnaveni, an eminent scholar and researcher in the field of Physics, effectuated her presentation with the most essential need of academic progress to inculcate research inclination and encouraged faculty members to vest their academic intellect for the research sustainability in higher education. She emphasized the foremost thing in writing a proposal for a funding agency is to have appropriate methods for the proposal preparation and approaching agencies with quality and relevant proposals.

Dr. Krishnaveni also stated to take the optimum utilization of the local and state government, NGOs, national, international and other funding agencies like the Building Material Technology Promotion Council (BMTPC), Ministry of Education, Ministry of Non-conventional Energy Sources, Ministry of Science and Technology as the government recognized bodies and Vision Group on Science and Technology (VGST) as the state-recognized agency for the research proposals.

She concluded her intellectual deliberation with the demonstration on “Applying for the Funding Agency of VGST” and instructed the institution to work effectively to establish the institution’s research wings for quality education.

IQAC and Management's Interaction with the Departments of St. Philomena's College (Autonomous), Mysore Dates: 15th, 16th, 19th, 20th and 22nd June 2023

The Internal Quality Assurance Cell (IQAC) of St. Philomena's College (Autonomous), Mysore together with the management members held interactive sessions with various departments on 9th, 15th, 16th, 19th, 20th and 22nd June 2023 to take stock of the readiness of the department members in facing the upcoming assessment and accreditation of the college. All the teaching faculty of the various departments interacted with the team and provided their observations and suggestions for improving the quality of education. The schedule of visit is as follows:

09th June 2023: Departments interacted are Commerce, Management, Tourism and Hotel Management. Time: 4:30 pm Venue: UG Conference Hall

15th June 2023: Departments interacted are English, Kannada, Hindi, French and Malayalam. Time: 4:30 pm Venue: UG Conference Hall

16th June 2023: Departments interacted are Urdu, Tamil, Botany and Zoology. Time: 4:30 pm Venue: UG Conference Hall

19th June 2023: Departments interacted are Life Skills, Environment Science, History, Political Science and Sociology. Time: 4:30 pm Venue: UG Conference Hall

20th June 2023: Departments interacted are Criminology, Psychology, Christianity, Social Work, Journalism and Food & Nutrition. Time: 4:30 pm Venue: UG Conference Hall

22nd June 2023: PG Departments interacted are English, Physics, Mathematics, Journalism, Social Work. Time: 4:30 pm Venue: UG Conference Hall

Report on Interactive Sessions Held by the Internal Quality Assurance Cell (IQAC) of St. Philomena's College (Autonomous), Mysore

Introduction

The Internal Quality Assurance Cell (IQAC) of St. Philomena's College (Autonomous), Mysore, conducted a series of interactive sessions in June 2023. These sessions aimed to assess the readiness of various departments for the upcoming assessment and accreditation process of the college. In total, six sessions were held between June 9 and June 22, 2023, where teaching faculty from different departments shared their observations and suggestions for enhancing the quality of education.

Objectives of the Sessions

1. **Assessment Readiness**: To gauge the preparedness of departments for the upcoming accreditation.
2. **Feedback Collection**: To gather insights and suggestions from faculty members regarding current practices and potential improvements.

3. **Quality Improvement**: To discuss strategies for enhancing the quality of education provided by the college.

Schedule of Interactive Sessions

1. June 9, 2023

- **Departments Interacted**: Commerce, Management, Tourism, and Hotel Management
- **Time**: 4:30 PM
- **Venue**: UG Conference Hall

2. June 15, 2023

- **Departments Interacted**: English, Kannada, Hindi, French, and Malayalam
- **Time**: 4:30 PM
- **Venue**: UG Conference Hall

3. June 16, 2023

- **Departments Interacted**: Urdu, Tamil, Botany, and Zoology
- **Time**: 4:30 PM
- **Venue**: UG Conference Hall

4. June 19, 2023

- **Departments Interacted**: Life Skills, Environmental Science, History, Political Science, and Sociology
- **Time**: 4:30 PM
- **Venue**: UG Conference Hall

5. June 20, 2023

- **Departments Interacted**: Criminology, Psychology, Christianity, Social Work, Journalism, and Food & Nutrition
- **Time**: 4:30 PM
- **Venue**: UG Conference Hall

6. June 22, 2023

- **Departments Interacted**: PG Departments (English, Physics, Mathematics, Journalism, Social Work)
- **Time**: 4:30 PM
- **Venue**: UG Conference Hall

Summary of Interactions

During these sessions, faculty members from various departments actively participated in discussions with the IQAC team. The key themes and suggestions emerged from the sessions include:

1. Curriculum Development

- Need for updating the curriculum to align with current industry standards and academic advancements.
- Incorporating more interdisciplinary approaches to enhance students' learning experiences.

2. Teaching Methodologies

- Encouragement for faculty to adopt innovative teaching methods, including the use of technology and interactive learning.
- Suggestions for faculty development programs to improve teaching skills and pedagogy.

3. Assessment Strategies

- Recommendations for diversifying assessment methods to include formative assessments alongside traditional exams.
- Emphasis on feedback mechanisms to better inform students about their performance.

4. Research and Development

- Highlighting the importance of fostering a research culture among both faculty and students.
- Suggestions for collaboration between departments to facilitate interdisciplinary research projects.

5. Student Support Services

- Discussions on enhancing support services for students, including counseling, career guidance, and mentorship programs.
- Suggestions for organizing workshops and seminars focused on skill development.

Conclusion

The interactive sessions held by the IQAC of St. Philomena's College provided a valuable platform for faculty members to express their views on various aspects of educational quality and readiness for accreditation. The insights gathered during these sessions will play a crucial role in shaping the college's strategies for continuous improvement. The collective effort of the faculty members and the management underscores the institution's commitment to excellence in education.

Detailed Report on the Academic and Administrative Audit Committee Visit to St. Philomena's College (Autonomous), Mysore (03rd July – 05th July 2024)

Introduction:

From 3rd to 5th July 2024, an Academic and Administrative Audit Committee visited St. Philomena's College (Autonomous), Mysore. The committee was comprised of three distinguished members:

1. **Rev. Dr. Arockiasamy Xavier S.J.**, Principal, St. Joseph's College (Autonomous), Tiruchirapalli, Tamil Nadu.
2. **Prof. Dr. Richard Gonzalves**, Retired Professor of Chemistry, St. Aloysius College (Autonomous), Mangalore, Karnataka.
3. **Dr. Sony Kuriakose**, IQAC Coordinator, Nirmala College, Muvattupuzha, Kerala.

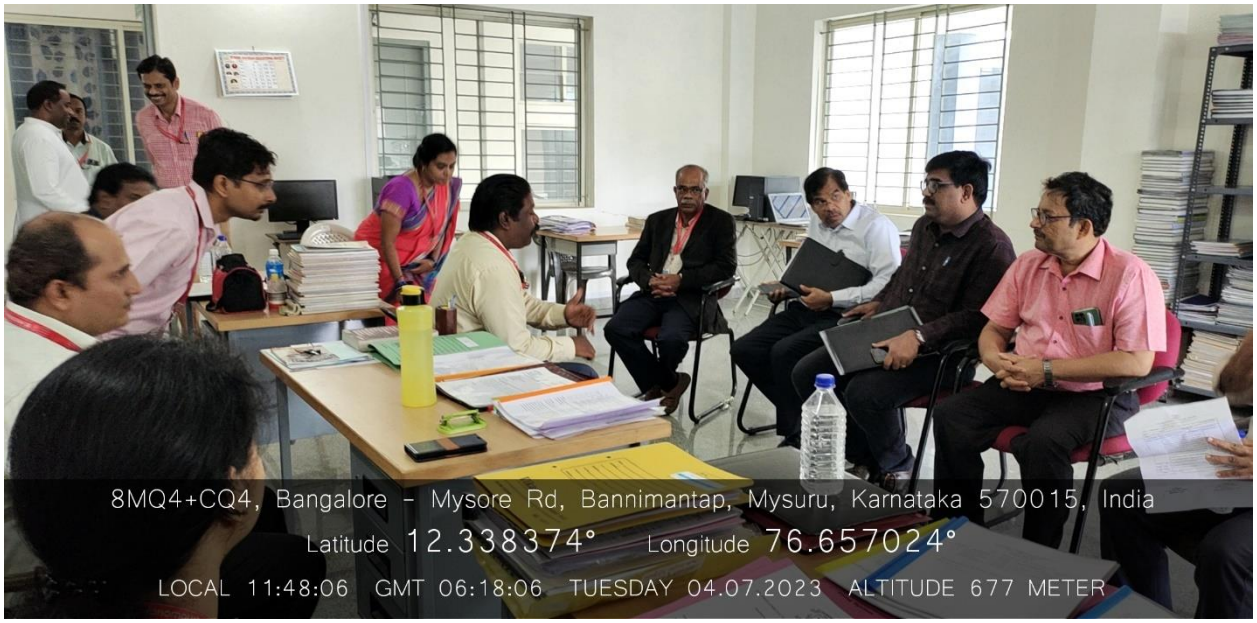

The visit aimed to review the academic and administrative functioning of the institution, ensure the quality of educational services, and provide constructive feedback for future improvements.

Visit Overview:

The committee conducted a thorough inspection of the entire campus and its facilities. They evaluated various departments, academic and administrative offices, and infrastructure supporting both academic and student life. The key areas visited include:

- **Academic Departments**: All departments, from Arts and Science to Commerce and Management, were reviewed. The teaching methodologies, curriculum, and departmental resources were discussed.
- **Offices**: Administrative and academic offices were inspected to understand the day-to-day operations and the efficiency of administrative support.
- **Student Residences**: Hostels were reviewed for living conditions, facilities, and student support services.
- **Library**: The committee assessed the library's collection, digital resources, and access for students and faculty.
- **Classrooms & Laboratories**: Physical infrastructure supporting teaching, such as laboratories and classrooms, was inspected for adequacy and modernity.
- **Other Facilities**: The audit included specialized facilities such as the studio, bakery, paper recycling plant, and rainwater harvesting units.

Beyond the core academic spaces, the committee also visited the:

- **Butterfly Garden**: An eco-friendly initiative by the college.
- **Herbarium** and **Zoological Museum**: Both reflecting the college's commitment to research and environmental conservation.
- **Accessibility features** such as ramps, lifts, and restrooms for people with disabilities.

Additionally, the committee explored the college's various events and sports facilities, including:

- **Conference halls**, **auditorium**, **indoor stadium**, **gymnasium**, and **sports fields**.
- **Parking lots**, ensuring adequate space for students and staff.

Interactions:

Throughout their visit, the committee held detailed interactions with multiple stakeholders:

- **Management**: The committee met with the Principal, Vice Principal (Academic), Vice Principal (Administration), and other senior leaders to understand the leadership structure, vision, and challenges faced by the college.
- **Faculty & Staff**: They interacted with the teaching, non-teaching, support, and maintenance staff to gather feedback on institutional functioning and staff welfare.
- **Students**: The committee conducted discussions with various student groups, including:
    - Hostel inmates, NCC Cadets, NSS volunteers, Rovers and Rangers, and Red Cross members.
    - Student athletes, cultural ambassadors, foreign students, and those from different Indian states.

These interactions provided insights into student experiences, extracurricular engagement, and institutional inclusivity.

Key Observations:

1. **Infrastructure**: The college boasts impressive infrastructure with well-maintained facilities, though some areas may require modernization or expansion to meet growing demands.
2. **Academics**: The departments were found to be active, but the committee recommended improvements in research facilities and interdisciplinary programs.
3. **Sustainability Initiatives**: The rainwater harvesting units, paper recycling plant, butterfly garden, and herbarium showcased the institution's strong environmental focus.
4. **Student Engagement**: The variety of student groups indicates a vibrant student community, though more structured support for foreign and out-of-state students was suggested.
5. **Accessibility**: The college has made efforts to ensure accessibility for all, with ramps and lifts available. However, continued monitoring of accessibility features was recommended.
6. **Administrative Efficiency**: The administrative offices were functioning smoothly but could benefit from enhanced digitalization for better record management and processing times.

Recommendations:

1. **Curriculum & Teaching**:

- Introduce more interdisciplinary courses and electives.
- Strengthen the use of technology in teaching.
- Encourage faculty development programs and research collaborations.

2. **Student Welfare**:
    - Establish a dedicated office to support international and out-of-state students.
    - Enhance hostel facilities by introducing modern amenities and improving security measures.
3. **Infrastructure Development**:
    - Upgrade laboratory equipment and digital infrastructure in classrooms.
    - Expand sports and recreational facilities to accommodate the growing student population.
4. **Green Initiatives**:
    - Scale up sustainability projects such as rainwater harvesting and campus greening.
    - Integrate more eco-friendly practices in daily operations.
5. **Administrative Reforms**:
    - Streamline administrative processes through digital platforms for student services and faculty administration.
    - Encourage participatory decision-making involving faculty and students.

Conclusion:

The Academic and Administrative Audit Committee's visit to St. Philomena's College (Autonomous), Mysore, was comprehensive and resulted in constructive feedback aimed at enhancing both the academic and administrative aspects of the institution. The committee commended the college's dedication to student development and sustainability while suggesting areas for modernization and growth. Their recommendations, if implemented, would further elevate the standards of education and student life at the college.

DEEKSHARAMBH 2023-24
– A Student Induction Programme for the First-Year students
18th& 19th August 2023 at Indoor Stadium

"Deeksharambh 2023-2024" 2 days student induction programme was organized by the Internal Quality Assurance Cell of St. Philomena's College (Autonomous) for the first-year students of 2023-24 on 18th August 2023 in the college indoor stadium at 9.30 AM. Rev. Fr. Praveen K Gregory invoked God's blessings through the prayer song. The dignitaries on the dais lighted the lamp and Rev. Dr. Bernard Prakash Barnis inaugurated the programme with a prayer.

Prof. Thomas A Gunaseelan, IQAC Coordinator welcomed the dignitaries such as Rev. Dr. Bernard Prakash Barnis, Rector, St. Philomena's Educational Institution, Rev. Fr. Praveen K Gregory, Campus Administrator, Dr. Ravi J D Saldanha, Principal, Prof. Nagraj Urs, Vice Principal Academic, Mr. Ronald Prakash Cutinha, Vice Principal Administration, Mrs. Lydia Vandana, Controller of Examination and all the academic heads, parents, teaching and non-teaching staff and students.

Dr. Ravi J D Saldanha addressed the gathering on Deeksharambh. He congratulated the parents for choosing and admitting their children to get educated with the college which has a legacy of 76 years. He spoke about the college website and all the updates which will be published on the website. He also introduced all the administrative and academic heads to the students and parents. He briefed the gathering about the programmes and courses offered in the college and gave the detailed information about the rules and regulations to be followed by the students, asked them to involve themselves in co-curricular and extracurricular activities and wished them a good luck for all the future endeavors.

Prof. Nagraj Urs, Vice Principal (Academic), elaborated on the NEP System and courses which are offered to students. He emphasized the continuous comprehensive evaluation system.

Mr. Ronald Prakash Cutinha briefed the students about the library resources that are available in college. He said students to make use of the library and benefits of reading book.

Mr. Sunil D'Souza, ICT Coordinator, explained about the student application, its login process and credentials. He also said that each and everything will be updated in the student app such as attendance status, marks, timetable, mentor and mentee communication, circulars, etc. The programme was concluded at 12.30 PM and was continued with the campus tour for students.

Orientation Program for second and final-year students

Date: 21/8/2023

Venue: Indoor Stadium

The Orientation Program for second and final-year students at St. Philomena's College was held to mark the beginning of the new academic year. This event, organized with the participation of faculty, staff, and students, was an important milestone in welcoming back the students and providing them with guidance and inspiration for their academic journey.

The program was graced by the presence of the esteemed Rector, Rev. Dr. Bernard Prakash Barnis, whose leadership continues to drive the institution towards excellence. Along with him, several dignitaries from the institution's administration, including the Vice Rector, Campus Administrator, and Assistant Rector, also attended the event. Their presence underscored the institution's commitment to student growth and holistic development.

One of the key aspects of the program was the involvement of faculty members and administrative staff, each of whom played an integral role in ensuring the success of the event. The Principal, Vice Principals, and academic coordinators worked together to organize the event, ensuring that it ran smoothly and met its objectives. Additionally, the Controller of Examinations and the IQAC Coordinator contributed significantly to the program, highlighting the collaborative effort of all departments within the institution.

The program featured valuable contributions from the technical staff, who worked behind the scenes to manage logistics and technology, ensuring that the event was conducted flawlessly. The commitment of the teaching and non-teaching staff was evident throughout the event, as their combined efforts enabled the program to deliver both inspiring messages and practical guidance to the students.

Students, who are at the heart of every event at St. Philomena's College, participated enthusiastically. Their engagement during the program reflected their eagerness to embark on another year of academic and personal growth. The event provided them with a sense of direction and motivation, preparing them to tackle the challenges ahead with confidence.

In conclusion, the Orientation Program successfully brought together students, faculty, and staff, reaffirming the values of St. Philomena's College and setting the stage for a productive and fulfilling academic year. The collaborative efforts of everyone involved ensured that the event not only welcomed students back to campus but also inspired them to continue striving for excellence in their academic pursuits.

Workshop on 'Demystifying Outcome Based Education (OBE)"

24th August 2023 at the College Auditorium

Resource Persons:

1. Dr. Mendus Jacob, M.D & C.E.O - IPSR Solutions Limited, Valin Technologies, UK, USA, Canada. Professor & Director MCA, Marian College, Kuttikkanam (Autonomous).

2. Dr. Sunil Job K.A Chief of Academic Solutions - IPSR Solutions Limited, Adjunct Faculty, Marian College, Kuttikkanam (Autonomous).

Assessment and Accreditation Council (NAAC) requirements.

Inauguration: The workshop inauguration commenced with a ceremonial watering the sapling and a prayer song, setting a reverent tone for the day's proceedings. Addressing the gathering, Mr. Thomas Gunaseelan, IQAC Coordinator, extended a warm welcome and underscored the profound significance of Outcome-Based Education (OBE) in the realm of academia. This insightful introduction session served as a bridge, preparing the participants for the enriching content to be covered in Session 1. The inaugural session saw the presence of Dr. Ravi J D Saldanha, Principal, Prof. Othbert Pinto, PG Director, Mr. A. Thomas Gunaseelan, IQAC Coordinator, Ms. Lydia Vandana, Controller of Examination, and Dr Noor Mubasheer CA, PG Dean of St. Philomena's College.

Session I: 10.00 am – 11.30 am

Topic: "Bloom's Taxonomy" & Hands-on activities Preparation of Questions based on Bloom's Taxonomy"

Resource Person: Dr. Sunil Job

In this informative session 1, participating faculty explored the educational framework known as Bloom's Taxonomy. Dr. Job took us through the Taxonomy framework which classifies cognitive learning objectives into six levels, beginning with Remembering and progressing to Creating. The session introduced the taxonomy's hierarchical model, depicted as a pyramid, which guides educators in scaffolding learning experiences from

basic knowledge to higher-order thinking. Additionally, he explained to the participants the revised version of the taxonomy, introduced in 2001, which refined the descriptions of each level.

The practical application of Bloom's Taxonomy in hands-on activities was a key focus. Faculty from Sciences, Commerce & Humanities were encouraged to design questions aligned with specific cognitive levels, enabling them to create engaging and effective learning experiences. The session provided examples of hands-on activities and corresponding questions to illustrate how taxonomy can be integrated into teaching practices.

Session II:11.40 am – 1.00 pm

Topic: "Architecture of OBE, design, and mapping of Outcomes" & Hands-on activities - Design of Outcomes and mapping

Resource Person: Dr. Mendus Jacob

In this session II, Dr. Jacob started pointing at the basic pedagogical paradigm shift focusing on redirecting the core of education from a traditional teaching-centered approach to a more dynamic and student-centered learning-centric model. During the session, participants gained a comprehensive understanding of the essential principles that underpin OBE, which include the necessity for clear and concise learning outcomes, the alignment of curriculum with program objectives, a continuous improvement cycle, employing assessments primarily for the purpose of enhancing learning, and active engagement to ensure educational relevance.

The session delved into the intricate process of designing educational outcomes, beginning with the design of Program Outcomes (PO), which serve as the guiding star for an entire program of study and resonate with the overarching mission and goals of the institution. The focus then shifted to Program Educational Outcomes (PEO), which provided a more specific view, detailing the knowledge, skills, and attitudes that graduates should possess upon program completion, taking into consideration broader societal needs. The teaching faculty also explored the concept of Program Specific Outcomes (PSO), which caters to specialized areas within a program, offering tailor-made learning objectives to meet industry or niche requirements. Furthermore, the session elucidated the creation of Course Outcomes (CO), which maps back to PEOs and POs, and Course Learning Outcomes (CLO), breaking down COs into granular, actionable objectives that guide lesson planning and assessments. The highlight of the session was the integration of hands-on activities into the OBE framework.

Session III: 2.00pm – 3.30 pm

Topic: "Attainment Calculation and useful analytics for Accreditation" & "Best practices and the Road ahead"

Resource Person: Dr. Mendus Jacob& Dr. Sunil Job

Participants were immersed in a comprehensive exploration of attainment calculation and its relevance in the context of accreditation in an enlightening session. The session commenced with a focus on the vital practice of mapping Program Outcomes (POs) to

Course Outcomes (COs), emphasizing the alignment between program-level objectives and course-level outcomes, a critical facet of accreditation processes. Weightage mapping emerged as another pivotal aspect, underlining the need to assign relative importance to outcomes, a process necessitating stakeholder engagement and consensus.

The session showcased the indispensable role of analytics in accreditation, introducing participants to a range of analytical tools and techniques. Analytics were portrayed as valuable assets for evidence-based program evaluation and the creation of robust accreditation reports. Moreover, participants actively shared and discussed best practices in attainment calculation, fostering a collective repository of effective assessment strategies.

Concluding with a forward-looking perspective, the session highlighted emerging trends and technologies that are poised to reshape educational assessment. These include artificial intelligence and machine learning, emphasizing the need for continued professional development and collaboration to stay current with evolving accreditation standards and practices.

Valedictory:

The valedictory session of the Workshop on Outcome-Based Education marked the culmination of a rewarding journey, graced by the presence of distinguished individuals including Dr. Ravi J D Saldanha, Principal; Prof. Othbert Pinto, PG Director; Mr A. Thomas Gunaseelan, IQAC Coordinator; Ms. Lydia Vandana, Controller of Examination; and Dr Noor Mubasheer CA, PG Dean of St. Philomena's College. Faculty members enthusiastically shared their feedback, expressing their appreciation for the workshop's comprehensive content and practical relevance. Certificates of participation were then presented to acknowledge their dedication. A vote of thanks to all, including the resource persons, facilitators, and participants, was extended by Dr. Deepa V, Dept. of BBA, highlighting the collaborative spirit.

National-Level Workshop: Empowering the Art of Research and Publication Skills

Date: September 1, 2023

Venue: Conference Hall, St. Philomena's College, Mysuru

Organized by: Department of Post Graduation Studies in Social Work in association with the Research Development Cell (RDC) and Internal Quality Assurance Cell (IQAC) of St. Philomena's College, Bannimantap, Mysuru

Resource Person: Dr. K. S. Ali, M. Lib. Sc., PhD, Deputy Librarian and Assistant Professor, Central Library and Dept. of Library & Information Science, Yenepoya (Deemed to be University), Mangalore, Karnataka Objective: The National-Level Workshop on Empowering the Art of Research and Publication Skills, held on September 1, 2023, at St. Philomena's College, Bannimantap Mysuru, was a significant event aimed at emphasizing the importance of promoting quality research integrity and publication ethics among faculty and research scholars.

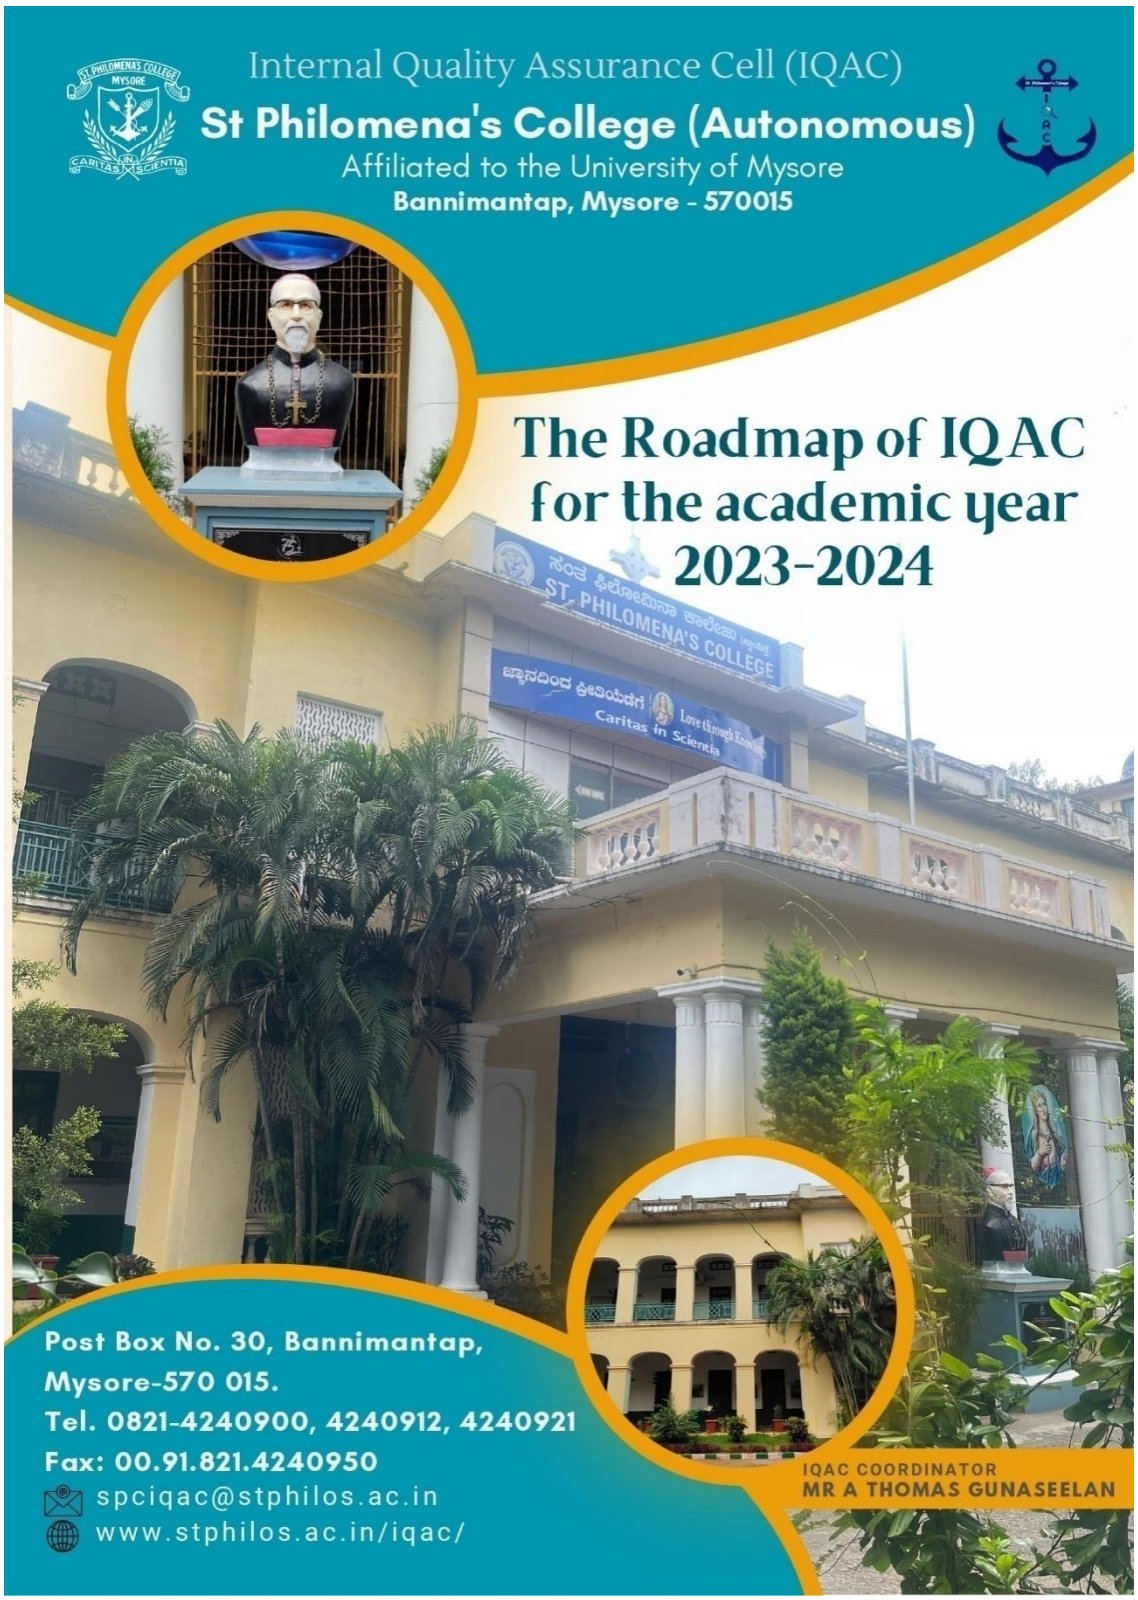

The workshop provided valuable insights into scholarly publications, available platforms, university ranking agencies, research metrics, and practical tools for research and

publication. Inauguration: The workshop commenced with a ceremonial inauguration at 10:30 a.m., marked by the lighting of a lamp and a prayer song. Additionally, a handbook authored by Dr. Noor Mubasheer CA, PG Dean titled “A Handbook for Social Work Practice in Mysuru” was launched. Prof Othbert Pinto, PG Director, addressed the gathering, highlighting the technological transformation in the contemporary world and the role of observation, knowledge, and innovation in driving societal change. Dr Ravi J D Saldanha, Principal, stressed the importance of acquiring research skills as academicians and noted the prominence of research in the New Education Policy 2020 (NEP). Morning Session: The morning session, starting at 11 a.m., featured Dr. Ali's presentation on the importance of scholarly publications in academic institutes. He emphasized the significance of scholarly publications and elucidated available platforms for publishing research works.

The session covered the benefits of scholarly publication, university ranking agencies such as NIRF, NAAC, and ARIA, and provided insights into SCOPUS, Web of Sciences, UGC care list, and SCIMAGO. Dr. Ali also explained the distinctions between index, non-index, and predatory journals, shedding light on potential publication scams. He delved into the importance of research metrics and provided guidance on calculating research metric scores. Afternoon Session: The afternoon session, commencing at 1:45 p.m., engaged participants in hands-on activities focused on the significance of research and publication tools. Dr. Ali guided participants in practical exercises on their laptops to deepen their understanding. He provided comprehensive training on using Mendeley Desktop and demonstrated how to publish articles in suitable journals using tools such as Journal Guide, EDANZ, and JANE. The session further explored the integration of libraries in the research support system and included a segment on converting research articles to various journal formats using AI tools like Typeset/SCISPACE. Overall Experience: The workshop was marked by active engagement, well-organized lunch arrangements, and the distribution of research kits to all registered participants. The event garnered attendance from more than 30 participants, including students, faculty, and research scholars. Distinguished individuals such as Rev. Dr. Bernard Prakash Barnis, Rector, Rev. Fr. Christoper SJ, Asst. to Rector, Dr. Ravi J D Saldanha, Principal, Prof. Othbert Pinto, PG Director, Mr. A. Thomas Gunaseelan, IQAC Coordinator, and Dr. Noor Mubasheer CA, PG Dean of St. Philomena’s College, graced the workshop with their presence. Conclusion: In conclusion, the National-Level Workshop on Empowering the Art of Research and Publication Skills proved to be an enriching experience for all participants. Dr. Ali's informative sessions and practical demonstrations equipped attendees with valuable knowledge and skills necessary for successful research and publication endeavours. The event exemplified the commitment of St. Philomena’s College to fostering a culture of research excellence and academic integrity. Participants expressed their feedback, and Sherly Antony, Assistant Professor in the Department of Social Work, conveyed a vote of thanks to conclude the day's sessions. This workshop undoubtedly contributed to the advancement of research and publication skills among the academic community.

Release of IQAC Roadmap 2023-2024

09th October 2023 at Auditorium.

"INCEPTA – 2023" – The Commemoration and Celebration of the Establishment Day (09th Oct 1946) of St. Philomena's Educational Institutions October 9, 2023

The 77th establishment day (***INCEPTA-2023***) of St. Philomena's College, Mysore was celebrated on October 9, 2023, in the college auditorium, as an initiative of the Internal Quality Assurance Cell (IQAC). The occasion was graced by Rev Dr Bernard Prakash Barnis, Rector, Rev Fr. Maria Xavier, Vice Rector, Rev. Fr. Praveen Kumar Gregory, Campus Administrator, Rev Fr. Christopher S J, Assistant Rector, Dr. Ravi J D Saldanha, the Principal of the college. Mr. Nagaraj Urs M and Mr. Ronald Prakash Cutinha, Vice Principals for Academics and Administration respectively, Prof. Othbert Pinto, PG Director, Ms. Lydia Vandana, Controller of Examination, Mr. Sunil D'Souza, the PU Principal, and Mr. P. Bhagavanth, PU Vice-Principal, were also present during the celebration.

This idea of INCEPTA-2023 was mooted by Mr. A Thomas Gunaseelan, the IQAC Coordinator, and the IQAC team played a pivotal role in ensuring the success of the event.

The programme was compered by Rev. Sr. Angeline Vimal of English department followed by a welcome dance by the PU students. Dr. Deepa V of the BBA department welcomed the gathering. Rev. Dr. Bernard Prakash Barnis, the Rector, blessed the occasion with a prayer.

A documentary video produced by the IQAC team; on the 77 years glorious journey of the college was screened during this event. Later, the Principal Dr. Ravi JD Saldanha recollected the nostalgic memorable moments of St. Philomena's College in a grand scale. Along with this the Roadmap of IQAC for the academic year 2023-2024 was released by the dignitaries present. And the Philoline Vol.1, issue 02 was also released. The Vice Principal (Administration), Mr. Ronald Prakash Cutinha, proposed the vote of thanks.

In fervour, the event was witnessed by the entire staff (teaching and non-teaching), including members from the Pre-University College, Degree College, and Postgraduate departments of St. Philomena's College (Autonomous). The collective efforts of everyone involved made the 77th establishment day celebration a memorable and successful event, reflecting the spirit and commitment of St. Philomena's College to academic excellence and institutional growth.

VIGILANCE AWARENESS WEEK 2023

DATE: 30-10-2023

St. Philomena's College, Mysore, observed Vigilance Awareness Week 2023 with great enthusiasm and commitment on the 30th of October 2023, in the college auditorium. This observance, held from 30th October to 5th November 2023, aimed to promote the theme of "Administering the Integrity Pledge" among the college community, emphasizing the importance of integrity and combating corruption. The event was organized by the Internal Quality Assurance Cell (IQAC) led by the IQAC Coordinator, Mr. Thomas Gunaseelan, an Associate Professor at the institution.

The event was presided over by the esteemed Principal, Dr. Ravi JD Saldanha, who set the tone for the proceedings. The central theme of the observance, "Say No to Corruption, Commit to Nation," was eloquently expounded upon by Mr. Anand C, the Head of the Department of Political Science, who delivered the keynote address. Mr. Anand's insightful talk shed light on the far-reaching consequences of corruption and the vital role that each citizen plays in upholding the integrity of the nation.

The program included a captivating video clip presentation that showcased teaching and non-teaching staff, as well as students, taking the integrity pledge. This visual representation served as a powerful reminder of the collective commitment to combat corruption within the college community. The video clip was met with a resounding applause and was a highlight of the event.

The grand finale of the program was the Integrity Pledge Taking Ceremony, which was administered by Dr. Ravi JD Saldanha, the principal. The pledge was taken by various groups, including Rovers and Rangers, NSS Volunteers, NCC Cadets, and all participants present. This pledge marked a commitment to uphold the principles of integrity, transparency, and honesty in all actions, not only within the institution but also in their wider communities.

The presence of Dr. Ravi JD Saldanha, the principal, was indeed a significant endorsement of the event's importance. His words of encouragement and support for the cause of vigilance awareness were highly motivating. Additionally, Mr. M. Nagaraj Urs, the Vice Principal (Academic), and Mr. Ronald Prakash Cutinha, the Vice Principal (Admin), also graced the event with their presence, reaffirming the college's commitment to ethical values and a corruption-free environment. The IQAC Coordinator, Mr. A. Thomas Gunaseelan, added further weight to the event through his dedication to the cause and his efficient organization of the entire program.

In conclusion, St. Philomena's College, Mysore, took a commendable step in promoting vigilance and integrity within its community during Vigilance Awareness Week 2023. The event emphasized the importance of administering the integrity pledge and making a collective commitment to fight corruption. Such initiatives not only instill ethical values but also contribute to building a responsible and conscientious society, committed to the betterment of the nation. The observance of Vigilance Awareness Week at St. Philomena's College, Mysore, stands as a testament to the institution's dedication to nurturing not just academic excellence but also character and values.

Biogas Installation

Date of Installation: 10th November 2023

Location: Girls' Hostel, St. Philomena's College

Biogas Plant Capacity: 9 cubic meters (cum)

Type: FRP (Fiber Reinforced Plastic) Biogas Digestor

Primary Use: Supplying biogas to the kitchen of the Girls' Hostel

1. Introduction

On 10th November 2023, St. Philomena's College took a significant step towards sustainability by installing a 9 cubic meter (cum) capacity FRP Biogas Digestor in the Girls' Hostel. This initiative aligns with the institution's commitment to eco-friendly practices, reducing the environmental footprint while providing a renewable energy source for daily operations.

2. Technical Specifications

Capacity: The biogas plant has a capacity of 9 cum, which is ideal for a mid-scale institution like St. Philomena's College, particularly catering to the energy needs of the Girls' Hostel kitchen.

Digestor Type: FRP Biogas Digestor is known for its durability, corrosion resistance, and long-term sustainability, making it an ideal choice for institutional usage.

3. Location and Installation

The biogas plant is strategically installed in the Girls' Hostel compound. This location serves dual purposes:

Ease of Operation: The close proximity to the kitchen ensures a direct supply of biogas for cooking needs.

Waste Management: The plant utilizes organic waste generated from the hostel kitchen and surroundings, creating a sustainable waste-to-energy cycle.

4. Functionality and Usage

The biogas produced from the plant is primarily used in the kitchen of the Girls' Hostel. This provides a cleaner alternative to traditional cooking fuels like LPG, reducing the dependency on non-renewable energy sources.

Input: Organic kitchen waste, leftover food, and other biodegradable material from the hostel.

Output: Biogas, which is directly piped to the kitchen for use in cooking.

Benefits:

Reduction in kitchen fuel costs.

Sustainable management of organic waste.

Contribution towards reducing carbon emissions.

5. Environmental Impact

The installation of the biogas plant has several positive environmental outcomes:

Waste Reduction: By converting biodegradable waste into biogas, the plant significantly reduces the amount of waste that would otherwise be sent to landfills.

Energy Savings: Biogas serves as an efficient energy source, cutting down the consumption of non-renewable resources like LPG.

Carbon Footprint: Utilizing biogas for cooking helps in lowering greenhouse gas emissions compared to conventional fuel sources.

6. Future Plans

St. Philomena’s College plans to monitor the performance of the biogas plant and assess the possibility of expanding the project. With continued success, additional biogas plants could be installed in other parts of the campus to further promote the use of renewable energy.

7. Conclusion

The installation of the 9 cum FRP Biogas Digestor at St. Philomena’s College marks a vital step towards sustainability. It not only provides an eco-friendly energy source for the Girls' Hostel but also enhances waste management on campus. This initiative reflects the college's commitment to environmental stewardship and sets an example for future green projects.

9th Convocation

Date & Time	**25 November 2023, 10 am**
Place:	**Indoor Stadium, St. Philomena's College (Autonomous)**
Chief Guest & Convocation Address:	**Padma Vibhushan Dr K Kasturirangan, Former Chairman-ISRO, Former Chairman-National Education Policy Committee, Chairman-National Steering Committee for National Curricular Framework**
No. of Graduates:	**640 candidates (434 undergraduates and 206 postgraduates), 47 Gold Medals and 1 PhD award.**

The 9th Convocation ceremony was held on November 25, 2023, within the confines of the college Indoor Stadium. The distinguished presence of Padma Vibhushan Dr. K. Kasturirangan, former Chairman of ISRO and the National Education Policy Committee, as well as the Chairman of the National Steering Committee for National Curricular Framework, highlighted the event.

Academic Procession: The ceremony commenced with a solemn procession from the Post Graduate Studies & Research block, culminating with the entry into the Indoor Stadium. Dr. K. Kasturirangan, His Grace Most Rev. Dr. Bernard Moras, the Apostolic Administrator of the Diocese of Mysore, Rev. Monsignor Alfred John Mendonca, the Vicar General of the Diocese of Mysore, Prof. Lokanath N.K, the Vice Chancellor of the University of Mysore, Rev. Dr. Bernard Prakash Barnis, the Rector of St. Philomena's Educational Institutions, Rev. Fr. Maria Xavier, Vice Rector, Rev. Fr. Chistopher J, Assistant Rector, Dr. Ravi J D Saldanha, the Principal, Prof. Othbert Pinto, PG Director, Mr. Nagraj Urs, Vice Principal (Academics), Mr. Ronald Prakash Cutinha, Vice Principal (Administration), Ms. Lydia Vandana, Controller of

Examination, Dr. Alphonsus D'Souza, Sciences Dean, Dr. Reena Francis, Dean, Commerce & Management, Dr. Praveen Saldanha, Dean, Arts, Prof. A T Sadebose, Languages Dean, Dr. Noor Mubasheer, P G Dean, Mr. Thomas Gunasheelan, IQAC Coordinator, alongside other academic heads and dignitaries, actively participated in the academic procession. The College NCC, under the guidance of Commanding Officer Mr. Eliezer Vishwas from the Department of Physics, and the Mysore band led the procession with precision and grace.

Anthem, Prayer & Lighting of Lamp: The academic procession graced the dais, heralding the beginning to the grand event starting with the rendition of the college anthem. This was seamlessly followed by a prayer service and the ceremonial lighting of the lamp, adding an auspicious touch and a symbolic commencement to the grand proceedings.

Welcome Address: The formal initiation of the event unfolded with the welcome address by Dr. Ravi J D Saldanha, the Principal of St. Philomena's College.

VC's address: Following the welcome address, the stage was then handed over to Dr Loknath, the Vice-Chancellor of the University of Mysore, for the VC's address. Dr. Loknath began by extending warm greetings to all present, expressing his excitement to be part of the prestigious 9th Convocation of St. Philomena's College in Mysuru, renowned for its rich history.

He conveyed heartfelt congratulations to all the graduates on this momentous day and expressed sincere appreciation to the teachers, mentors, parents, and staff for their dedicated service. Dr. Loknath emphasized the significance of the institution's motto, "May Your Love Grow Richer in Knowledge," which beautifully encapsulates the essence of fostering love, acquiring knowledge, and promoting growth.

Administration of Oath: Rev. Monsignor Alfred John Mendonca, the Vicar General of the Diocese of Mysore, administered the oath for the graduates. His presence and guidance underscored the revered commitment these graduates were making as they embarked on the next chapter of their journeys.

Convocation Address: The administration of oath made way for the most awaited momentous occasion of convocation address by Padma Vibhushan, Dr. K Kasturirangan. Dr. Kasturirangan's convocation address was a profound and inspiring exploration. Expressing his sincere gratitude for the honor bestowed upon him, he extended warm greetings to the distinguished dignitaries, esteemed faculty, students, and esteemed guests, setting the stage for a reflective and insightful discourse.

Acknowledging the historical and cultural significance of Mysuru, Dr. Kasturirangan set a contemplative tone, appreciating the enchanting city known for its architectural marvels, cultural richness, and educational prominence. He contextualized the significance of St. Philomena's College within this vibrant backdrop, recognizing the institution's commitment to academic excellence.

Commending St. Philomena's elevation to a "College of Excellence" in 2015, Dr. Kasturirangan lauded the institution's progressive curriculum and its swift adoption of the National Education Policy 2020 at the undergraduate level. This forward-thinking approach, he noted, positions the college as a catalyst for transformative education, aligning seamlessly with the evolving needs of the educational landscape.

He added that the institution has fostered an environment conducive to intellectual growth, prioritizing knowledge creation, assimilation, dissemination, skill development, entrepreneurship, and social outreach. St. Philomena is shaping a generation of students equipped with both local and global competencies. I extend my best wishes to the Principal, faculty, and all members of the academic community for their continued dedication to intellectual pursuits.

Directing his attention to the graduating students, Dr. Kasturirangan delivered a motivational and insightful message. Congratulating them on reaching this significant milestone, he emphasized the transformative power of holistic education. He encouraged the graduates to approach challenges with resilience, fostering a mindset that transcends the traditional boundaries of disciplines.

Taking note of St. Philomena’s vision to transition to University, he said, St. Philomena’s College of Excellence is poised for further growth, aspiring to transition into a university. To

be recognized as a world-class university, certain factors are crucial. Firstly, a commitment to excellence across all fields of human inquiry, not limited to specific areas. Secondly, engagement in cutting-edge research alongside educating the next generation. Thirdly, providing researchers the freedom to experiment, allowing for both successes and failures that often lead to significant discoveries. Lastly, world-class universities embrace permeable boundaries, encouraging interdisciplinary research, collaborations with the private sector, industry partnerships, and international collaboration. These attributes, integral to a university's culture, are reflected in your institution. This needs to be further fostered in an all-round development approach, aligned with NEP 2020, preparing students to become leaders across diverse cultures and industries.

Awarding of Gold Medals: As the Convocation Address concluded, an air of excitement filled the venue. The students, elated and thrilled, looked forward to the culmination of their two years of hard work. Anticipation ran high as they awaited the presentation of gold medals for meritorious students, symbolizing the recognition of their academic excellence. The ceremony would mark not only the end of their academic journey but also the beginning of a new phase as graduates and postgraduates respectively, ready to venture into the next chapter of their lives.

Presidential Adress: His Grace Most Rev. Dr. Bernard Moras, the Apostolic Administrator, Diocese of Mysore, commenced his presidential remarks with an insightful anecdote about the transformative power of honesty, recounting the story of Prof. C. V. Raman and a young man who returned an extra Rs. 7 to the office, ultimately becoming Nobel Laureate Prof. Subramaniam Chandrashekar. Emphasizing the importance of integrity and truthfulness in life, he urged everyone to live a life marked by sincerity.

Role & Responsibilities: The successful conclusion of the 9th convocation prompts reflection on the various committees and their meticulous execution of responsibilities. Each committee, under the adept guidance of its respective convener, played a crucial role in ensuring the seamless execution of the event. The 9th Convocation was efficiently organized under the leadership of Prof. V Sanjay Nair as the Convener, Dr. Deepa V as the Coordinator and Sr. Angeline Vimal as the Co-Coordinator efficiently discharged their duties making the ceremony a success. The Master of Ceremonies (MC) responsibilities were skillfully handled by Ms. Shirley Cynthia Anthony from the Department of MSW and Mr.

Anand C from the Department of Political Science. Ms. Syeda Farhana, from the Department of Microbiology, introduced the Vice-Chancellor, while Mr. Thomas Gunasheelan, the IQAC Coordinator, introduced the chief guest. The vote of thanks was delivered by Dr. Viveka Marie G from the PG Department of Commerce. The seamless orchestration of roles from convenors and members of various committees constituted for the smooth flowing of various activities and contributed to the overall success of the convocation ceremony.

Report on Enlightening Lecture on "Fulbright Research Fellowships"

Venue: Auditorium

Time: 3.30 pm

Date: 8th December 2023

Participants: Undergraduate and postgraduate faculty

On the 8th of December 2023, the Internal Quality Assurance Cell (IQAC) organized an enlightening lecture on "Fulbright Research Fellowships." The event took place in the auditorium at 3.30 pm and was well attended by both undergraduate and postgraduate faculties. The lecture was delivered by Ms. Shinu Vincent from the US-India Educational Foundation (Fulbright Commission of India.

Key Points from the Lecture

Ms. Shinu Vincent, a distinguished representative from the US-India Educational Foundation, delivered an insightful and motivating presentation. The key points covered in her lecture included:

Introduction to Fulbright Research Fellowships:

- Overview of the Fulbright Program, its history, and its objectives.
- Types of fellowships available for researchers, scholars, and professionals.

Eligibility and Application Process:

- Detailed explanation of eligibility criteria for different fellowship categories.

- Step-by-step guidance on the application process, including tips for preparing a strong application.

Benefits of the Fellowship:

- Opportunities for academic and cultural exchange.
- Funding provisions covering travel, accommodation, and research expenses.
- Access to prestigious institutions and resources for conducting advanced research.

Success Stories and Case Studies:

- Inspiring success stories of previous Fulbright fellows from India.
- Case studies demonstrating the impact of the fellowship on their careers and research.

Motivation and Encouragement:

- Encouragement to the faculties to consider applying for the fellowship.
- Emphasis on the importance of international exposure and networking for academic growth.

Impact on Participants

The lecture had a significant impact on the participants, as evidenced by the enthusiastic response and the interactive Q&A session that followed. Faculty members expressed keen interest in the fellowship opportunities and appreciated the comprehensive information provided by Ms. Vincent. The event succeeded in its objective to motivate and inform the faculties about the potential benefits of the Fulbright Research Fellowships.

Conclusion

The enlightening lecture by Ms. Shinu Vincent on "Fulbright Research Fellowships" was a resounding success, achieving its objectives of informing, motivating, and facilitating networking among the faculties. The event highlighted the numerous opportunities available for academic growth and international collaboration, inspiring faculty members to take the next step in their professional journey by applying for the Fulbright Research Fellowships.

The IQAC looks forward to organizing similar events in the future to continue supporting the professional development of the faculty and fostering a culture of academic excellence and global engagement.

Report: State Level Workshop on "Data Analysis Using SPSS"

December 14th and 15th, 2023.

St. Philomena's College, Mysuru, successfully hosted a two-day State Level Workshop on "Data Analysis Using SPSS" on December 14th and 15th, 2023. The event, organized by the Internal Quality Assurance Cell (IQAC) and Information & Communication Technology (ICT), aimed to enhance participants' skills in data analysis. The resource person for the workshop was Prof. Lancy D'Souza, Prof.& Head, Dept. of Psychology at Maharaja's College, University of Mysore.

The inauguration ceremony was presided over by Rev. Dr. Bernard Prakash Barnis, the Rector of St. Philomena's College. Dr. Ravi JD Saldanha, the Principal, Mr. Ronald Prakash Cutinha, Vice Principal, and Prof. Othbert Pinto, PG Director, were also present. Vimal Angeline expertly steered the program as the Master of Ceremonies.

The workshop commenced with an invocation of God through a prayer and a symbolic gesture of nurturing knowledge by watering a plant. Dr. Sunil D'Souza, in his welcome address, outlined the objectives of the program and underscored the significance of data analysis in research and decision-making. The distinguished resource person, Prof. Lancy D'Souza, provided insights into the workshop's highlights, setting the tone for an enriching learning experience.

The workshop was divided into multiple sessions, each focusing on different aspects of data analysis using SPSS:

Session 1 (14/12/23: 11 am to 1 pm):

The first session focused on foundational aspects of research, including the identification and formulation of problems, setting objectives and hypotheses, constructing effective questionnaires, methods of data collection, and an introduction to data analysis and statistics for data analysis. Participants engaged actively, gaining insights into the initial stages of conducting meaningful research.

Session 2 (14/12/23: 1:30 pm to 4 pm):

The second session delved into hypotheses testing, a critical aspect of data analysis, and explored the intricacies of testing reliability and normality. Prof. Lancy D'Souza, the resource person, provided practical examples and case studies, fostering a deeper understanding among the participants.

Session 3 (15/12/23: 9 am to 1 pm):

The third session, conducted on the following day, began with a focus on data entry and importing into SPSS, followed by in-depth discussions and hands-on exercises on one-sample t-test, independent sample t-test, and paired t-test. Participants actively engaged in practical exercises, enhancing their skills in applying these statistical methods using SPSS.

Session 4 (15/12/23: 1:30 pm to 4 pm):

The final session covered advanced topics in data analysis, including one-way ANOVA, Chi-square tests of goodness of fitness and independence, Kruskal Wallis test, Mann-Whitney U

test, Wilcoxon sign test, cluster analysis, discriminant analysis, factor analysis, and regression. Prof. Lancy D'Souza provided valuable insights and guided participants through the application of these techniques.

The workshop concluded with a valedictory session, expressing gratitude to the resource person, Prof. Lancy D'Souza, for his valuable contributions, and acknowledging the active participation of attendees. Certificates of completion were distributed, marking the successful culmination of an enriching and informative workshop. The success of the event reflects the commitment of St. Philomena's College to providing quality academic experiences for its participants.

Audit Report on Environment-Friendly Campus Initiatives under ISO 17020

Audit Team Details

1. Date of Audit: 23.01.2024

2. Audit Site: St Philomena's College (Autonomous), Bannimantap, Mysuru-570 015, Karnataka, India

3. Inspection Body: Nature Science Foundation, Coimbatore, Tamil Nadu, India.

4. Audit Scope: Green, Environment, Energy, Waste Management, Soil & Water, Air Quality and Hygiene Audits as per ISO/IEC 17020:2012

5. Name of the Auditing Chairman: Dr. S. Rajalakshmi, ISO QMS, EMS and EnMS Certified Lead Auditor, Founder & Chairman of NSF.

6. Name of the Auditing Team Leader: Ms. V. Sri Santhya, ISO QMS, EMS and EnMS Certified Lead Auditor & ISO 17020: 2012 (Green Audit) Assistant Director & Programme Manager, NSF.

7. Name of the Lead Auditor for Green Audit +Air Quality Audit: Dr. R. Mary Josephine, ISO EMS and EnMS Certified Lead Auditor.

8. Name of the Lead Auditor for Environment Audit + Hygiene Audit: Ar. N. M. Pradeep Kumar, ISO EMS and IGBC Certified Lead Auditor.

9. Name of the Lead Auditor for Energy Audit: Er. A. Karthick, Bureau of Energy Efficiency Certified Auditor.

10. List of Auditees:

1. Dr. Ravi J.D. Saldanha, Principal
2. Mr. Nagaraj Urs, Vice Principal (Academic)
3. Mr. Ronald Prakash C, Vice Principal (Administration)
4. Mr. A. Thomas Gunaseelan, IQAC Coordinator
5. Dr. Deepa V., IQAC CO-coordinator
6. Ms. Arshiya Khanum
7. Ms. Renuka, Assistant Professor
8. Ms. Neena PK, Assistant Professor
9. Mr. Alex, Assistant Professor
10. Ms. Jeevitha Saldanha, Assistant Professor
11. Rev. Fr. Christopher, Assistant Rector

Certificate – ISO 170120 – Green Audit

Inspection Certificate

This is to certify that St Philomena's College (Autonomous), Bannimantap, Mysuru-570 015, India has implemented ecofriendly sustainability practices in line with National Building Code of India, Part 11 (Approach to Sustainability) which covers the following areas,

1. Green Audit
2. Environment Audit
3. Energy Audit
4. Waste Management Audit
5. Soil and Water Audit
6. Air Quality Audit
7. Hygiene Audit

Green Audit – 23rd January 2024

The Audit team meticulously investigated all the key aspects pertaining to the various processes involved in the Green, Environment and Energy auditing and drafted the final report based on the following:

- Importance of National Building Code
- Environment Friendly Campus
- List of Instruments used in the Inspection Process
- Use of Personal Protective Equipment (PPE)

Green Audit

- Facilities for Human Comforts (NBC checkpoint 3.2. and 3.9.)
- Natural topography, vegetation and monitoring (NBC checkpoint 6.2.4.)
- Landscape design and soil erosion control (NBC Checkpoint 7.1.1. – 7.1.3.)
- Establishment of different gardens, vertical landscaping and roof gardens (NBC Checkpoint 7.1.1. – 7.1.3.)
- Survey of Flora and Fauna (NBC Checkpoint 12.4.5. and 12.4.6.)

Environment Audit

- Environment audit observations
- Integrated Water Management System (NBC Checkpoint 3.7. and 7.2.1.)
- Corporate Governance (NBC Checkpoint 3.10.)
- Safety measures and green building conservation code (NBC Checkpoint 3.11.)
- Applicability and Implementation (NBC checkpoint 4 and 5)
- Parking facilities to reduce Heat Island Effect (NBC checkpoint 7.4.1.)
- Public transport, low emitting vehicles and control of car smokes (NBC Checkpoint 7.4.1. – 7.4.7)
- Pedestrian path facility at the campus (NBC Checkpoint 7.4.3.)
- Carbon footprint
- Selection of Building Material (NBC checkpoint 9.1. – 9.3.)
- Waste and Water management activities (NBC Checkpoint 10.1.)
- Post Occupancy maintenance

Energy Audit

- Energy Efficient Design and Process (NBC Checkpoint 3.5, 3.6 & 3.8.)
- Lighting facilities (NBC Checkpoint 6.2.2 – 6.2.10, 7.1.1.2 and 7.5)
- Building Service Optimization (NBC Checkpoint 11)
- Energy consumption and cost profile (NBC Checkpoint 12.3.4.)
- Power consuming equipment and electrical appliances
- Carbon footprint
- Calculation of carbon footprint
- Noise level measurements (NBC Checkpoint 12.4.4.)
- Light intensity measurement at the campus
- Voltage Measurement at the Campus

Waste Management Audit

- Technology Options (NBC Checkpoint 3.3 and 3.4.)
- Waste Management Practices (NBC Checkpoint 10.6, 10.7 and 12)

Soil and Water Audit

- Geology, topography and soil condition (NBC Checkpoint 12.4.1)
- Assessment of Physico-chemical property of Soil samples
- Water management activities (NBC Checkpoint 7.3, 10.2 – 10.5 and 12.4.2.)
- Operational water supply through drip and sprinkler systems
- Rainwater harvesting system and percolation pond
- Water quality
- Standards for physico-chemical properties of water
- Water consumption rate

Air Quality Audit

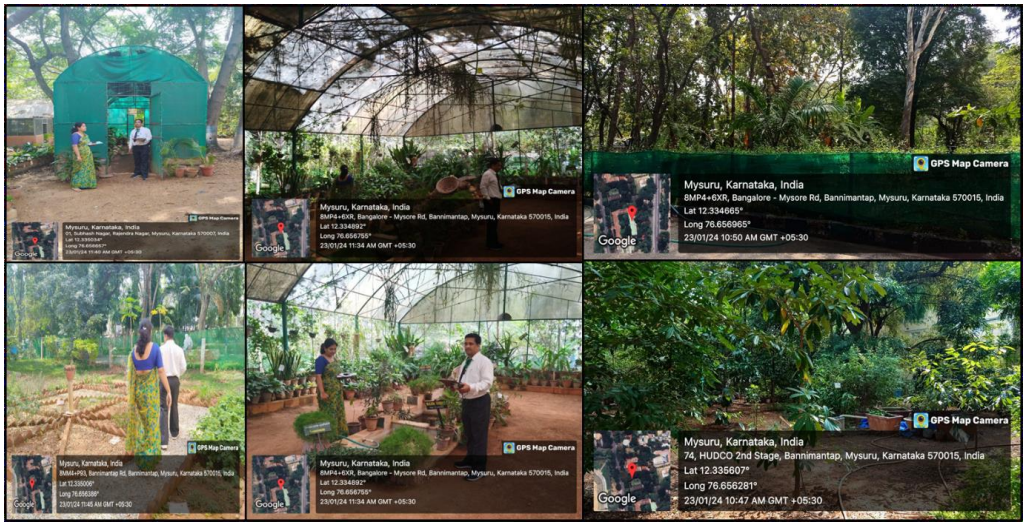

- Measurement of carbon dioxide levels on the campus
- Air quality audit observations (NBC Checkpoint 12.4.3.)
- Atmospheric oxygen level measurements analysis and interpretation

Hygiene Audit

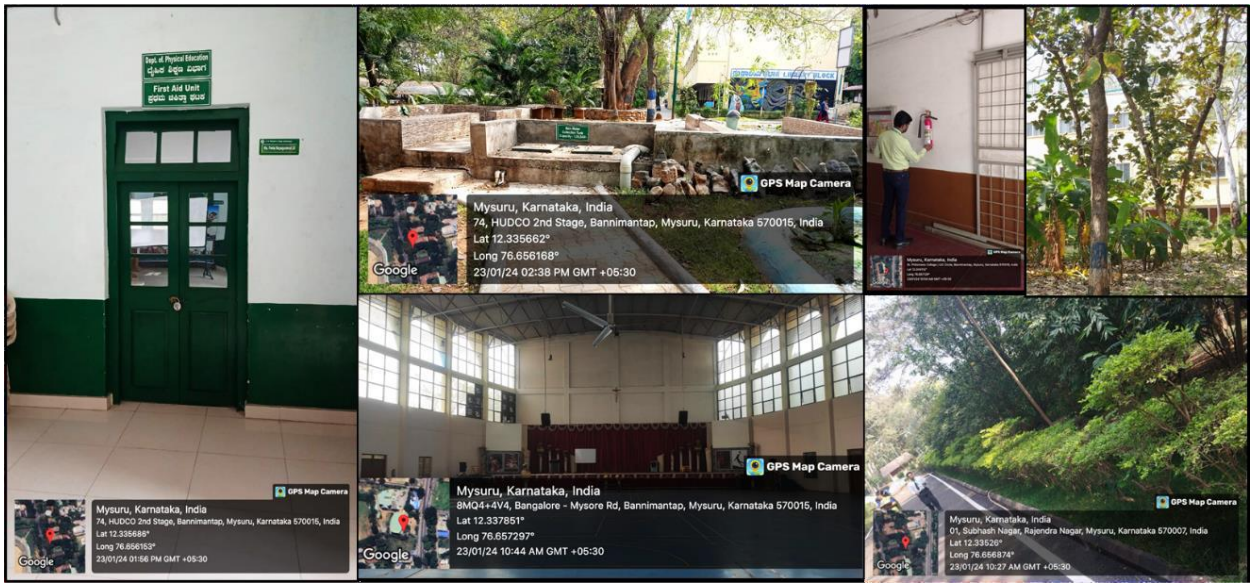

- Observation on Personal Hygiene and Safety measures (NBC Checkpoint 12.3.6 and 12.3.7.)
- Napkin disposal facility

Legal compliances

Conclusion

St. Philomena's College demonstrates strong commitment to creating a sustainable and environment-friendly campus. The initiatives of the institution in energy conservation, waste management, and air quality control are commendable. However, there are areas that can be improved, such as expanding renewable energy resources, enhancing lighting systems, and conducting regular awareness programs on waste management.

By implementing the recommended improvements, the institution can further its journey toward sustainability and set a benchmark for other educational institutions.

Soft Skills Training Workshop for the Non-Teaching Staff Members

Date: 3rd February 2024

Venue: Auditorium

Time: 10:00 AM to 1:00 PM

Preamble

The importance of soft skills in the professional environment cannot be overstated, especially for non-teaching staff members who play a crucial role in the smooth functioning of educational institutions. To enhance these skills among our staff, a dedicated workshop was organized on the 3rd of February 2024. This event aimed at equipping the participants with essential interpersonal and professional skills that would aid in improving their workplace interactions and efficiency.

Objectives

To enhance communication and interpersonal skills of non-teaching staff.

To foster teamwork and collaborative skills.

To improve problem-solving and conflict-resolution abilities.

To boost overall professional behaviour and work ethics.

To provide tools for better time management and organizational skills.

Inauguration

The workshop commenced with an inauguration ceremony where Dr. Deepa V. inaugurated the event by watering a sapling, symbolizing growth and development. The ceremony was attended by distinguished guests including the Principal, Vice Principal, IQAC Coordinator, Controller of Exam, UUCMS Coordinator, and MC.

Session Details

The training session was conducted by Mr. D. Parashivamurthy, a renowned soft skills trainer. His expertise in the field provided the participants with valuable insights and practical techniques to enhance their professional skills. The session was interactive, with various activities and discussions that engaged the participants and allowed them to practice new skills in real-time.

Participants' Feedback

The feedback from the participants was overwhelmingly positive. They expressed their satisfaction with the program, highlighting the relevance and applicability of the skills they learned. Many appreciated the interactive nature of the session, and the practical tips provided by Mr. Parashivamurthy. The workshop was deemed a success in meeting its objectives and in providing a valuable learning experience for the non-teaching staff.

Vote of Thanks

The workshop concluded with a vote of thanks delivered by Ms. Vinitha Lobo, the Office Superintendent. She expressed gratitude to the trainer, the organizing committee, and all the participants for their active involvement and enthusiasm. Her closing remarks emphasized the importance of continuous learning and development for professional growth.

Attendance

The workshop saw the participation of 50 non-teaching staff members who were keen on enhancing their soft skills and contributing more effectively to the institution.

The event was well organized and met its objectives, providing a fruitful and enriching experience for all attendees. The commitment to fostering a culture of continuous improvement was evident, and such workshops will undoubtedly contribute to the overall development of the institution.

Inauguration of IPRIIS Cell

Inauguration of Intellectual Property Rights, Innovation, Incubation and Startup Cell

8th February 2024

Venue: UG Auditorium

Time: 11.30 AM

Dr. K. Hanumanthachar Joshi led a session titled "PROTECTING INNOVATIONS: ROLE OF PATENT AND DESIGN." The session was led by Sir, who provided insights into the intricate relationship between patents and their importance in business and innovation. During this session, program objectives such as

- Professional development
- Stimulate ideas regarding the patent, designs, trademark was elaborated
- Catch up with new pharmacy trends in complementary with artificial intelligence
- Networking with intellectual property
- Refreshing the clinical knowledge

Dr. Joshi began by providing a thorough overview of patents, including their definition, types, legal framework, role in the patent system, government grants, patent cooperation, treaties, significance of patent documents, comprehensive patent design act, effects of the act, property rights related to trade, a portion of WTO agreements, and innovative trends like blending silver ions in water and using silver threads in socks to protect people from harmful diseases. Synthesis of drug systems involving related heterocyclic systems and their derivatives. artificial intelligence and the medical field together.

The patent application process (both Indian and international) was also covered by Sir, who outlined the necessary steps and prerequisites for obtaining patent protection for an invention. Jurisdictions for the process, requirements for granting, and filing of patent applications. All things considered, the discussion was a valuable addition to the national and worldwide patent system, which eventually boosts our country's GDP. In the end, product development in the nation can promote an expansion of the labour market. Proactive steps must also be taken to protect intellectual property. Students' comprehension of the many tasks carried out by the IPR cell, such as copyright protection and patent registration, was improved by this keynote.

Additionally, Dr. Joshi stressed the importance of product development, which entails planning, building, and releasing a new product onto the market. This takes place at several phases, from conception to launch.

Dr. Joshi in his talk also concentrated on the concepts below in a lucid way

- Idea generation
- Screening ideas
- Development and testing
- Business Analysis
- Prototype development
- Design and development
- Marketing strategies
- Commercialization
- Product Launching

In conclusion, the IPRIIS cell was successfully established to advance product development and commercialization, which can improve the institution's future vision and, as a result, propel the country's economic growth and improvement in the global rankings. The session facilitated meaningful dialogue and collaboration among participants, fostering a deeper understanding of the complexities and opportunities surrounding intellectual property.

Gender Sensitization & Human Values

Date: 26th& 27th February 2024
Venue: College Auditorium

Speaker's: Ms. **Shanthala Damle** "Avala Hejje"- Her steps, Founder & CEO
Ms. **Malavika Gubbivani** "Gubbivani Trust", Founder

Inauguration: 10.30am - 11.30am

On 26TH and 27th Feb 2024, Symbiosis St. Philomena's College a virtual session on Gender sensitization and Human Values. **Ms. Shanthala Damle** "Avala Hejje"- Her steps Founder & CEO **Ms. Malavika Gubbivani** "Gubbivani Trust" Founder was the chief instructor for the session at the college auditorium, including staff, students and faculty members of the Institute participated in this workshop.

Presence:

In this, The workshop was inaugurated by Rev Dr Bernard Prakash Barnis, Rector, Rev Fr. Maria Xavier, Vice Rector, Rev Fr. Praveen Kumar Gregory, Campus Administrator, Rev Fr. Christopher S J, Assistant Rector, Dr. Ravi J D Saldanha, the Principal of the college, Mr. M. Nagaraj Urs M, Mr. Ronald Prakash Cutinha, Vice Principal for Academics and Administration respectively. Dr. Reena Francis Coordinator- Redressal of Atrocity against Women Committee (RAAW) and Ms. Juhie Singh P. Coordinator- Women's Cell Committee welcomed the members and thanked the experts for kindly agreeing to address the workshop.

Ms. Juhie Singh P. Coordinator- the Women's Cell Committee deliberated the need to revisit core values and deepen our understanding as important stakeholders. As teachers we influence precious young minds, therefore there is a need for Human values and Gender sensitivity workshops.

Dr. Ravi J D Saldanha, the Principal of the college, talked on the objective of the workshop, the necessity of organizing such seminars to create awareness of the act. He appreciated that the Committee is organizing the workshop on such an important current issue.

Speaker's Address:
Ms. Shanthala Damle started her presentation by listing the session's objectives. The speaker advanced the conversation by describing gender equality and how gender sensitization is necessary for everyone, not just one particular gender. She continued by outlining how we are required to act, speak, dress, groom, and even conduct ourselves depending on the gender to which we have been allocated in India.

Ms. Malavika Gubbivani emphasized how stereotyped ideas still remain in our society while outlining the ramifications and benefits of gender equality. She gave us a reality check on how we behave in specific ways that are considered apparent truths and thus are practiced unconsciously. She discussed the connection between masculinity and gender sensitivity as well as the persistence and need for the eradication of gender-based violence.

The Question Answer session at the end of the lecture sessions were very fruitful and interactive. The speakers addressed various questions raised by the participants. A 'Feedback Form' was distributed, where in some positive feedback and suggestions by the participants were received.

Outcome: The faculty members and the students got an in-depth understanding of what gender sensitization is and the need for building awareness around gender equality. They also understood the importance of gender sensitization with equal representation of male and female staff and students.

One-Day Seminar On "Nuclear Energy And Its Potential"

7thMarch 2024

Venue: UG Auditorium,

St. Philomena's College, Mysuru

Number of Participants: More than 200

Report

Introduction

As the world moves toward cleaner and more sustainable energy solutions, nuclear energy stands out as a crucial component in the global effort to combat climate change and secure

reliable power. With countries like India setting ambitious goals for reducing carbon emissions and transitioning to
non-fossil energy sources, the potential of nuclear energy has never been more relevant.

This seminar aims to promote the advantages of nuclear energy and explore its benefits and address the challenges that lie ahead. Through a series of insightful presentations, panel discussions, and networking sessions, we hope to foster a comprehensive understanding of nuclear energy's role in achieving a sustainable future.

Objectives

1. Education and Awareness: To educate participants on the principles and benefits of nuclear energy.
2. Technology and Innovation: To explore the latest technological advancements in nuclear energy.
3. Policy and Regulation: To discuss the policy frameworks and regulatory environments required for the safe and effective deployment of nuclear energy.
4. Sustainability and Climate Goals: To examine how nuclear energy can contribute to global sustainability efforts.

The seminar started with an inaugural lecture by Shri. Deshpande M S, Head, Chemical Technology Division, BARC, Mumbai. His talk was focused on applications and envisioned Indian programs of nuclear energy. The was on the relevance of nuclear energy in the present case scenario. The talk covered the topics such as greenhouse gas emission, global warming, towards net zero carbon emission, options for India, the role of Nuclear Energy, a three-stage program of DAE, non-power uses of nuclear energy in Medical, Agriculture, Industrial, and municipal waste management, food preservation, etc. Followed by this lecture, Dr. A. Chandrasekhara, Officer-in-Charge, SMFC, BARC, Mysuru delivered a talk on Nuclear Energy and Radiation Safety Aspects. His talk encompassed the significant contribution of Department of Atomic Energy for the development of the nation by promoting use of nuclear energy and radiation with due consideration of safety aspects on priority. Applications of nuclear energy/radiation have opened up new horizons. It is therefore necessary to understand in the true perspective, the various advantages of nuclear energy and protection aspects. He educated students of the college about nuclear energy, its applications and safety aspects. In general, the application of nuclear energy encompasses each and every walk of our life. Nuclear energy/nuclear radiations are used in various fields such as power production, Industrial, Medical, research, national security, environmental hygiene, etc. He also talked about the misconception in minds of some public about nuclear installation that surrounding public areas have significant level of radiation.

Followed by this talk, Dr. P. Anand, Scientific Officer, BARC, Mysuru, delivered a lecture on the Application of Isotopes in Medicine. One among the important uses of ionizing radiation is its application in diagnostic and therapeutic fields of various diseases. Starting with the discovery of natural radioactivity by Henri Becquerel to the latest innovation of Positron

Emission Topography by Peter Alfred Wolf, many people have made the field of nuclear medicine a reality. Radiopharmaceutical is a pharmaceutical molecule with a radio isotope tracer attached. Radio isotopes are used in biochemical analysis, diagnostic and therapeutic modalities and radiation therapies. Radionuclides are produced using cyclotrons, nuclear reactors and generators.

The diagnostic applications are in the field of oncology, cardiology, neurology, thyroid and kidney imaging and in identification & localization of infection and inflammation. The therapeutic applications include cancer therapy for neuro endocrine tumors, thyroid cancers, palliative of pain, bone metastasis and prostate cancers. The radioisotopes are organ specific which emits beta or gamma radiations which depends upon its application. Positron Emission Topography (PET) has revolutionized cancer management with its whole-body diagnostic capabilities. Also, in the field of cardiology the identification of viability of myocardial tissue has been a boon for patients as it avoids unnecessary procedures. Mapping functional brain tissue identifies degenerative neurological diseases much early. Overall, radioisotopes have revolutionized health care and are going to be a major diagnostic and therapeutic tool with the continued invention of new radio pharmaceuticals in future.

Followed by this lecture, Shri. S.S. Ajai, Scientific Officer, BARC, Mysuru gave an insightful talk on Novel Reactor – A Potential Step for Achieving Net Zero Carbon Emission. Energy is the prime mover of economic growth and sustainable development goals. It has a direct impact and influence on the quality of life and human welfare. India's per capita energy consumption is1/3rd of world's average and highly dependent on Fossil fuel energy resources.

Historically, industrial development has been synonymous with fossil fuel consumption and dependency. The challenge posed to the welfare of the planet by the climate change has necessitated increasing global efforts to limit the earth's average surface temperature increases to 1.5ºC above pre-industrial levels asper Paris Agreement. Further as per India's recent commitment in Climate of Parties (COP) annual climate conference summit, is to increase the non-fossil energy capacity by 2030, phase out fossil fuel energy by 2050 and achieve NetZero Carbon Emission by 2070. The energy transition requires rigorous discussions on the transition pathways and clean technologies for its adoption.

The options for clean energy sources are renewable energies like Hydro, Solar, Wind etc. and non-fossil clean fuel sources like Green Hydrogen and Nuclear energies. To achieve clean energy transition, it calls for needs to shift to highly energy efficient processes and systems, in all our activities. Amongst the low-carbon sources of electricity, Nuclear energy has been especially endowed with low lifecycles greenhouse gas (GHG) emissions and low material intensity per unit of electricity generation. It is the largest energy source of base load power with minimum carbon footprint. Thus, Nuclear energy is a promising choice for energy transition strategy to achieve deep decarbonization and provides access to clean,

reliable and affordable energy, mitigating the negative impacts of climate change. This envisages three to four-fold increase in nuclear power generation. Harnessing nuclear energy is a capital – intensive process and public investments alone will likely fall sadly short of the requirement. It is by adopting energy mix policy and introduction of many Small Modular Reactors (SMRs) with novel advance
inherent safety features. SMRs are the ideal choice to partially help in lifting the huge gap in energy demand, with a less carbon footprint. The world is looking for a suitable design and also robust policy framework addressing safety and techno-commercial viability.

Followed by this inspiring talk, Mohini Gupta, Scientific Officer, BARC, Mysuru shed a light on the topic Scientific/Technical Career and Educational Opportunities in DAE. Ms. Gupta gave all the information about the joining the department of atomic energy through various possible means. She discussed the possibilities and opportunities to work in the nation building process through nuclear energy. She also mentioned various incentives and promotions based on meritorious performance. All the lectures were enriching, informative and eye-opening. The audience enjoyed the talks and interacted well with the speakers through interesting questions. These talks gave clarity about the sustainability of nuclear energy and its applications. They were well received by the audience.

AWARENESS PROGRAM ON LEARNING RESOURCES:

EBSCO & J-GATE DATABASES.

16th of March 2024 in the MBA Conference Hall, from 10:30 am to 1:30 pm.

An awareness program on learning resources about EBSCO and J-Gate databases was jointly organized by the Central Library and the Internal Quality Assurance Cell (IQAC) of St. Philomena's College on 16th of March 2024 in the MBA Conference Hall, from 10:30 am to 1:30 pm.

The program was presided over by Rev. Dr. Bernard Prakash Barnis, Rector & Manager and Dr. Ravi JD Saldanha, Principal. Mr. Ronald Prakash Cutinha, Vice-Principal – (Administration), Mr. A. Thomas Gunaseelan, IQAC coordinator, were also present in the program. The program was convened by Ms. Florence Anil, Assistant Librarian, and Dr. Deepa V, IQAC Co-Coordinator was the master of ceremony. Dr. Issac George HoD-MBA Department delivered the welcome address. All the MBA & MCA staff, a few staff from the UG Department and the entire batch of 120 students from MBA & MCA attended the event.

Dr. Sunil M.V, Assistant Professor - Systems & General Management, SDMIMD, Mysore was the Keynote speaker and delivered the technical talk on the importance of Library sciences in the field of Management and highlighted the multiple applications of the library resources, especially databases in Business research and decision making. Dr. Sunil encouraged the students to make the best use of the learning resources- both physical and e-databases available at the St. Philomena's Library- one of the oldest and enriched libraries of Mysore.

The next session was handled by **Mr. Rathish Iyer Manager Training & Business Development Informatics Publishing Ltd.** Mr. Ratish Iyer, spoke about the **Effective Utilization of J-Gate for Learning, Teaching, Research and Project Work.** He introduced the students to the J-Gate- comprehensive database and gateway to access research information from over 80 Million journal articles from 59,000+ journals covering multiple subject domains. Mr. Iyer provided a real-time demonstration to the students about the usage and application of J-Gate , which included the new functionalities of J-Gate, different Search options and Searching Techniques and Individual Profile creation.

The last session was handled by **Mr. M S Srinivasa, Training Manager -South Training & Business Development EBSCO information Services Bengaluru.** Mr. Srinivas introduced the students to the **EBSCO database** and elaborated on the vast domain of articles, journals and e-books of multiple disciplines available in EBSCO. He highlighted the use of databases for the students in their curriculum and research. He also conducted a quiz at the end of the session to ensure the knowledge transfer from his session and awarded prize to the two students who scored the highest points- Ms. Joyce and Ms. Ayesha, both from the department of MBA.

The event concluded with all raising for the National Anthem.

An awareness programme on Green Initiatives

Organised by: Internal Quality Assurance Cell (IQAC) & Green Cell,

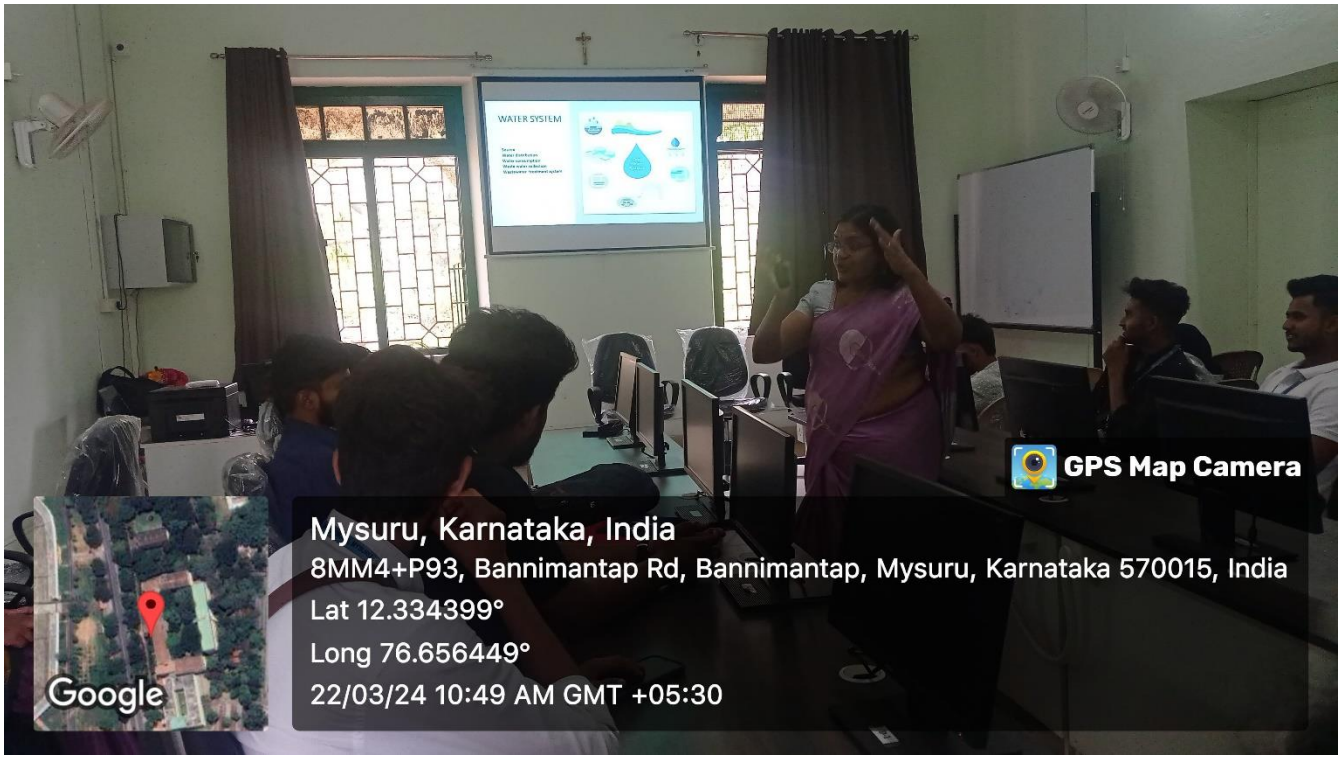

St. Philomena's College

Date: 22nd March 2024

Time: 10:00 AM

Venue: Data Analysis Centre

Number of Participants: 50 (Faculties & Students)

Objectives of the Programme:

- Increase Awareness: Educate participants about the importance and benefits of green initiatives.
- Promote Sustainable Practices: Encourage adopting eco-friendly practices within the college and beyond.
- Knowledge Sharing: Provide insights into the effective implementation of green initiatives from an expert in the field.
- Community Engagement: Foster a sense of responsibility towards environmental conservation among students and faculty.
- Skill Development: Equip participants with practical knowledge of ISO 14001 standards and environmental management systems.

Overview of the Event:

The "Awareness Programme on Green Initiatives" was a successful event organized by the IQAC and Green Cell of St. Philomena's College on 22nd March 2024. The programme received enthusiastic participation from 50 attendees, including faculty members and students. The event was held at the Data Analysis Centre of the college.

Dignitaries Present:

Rev. Dr. Bernard Prakash Barnis - Rector

Dr. Ravi JD Saldanha - Principal

Mr. A. Thomas Gunaseelan - IQAC Coordinator

Ms. Jeevitha Saldanha - Green Cell Coordinator

Resource Person:

Dr. Helen Roselene, Lead Auditor ISO 14001, Head & Associate Professor, Department of Environmental Science, Mount Carmel College, Bengaluru.

Dr. Helen Roselene, a distinguished expert in environmental science and sustainability, graced the event as the resource person. Her vast experience and knowledge provided invaluable insights into the various aspects of green initiatives and sustainable practices.

Key Highlights of the Talk:

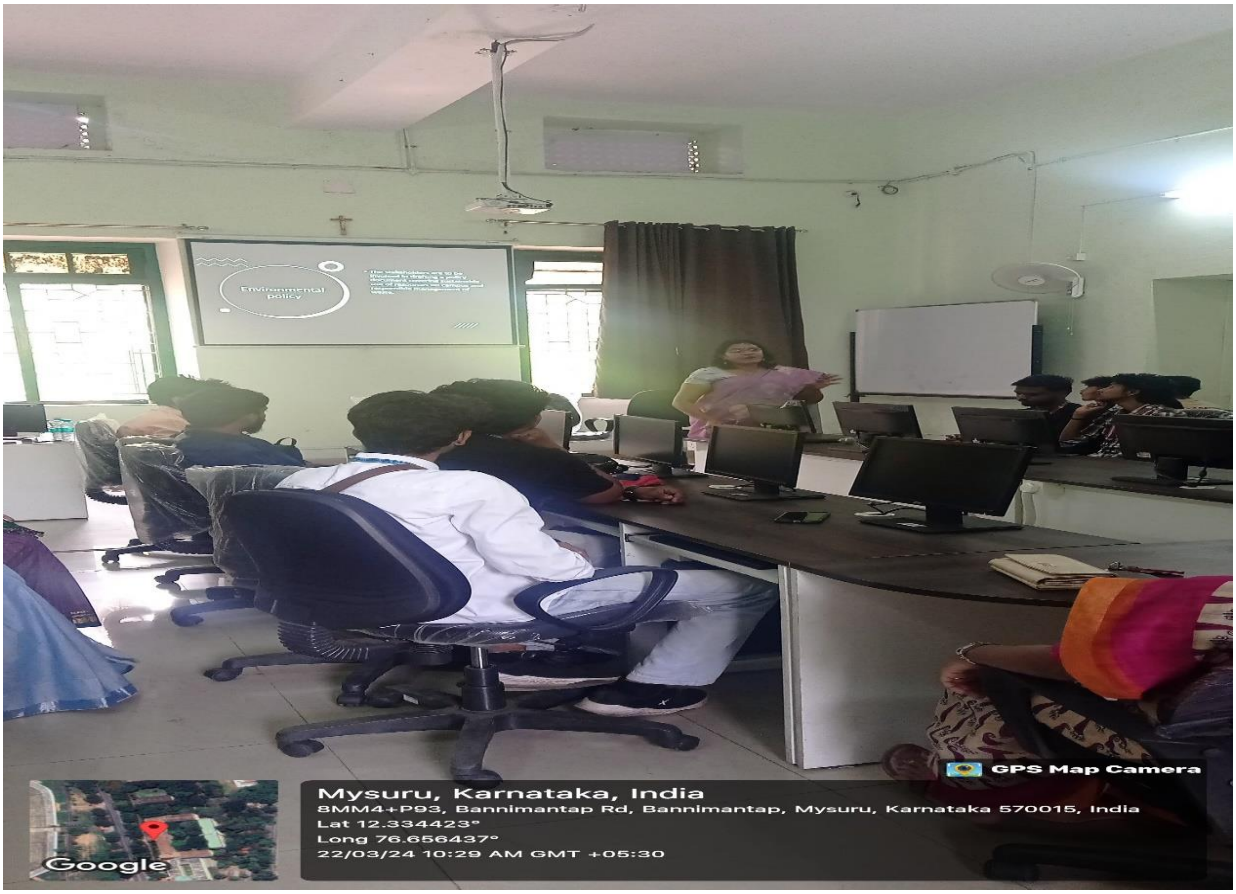

- Introduction to Green Initiatives: Dr Roselene began with a comprehensive introduction to green initiatives, emphasizing their importance in combating climate change and promoting environmental sustainability.
- ISO 14001 Standards: She detailed the significance of ISO 14001 standards in environmental management systems and how institutions can implement these standards to achieve sustainability goals.
- Case Studies and Best Practices: Dr Roselene shared numerous case studies and examples of successful green initiatives from various organizations, illustrating practical applications and benefits.
- Interactive Session: An engaging interactive session followed, where participants had the opportunity to ask questions and discuss challenges related to implementing green practices in their own contexts.
- Actionable Steps: Dr Roselene concluded with actionable steps and strategies that participants could adopt to contribute to a greener environment, both within the college and in their personal lives.

Conclusion:

The awareness programme on green initiatives was highly informative and inspiring. It successfully met its objectives of raising awareness, promoting sustainable practices, and equipping participants with practical knowledge on environmental management. The event concluded with a vote of thanks to Dr Helen Roselene and the dignitaries for their support

and participation, and a renewed commitment from all attendees to work towards a sustainable future.

This programme marks a significant step forward in St. Philomena's College's ongoing efforts to foster environmental responsibility and sustainability within its community.

Special Lecture on "Life and Contributions of Albert Einstein"

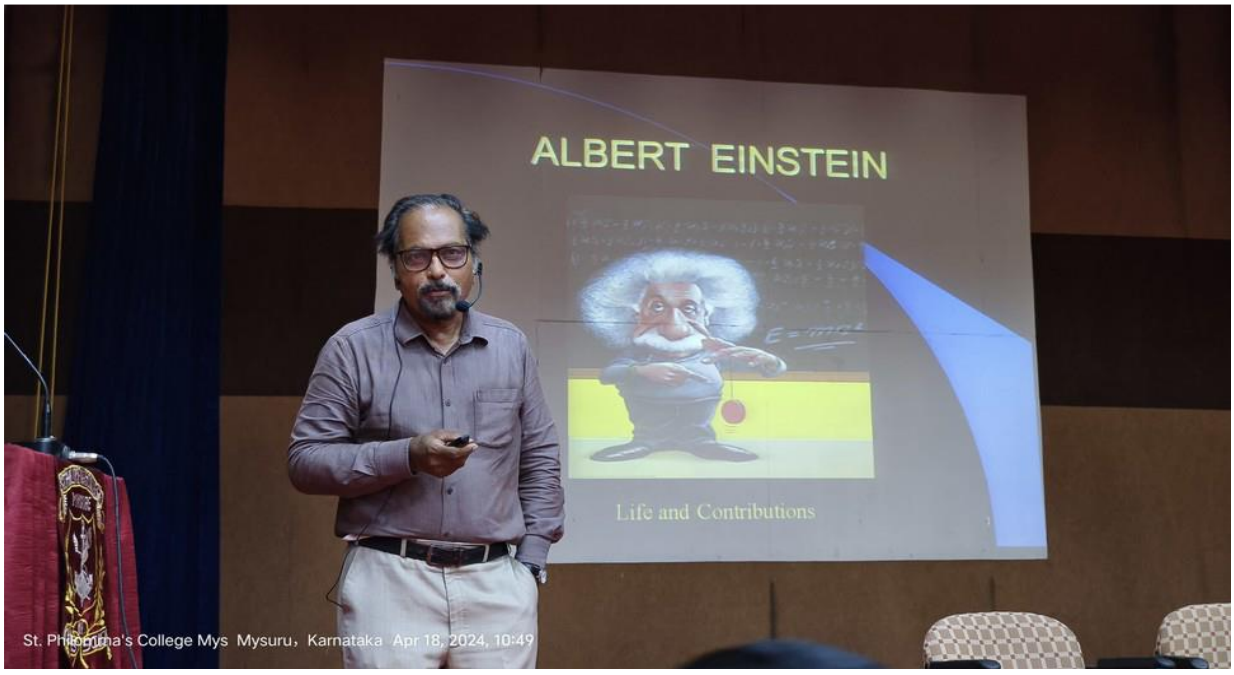

in collaboration with the Department of Physics

Chief Guest: Prof. B A Kagali

Date: April 18, 2024, **Time: 10: 30 am**

Venue: UG Auditorium,

Report

The Department of Physics at St. Philomena's College (Autonomous), Mysore, organized a special lecture on the "Life and Contributions of Albert Einstein" on April18, 2024, commemorating the death anniversary of the eminent physicist. The event commenced at 10:30 am in the UG Auditorium, featuring Prof. B A Kagali, Former Chairperson of the Department of Physics, Bangalore University, as the distinguished resource person. The lecture witnessed active participation from 138 attendees.

The formal inauguration began with a welcome address by Ms. Meenakshi G, Assistant Professor, PG Department of Physics. Following this, Prof. B A Kagali delivered an insightful lecture detailing Albert Einstein's remarkable life and groundbreaking contributions to physics.

Albert Einstein, born on March 14, 1879, in Ulm, Germany, and deceased on April 18,1955, in Princeton, New Jersey, USA, revolutionized physics with his theories of relativity and quantum mechanics. Prof. Kagali highlighted Einstein's early life, noting his education at the Swiss Federal Polytechnic in Zurich and his early career at the Swiss Patent Office in Bern, where he produced significant work.

The lecture delved into Einstein's Annus Mirabilis (Miracle Year) of 1905, during which he published four pivotal papers in the "Annalen der Physik." These included his explanation of the photoelectric effect, which earned him the 1921 Nobel Prize in Physics, his empirical evidence for atoms through Brownian motion, his theory of special relativity, and the famous equation $E=mc2$.

Prof. Kagali further explored Einstein's later career, discussing his tenure at various universities and his formulation of the general theory of relativity in 1915. This theory, describing gravity as a curvature of spacetime, was confirmed in 1919 by Arthur Eddington's solar eclipse observations.

The lecture also addressed Einstein's complex relationship with quantum mechanics and his pursuit of a unified field theory. His emigration to the United States in 1933, subsequent position at the Institute for Advanced Study in Princeton, and his indirect influence on the Manhattan Project were also covered. Einstein's legacy, including his Nobel Prize, his role as a public figure advocating for pacifism and civil rights, and the preservation of his brain for scientific study, was emphasized.

Prof. Kagali concluded by underscoring Einstein's enduring impact on modern physics and science. The event provided a comprehensive overview of Einstein's life, inspiring participants with the profound and lasting influence of his scientific achievements.

Observation and Celebration of the World Earth Day

22nd April 2024 at the College Campus

St. Philomena's College, Mysore, Commemorates World Earth Day with Remarkable Initiatives

Mysore, April 22, 2024: St. Philomena's College in Mysore marked the global observance of World Earth Day with a series of impactful initiatives aimed at raising awareness and promoting environmental conservation. Under the guidance of Rev. Fr. Bernard Prakash Barnis, the Rector, the institution orchestrated a day filled with activities emphasizing the significance of protecting our planet.

The celebration commenced with an enlightening session led by Dr. Shyla B, Assistant Professor of PG Chemistry who elucidated the importance of observing World Earth Day and the collective responsibility of safeguarding our environment for future generations.

A vibrant display of commitment to environmental stewardship ensued as 500 enthusiastic students participated in an awareness rally that traversed through the four primary junctions encircling the college premises. With banners aloft participants fervently advocated for sustainable practices and urged the community to take proactive measures in conserving natural resources.

In a symbolic gesture of nurturing Mother Earth, the Rector Rev. Fr. Bernard Prakash Barnis, Principal Dr. Ravi JD Saldanha, and Vice-Principal (Academic)Mr. Nagaraj Urs and Vice-Principal (Administration)Mr. Ronald Prakash Cutinha of St. Philomena's College joined hands to plant rare saplings around the campus. This act not only embellished the surroundings but also served as a tangible representation of the institution's dedication to fostering a greener tomorrow.

Additionally, as part of their commitment to maintaining a clean and pristine environment, students and staff undertook a comprehensive campus cleaning drive. Armed with gloves and garbage bags, they diligently cleared litter and debris, restoring the campus to its immaculate state.

Reflecting on the day's events, Mr. A. Thomas Gunaseelan, IQAC Coordinator and Ms. Jeevitha Saldanha, the Green Cell Coordinator remarked, "Today's celebration of World Earth Day embodies the spirit of collective action and underscores the urgent need for concerted efforts to address environmental challenges. St. Philomena's College has demonstrated commendable commitment towards sustainable practices, setting a laudable example for the community at large."

Capacity Building Programme in collaboration with Academic Section on "Data Analytics and Study Abroad" for Final Year Undergraduate Students on 06/05/2024

Session 1

'Data Analytics' by Dr. Nemiraja Jadiyappa, Assistant Professor, IIM Kozhikode.

An introduction to Dr. Nemiraja Jadiyappa, the Resource Person:

Dr. Jadiyappa is a distinguished academic and researcher with a profound expertise in finance. His extensive knowledge spans various domains within finance, including corporate finance, financial markets, investment strategies, and risk management. His scholarly contributions have significantly enriched the field, with numerous publications in reputed international journals.

Introduction:

Data analytics involves the systematic computational analysis of data or statistics. It is a multidisciplinary field that encompasses techniques from statistics, computer science, and domain expertise to extract meaningful insights and patterns from raw data. The applications of data analytics are vast and varied, ranging from predicting consumer behavior and optimizing supply chains to enhancing healthcare outcomes and personalizing marketing strategies.

Session:

Dr. Jadiyappa began the talk by emphasizing the critical role of data in today's digital era, describing data as the new oil that fuels decision-making and innovation across various industries. He provided a comprehensive overview of data analytics, defining it as the systematic computational analysis of data or statistics. This field, he noted, integrates techniques from statistics, computer science, and domain-specific knowledge to extract meaningful patterns and insights from raw data.

Dr. Jadiyappa introduced the audience to essential tools and technologies that are pivotal in data analytics. He mentioned software platforms like Python, R, and SQL for data manipulation and analysis, as well as big data technologies like Hadoop and Spark for handling large datasets. Additionally, he discussed the role of machine learning and artificial intelligence in advancing the capabilities of data analytics.

To illustrate the practical relevance of data analytics, Dr. Jadiyappa shared several real-world case studies. He highlighted how companies across different sectors, such as finance, healthcare, and retail, are leveraging data analytics to gain a competitive edge. For example, he explained how financial institutions use predictive analytics to assess credit risk and detect fraudulent activities, while retailers use it to optimize inventory and enhance customer experiences.

In conclusion, Dr. Jadiyappa's talk provided a thorough and engaging exploration of data analytics. He effectively conveyed the significance of data-driven decision-making and the vast potential of analytics to drive innovation and efficiency. The session was highly informative, leaving the audience with a deeper understanding of data analytics and its impactful applications.

The talk was followed by an interactive Q&A session, where Dr. Jadiyappa addressed various queries from the audience, further enriching the discussion with his expertise. The event was a resounding success, inspiring many participants to delve deeper into the world of data analytics and consider its applications in their respective fields.

Session 2:

'Study Abroad' by Mr. Srinidhi G, Manager – Strategic Alliances IDP Education India Pvt. Ltd. Mysuru.

Introduction to the speaker:

Mr. Srinidhi is a seasoned professional with extensive experience in the education sector, particularly in the realm of strategic alliances and partnerships. In his role at IDP Education, he has been instrumental in forging and nurturing relationships with key stakeholders, including educational institutions, government bodies, and industry leaders. His work has significantly contributed to the growth and success of IDP Education, enhancing opportunities for students and educational institutions alike.

Introduction:

Studying abroad is more than just an academic journey; it is an enriching life experience that allows students to immerse themselves in different cultures, learn new languages, and develop a global outlook that is increasingly valuable in today's interconnected society. Whether you are considering a semester exchange, a summer program, or a full degree abroad, the benefits of studying in a foreign country are manifold and far-reaching.

Session:

Mr. Srinidhi G, Manager of Strategic Alliances at IDP Education India Pvt. Ltd. Mysuru, conducted a highly informative and engaging capacity building session on the topic of 'Study Abroad.' The session, which was attended by students, faculty, and professionals interested in pursuing international education opportunities, provided valuable insights and practical advice on studying abroad.

Mr. Srinidhi provided an overview of the different study abroad programs available, including semester exchanges, summer programs, and full-degree programs. He highlighted the benefits of studying abroad, such as academic excellence, cultural immersion, language acquisition, personal growth, and career advancement.

The session provided an overview of visa requirements for studying abroad and the process of obtaining a student visa. Mr. Srinidhi discussed travel arrangements, including booking flights, arranging accommodation, and obtaining travel insurance.

Mr. Srinidhi emphasized the importance of accessing support services available to international students, such as orientation programs, academic advising, and counseling services. He discussed strategies for cultural adaptation and integration, including learning the local language, engaging with the local community, and respecting cultural norms.

The capacity building session conducted by Mr. Srinidhi G was well received and highly beneficial for attendees interested in studying abroad. His expertise and insights provided attendees with a comprehensive understanding of the study abroad process and equipped them with the knowledge and resources needed to pursue international education opportunities successfully.

Outcomes:

- Participants gained a deeper understanding of the principles, techniques, and applications of data analytics, including descriptive, diagnostic, predictive, and prescriptive analytics.
- Participants were exposed to current trends and advancements in data analytics, including big data technologies, machine learning algorithms, and artificial intelligence.
- The programme provided insights into career opportunities in data analytics and the skills and competencies required to excel in the field, helping participants to plan their career paths effectively.
- Participants gained a comprehensive understanding of the different study abroad programs available, including semester exchanges, summer programs, and full-degree programs.
- The programme highlighted the career benefits of studying abroad, such as gaining a global perspective, enhancing communication skills, and increasing employability in a competitive job market.

Student Feedback:

Many students found the content to be highly relevant and appreciated the focus on practical skills and industry applications of data analytics. Students appreciated the career guidance provided, including insights into job opportunities, skill requirements, and professional development in the field of data analytics. Students found the programme to be comprehensive and informative, covering all aspects of studying abroad, from choosing a destination to the application process. The programme was beneficial for students' professional development, as it provided insights into how studying abroad can enhance their career prospects and global perspective. Students were highly satisfied with both the capacity-building programmes, citing them as valuable learning experiences that equipped them with the skills and knowledge needed to succeed in data analytics and study abroad.

Student Satisfaction Survey (SSS) and Staff Evaluation (SE) Report for St. Philomena's College (Autonomous), Mysore 22nd, 23rd and 24th May 2024

Report on the Student Satisfaction Survey (SSS) as mandated by the National Assessment and Accreditation Council (NAAC) undertaken by St. Philomena's College (Autonomous), Mysore expecting the students to rate the college based on the questionnaire.

The questionnaire was framed on the Likert type scale, that means the responses are scaled on a scale of 0 to 4, with the most positive response being rated as 4 and the most

negative response being rated as 0. The score emerging out of the survey is part of the second criterion on Teaching—Learning and Evaluation, out of the seven NAAC criteria. The questionnaire consisted of several facets of the teaching learning process. Questions varied from the specific teaching skills of the teacher to his overall approach to the educational process. Specific skills of the teacher like subject knowledge, communication skills, class preparation, and use of ICT tools were part of the questionnaire. The overall approach of the teacher and institution with respect to providing the right environment, motivation, interpersonal relationships, feedback etc. formed the second major component of the questionnaire. Twenty of the twenty-one questions were objective in nature, while one question was open-ended to elicit observations and suggestions for improvements providing an opportunity for the student to give suggestions and criticisms in their own words. An analysis of the survey was done using software which aggregated the responses and generated the score. The score ranged from a minimum of 0 to a maximum of 4 on the five-point scale. Responses to the open-ended question were aggregated to find out the most common suggestion and criticisms emerging out of the survey. The following questions were given to the students:

1. How much of the syllabus was covered in the class?
2. How well did the teachers prepare for the classes?
3. How well were the teachers able to communicate?
4. The teacher's approach to teaching can best be described as
5. Fairness of the internal evaluation process by the teachers
6. Was your performance in assignments discussed with you?
7. The institute takes an active interest in promoting internship, student exchange, and field visit opportunities for students.
8. The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.
9. The institution provides multiple opportunities to learn and grow.
10. Teachers inform you about your expected competencies, course outcomes and programme outcomes.
11. Your mentor does the necessary follow-up with an assigned task to you.
12. The teachers illustrate the concepts through examples and applications.
13. The teachers identify your strengths and encourage you with providing the right level of challenges.
14. Teachers are able to identify your weaknesses and help you to overcome them.
15. The institution makes effort to engage students in the monitoring, reviewing and continuous quality improvement of the teaching learning process.
16. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem-solving methodologies for enhancing learning experiences.
17. Teachers encourage you to participate in extracurricular activities.
18. Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.
19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.
20. The overall quality of the teaching-learning process in your institute is very good.

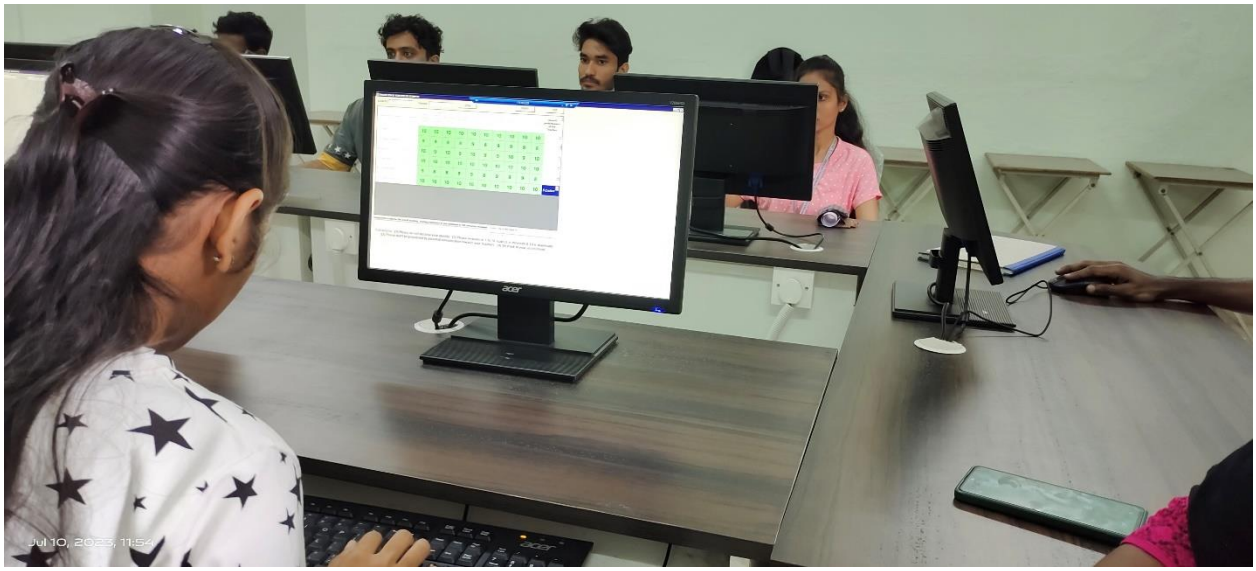

21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

Introduction

St. Philomena's College (Autonomous), Mysore, conducted a **Student Satisfaction Survey (SSS)** in accordance with the guidelines of the **National Assessment and Accreditation Council (NAAC)**. This survey is an essential component of the NAAC's second criterion, which evaluates **Teaching—Learning and Evaluation**. The primary goal of the survey was to gauge students' experiences with the institution's teaching-learning processes, the effectiveness of teachers, and the overall educational environment.

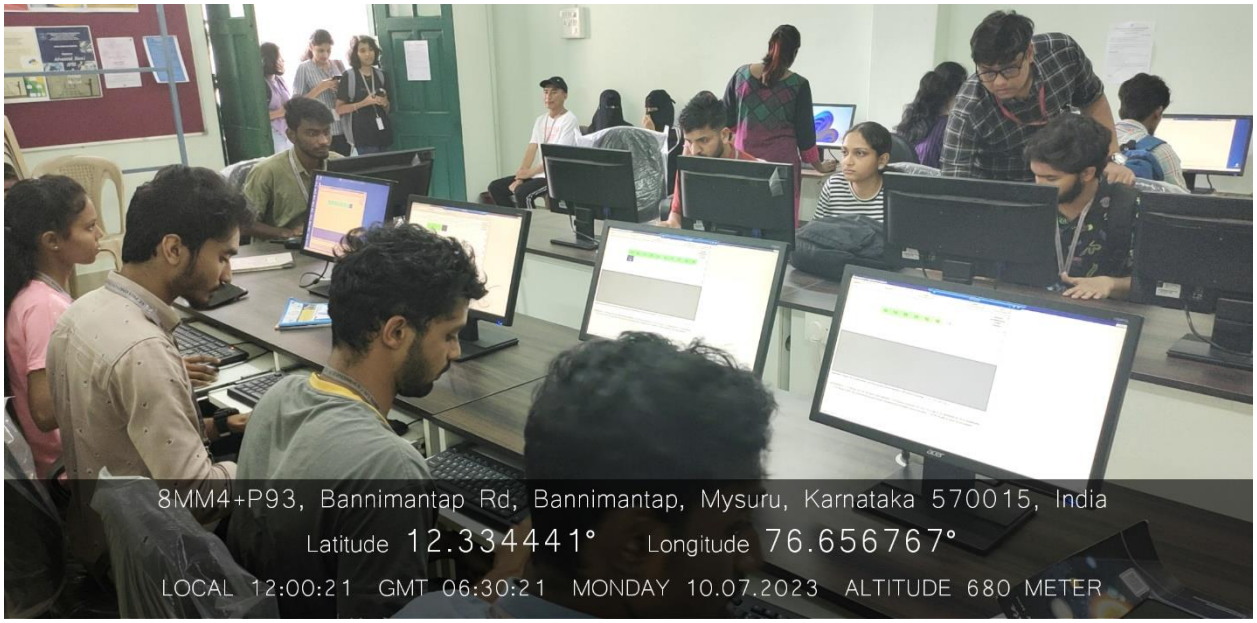

Survey Methodology

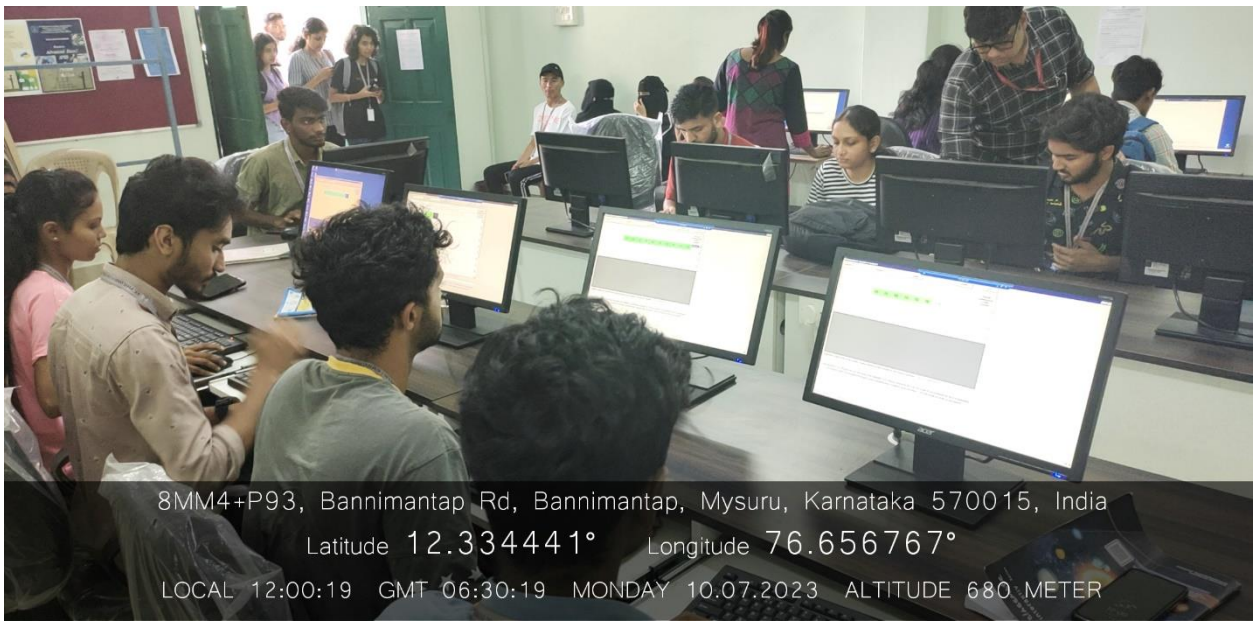

The survey was designed using a **Likert-type scale**, where students were required to rate their experiences on a scale of **0 to 4**. A score of **4** represented the most positive response, while a score of **0** represented the most negative. The survey consisted of **21 questions**, with **20 objective questions** and **1 open-ended question** allowing students to provide their feedback and suggestions.

LOCAL 12:00:19 GMT 06:30:19 MONDAY 10.07.2023 ALTITUDE 680 METER

Survey Components

The survey was divided into two major sections:

1. **Teaching Skills Evaluation**: This section focused on teachers' knowledge, communication skills, class preparation, and the use of **ICT (Information and Communication Technology) tools**. It included the following areas:
    - **Subject Knowledge**: Assessing how well teachers master and deliver the course content.
    - **Communication**: Evaluating teachers' ability to clearly convey concepts and instructions.
    - **Class Preparation**: Measuring the level of preparedness of teachers for their classes.
    - **Use of ICT Tools**: Analyzing how effectively teachers utilized modern teaching aids such as **LCD projectors**, multimedia, etc.
2. **Institutional and Teacher's Approach to Learning**: This section evaluated the overall environment provided by the institution, including the focus on motivating students, interpersonal relationships, feedback mechanisms, and opportunities for growth.
    - **Learning Environment**: Assessing the institution’s efforts to create a conducive learning atmosphere.
    - **Mentorship**: Evaluating how teachers guide students in their academic and personal growth.
    - **Evaluation Process**: Reviewing the fairness and transparency of internal assessments.
    - **Opportunities for Growth**: Assessing how well the institution promotes opportunities like internships, field visits, and student exchanges.

Survey Questions

The questionnaire consisted of 21 items, covering a wide range of topics related to teaching, learning, and institutional support. Below is an overview of the key areas assessed:

1. **Coverage of Syllabus**: How much of the syllabus was covered in the class?
2. **Teacher Preparation**: How well did the teachers prepare for the classes?
3. **Communication Skills**: How effectively did the teachers communicate?
4. **Teaching Approach**: How was the teacher's overall approach to teaching?
5. **Fairness of Evaluation**: Was the internal evaluation process fair?
6. **Assignment Feedback**: Was your performance in assignments discussed with you?
7. **Internships and Field Visits**: Did the institution promote opportunities like internships and field visits?
8. **Mentoring**: Did the mentoring process facilitate cognitive, social, and emotional growth?
9. **Opportunities for Growth**: Did the institution provide multiple opportunities for learning and growth?
10. **Learning Outcomes**: Were you informed about expected competencies, course outcomes, and program outcomes?
11. **Mentor Follow-Up**: Did your mentor follow up on your assigned tasks?
12. **Illustration of Concepts**: Were concepts illustrated through examples and applications?
13. **Strength Identification**: Did teachers identify your strengths and provide challenges accordingly?
14. **Weakness Support**: Were teachers able to help you overcome your weaknesses?
15. **Student Engagement**: Did the institution engage students in monitoring and improving the teaching-learning process?
16. **Student-Centric Methods**: Were methods like experiential and participative learning used?
17. **Extracurricular Activities**: Did teachers encourage participation in extracurricular activities?
18. **Skill Development**: Were soft skills, life skills, and employability skills imparted effectively?
19. **Use of ICT Tools**: What percentage of teachers used ICT tools during instruction?
20. **Overall Quality**: How would you rate the overall quality of the teaching-learning process?

21. **Open-Ended Feedback**: What suggestions or observations do you have to improve the teaching-learning experience?

Data Analysis

Responses were collected and analyzed using specialized software. The scores were aggregated to reflect an overall rating for each question, with the results falling between **0 and 4**.

- **Quantitative Results**: The software provided a consolidated score for each of the 20 objective questions. The highest possible score for any question was **4**, and the lowest was **0**.
- **Qualitative Results**: The open-ended question was analyzed to identify common themes and suggestions made by students. This feedback was categorized into major recurring themes for improvement.

Key Findings

1. **Teaching Effectiveness**:
    - **Syllabus Coverage**: The majority of students rated the coverage of the syllabus highly, with most classes completing over **85% of the curriculum**.
    - **Teacher Preparation and Communication**: Teachers were well-prepared and communicated effectively, with over **75%** of students giving ratings of **3 or 4** for these parameters.
    - **Use of ICT**: A majority of teachers utilized ICT tools like projectors and multimedia to enhance learning, with approximately **65%** of students reporting regular use of these technologies.
2. **Institutional Support**:
    - **Mentorship and Follow-Up**: Students appreciated the mentoring system, with **80%** indicating regular follow-up by their mentors.
    - **Opportunities for Growth**: Internships, student exchange programs, and field visits were rated positively, but some students indicated that more opportunities could be made available.
3. **Evaluation and Feedback**:
    - **Fairness in Internal Evaluation**: The internal evaluation process was rated fair by **85%** of the students.
    - **Assignment Discussions**: Over **70%** of students stated that their assignments were regularly discussed with them.
4. **Student-Centric Learning**:
    - **Problem-Solving and Experiential Learning**: The institution's use of participative and experiential learning methods was appreciated, with **72%** of students giving high scores.

Common Observations and Suggestions

The analysis of the open-ended question highlighted several common themes:

- **Increase in Practical Exposure**: Students requested more field visits, internships, and hands-on learning opportunities.
- **Improvement in ICT Infrastructure**: A small percentage of students recommended upgrading the ICT infrastructure to facilitate better learning experiences.
- **Enhancement of Skill-Based Training**: Suggestions included more workshops on soft skills, life skills, and employability skills to better prepare students for the workforce.

Conclusion

The Student Satisfaction Survey at St. Philomena's College provided valuable insights into the institution's teaching-learning processes. Overall, the college received positive feedback, particularly in the areas of teacher preparedness, communication, mentorship, and student engagement. The institution is encouraged to continue its efforts to enhance experiential learning and provide more practical opportunities for students to grow both academically and personally.

Recommendations

- **Expand Practical Learning Opportunities**: Increasing internship and field visit opportunities would further enrich students' learning experiences.
- **Upgrade ICT Facilities**: Enhancing ICT infrastructure would improve the quality of digital learning.
- **Strengthen Skill-Based Programs**: More focus on employability and life skills training will better equip students for their professional lives.

This survey report will serve as a foundation for continued improvement in teaching and learning at St. Philomena's College.

"A Capacity Building Programme on

DrillBit- Plagiarism Checker and Professional Ethics"

Date: 29th May 2024

Venue: MBA Conference Hall

Time: 2:00 PM to 5:00 PM

Objectives

The primary objectives of the Capacity Building Programme on "DrillBit- Plagiarism Checker and Professional Ethics" were:

1. To educate faculty and students about the importance of academic integrity and how to uphold it.
2. To demonstrate the use and features of the DrillBit Plagiarism Checker tool.
3. To discuss the principles of professional ethics in an academic setting.
4. To foster a culture of ethical behaviour and integrity in academic institutions.

Event Details

The programme was held on the 29th of May 2024, at the MBA Conference Hall from 2:00 PM to 5:00 PM. It was attended by 61 faculty members and 32 students, totaling 93 participants. The event was honoured by the presence of Dr Ravi J D Saldanha, Principal, Mr. Nagaraj Urs M Vice Principal (Academics), Mr. Ronald Prakash Cutinha Vice Principal (Administration), Mr. A Thomas Gunaseelan IQAC Coordinator, Ms. Lydiya Vandana Controller of Examinations, Dr Alphonsus D'Souza, UUCMS Coordinator, and the Master of Ceremony (MC) was Dr. Deepa V.

Welcome Address

The event began with the Philos anthem, setting a reflective and respectful atmosphere. Dr. Issac George, Associate Professor in the Department of MBA, delivered the welcome address. He emphasized the significance of maintaining academic honesty and the role of tools like DrillBit in achieving this goal.

Inauguration

The formal inauguration was symbolized by watering a sapling, an act performed by all the distinguished guests including the Principal, Vice Principal, and others. This gesture represented the nurturing of ethical practices within the academic community.

Session 1: DrillBit - Plagiarism Checker

The first session was conducted by Sri Raghavendra R., who presented an in-depth overview of the DrillBit Plagiarism Checker. He covered the tool's functionality, features, and benefits. The session included a live demonstration and a Q&A segment, where participants actively engaged and clarified their doubts. This session aimed to equip the attendees with practical skills to use the software effectively for maintaining academic integrity.

Session 2: Professional Ethics

The second session featured Prof. Khaiser Jahan Begum, Former Professor of DOS Library & Information Science, the University of Mysore. Prof. Begum delivered an enlightening lecture on professional ethics, discussing its importance in both academic and professional spheres. She shared real-life examples and provided guidelines for ethical decision-making. Her talk was designed to instill a strong ethical foundation among the participants.

Vote of Thanks

Dr. Sadiya Tabassum concluded the programme with a vote of thanks. She expressed her gratitude to the speakers, guests, and participants for their enthusiastic involvement and contributions. Dr. Tabassum also acknowledged the efforts of the organizing committee for their hard work in ensuring the event's success.

Conclusion

The Capacity Building Programme on DrillBit- Plagiarism Checker and Professional Ethics was a resounding success, fulfilling its objectives of promoting academic integrity and ethical behaviour. Feedback from the participants was collected by the IQAC team. The participants left with a deeper understanding of the importance of these issues and practical knowledge of how to implement them in their academic work.

Overall, the programme was well attended and it marked a significant step towards fostering a culture of honesty and ethics within the institution

.

Observation and celebration of "No Tobacco Day"

Date: 3rd June 2024

Time: 12:00 PM

Venue: PG Block

Participants: PG Students

Associated Partner: Radio Mirchi

Objectives:

- Raise Awareness: To educate students about the harmful effects of smoking and tobacco use.
- Promote Health: To encourage a tobacco-free lifestyle among students and faculty.
- Engage Participation: To involve students actively through interactive activities and discussions.
- Create Impact: To foster a supportive environment for quitting tobacco use.

Programme Overview:

The "No Tobacco Day" initiative was conducted on the 3rd of June 2024 at 12:00 PM in the PG Block. The event was organized by the Internal Quality Assurance Cell (IQAC) in association with Radio Mirchi. The aim was to highlight the detrimental effects of smoking and to promote a tobacco-free lifestyle among the students.

Highlights of the Programme:

Dr. Deepa V., IQAC Co-Coordinator, opened the event with an insightful briefing on the harmful effects of smoking and Mr. Ronald Prakash Cutinha, Vice Principal (Administration), reinforced the message by sharing additional insights on the dangers of tobacco use.

Student Participation:

Several students took the stage to share their knowledge and perspectives on the harmful effects of smoking, providing a peer viewpoint on the issue.

Signing Campaign:

A signing campaign was conducted where participants were encouraged to leave messages on sticky notes. This symbolic act represented their commitment to a tobacco-free life and created a visual testament to the collective effort against tobacco use.

Interactive Activity:

A small game of blowing balloons was conducted, with two students participating. This activity was designed to demonstrate the immediate effects of smoking on lung capacity and health.

Dignitaries Present:

Mr. Nagaraj Urs M., Vice Principal (Academics)

Mr. Ronald Prakash Cutinha, Vice Principal (Administration)

Mr. A. Thomas Gunaseelan, IQAC Coordinator

Dr. Alphonsus D'Souza, PG Coordinator

UG & PG Faculties

Conclusion:

The "No Tobacco Day" programme was a successful initiative that engaged students and faculty in meaningful discussions about the harmful effects of smoking. The participation of dignitaries and the collaboration with Radio Mirchi added significant value to the event. The signing campaign and interactive activities not only made the event informative but also interactive and memorable. This initiative by the IQAC serves as a reminder of the continuous efforts needed to promote health and well-being within the academic community.

Observation and Celebration of World Environment Day

on 5/6/2024 at the MBA & MCA AC Conference Hall

Objective & Preamble

The World Environment Day celebration at our institution aimed to raise awareness about environmental issues and foster a sense of responsibility towards nature among students and faculty. The theme for the year 2024, "Land Restoration, Desertification, and Drought Resilience," was central to the day's events, emphasizing the urgent need for sustainable land management practices to combat environmental degradation and climate change.

Venue

MBA Conference Hall

Time

11:30 AM to 1:00 PM

Number of Participants: 102 (Students & Faculties)

Event Proceedings

Master of Ceremony

The event commenced with Dr. Deepa V., Assistant Professor, Department of BBA, taking charge as the Master of Ceremony. Her articulate and engaging manner set a positive tone for the proceedings.

Philos Anthem & Invocation

The ceremony began with the Philos Anthem, followed by an invocation by a PG student, which created a reflective and solemn atmosphere appropriate for the occasion.

Watering the Saplings

The dignitaries symbolically watered saplings, highlighting the commitment to nurturing the environment and underscoring the importance of active participation in environmental conservation efforts.

Welcome Address

Mr. William Joseph, Assistant Professor, Department of English, delivered the welcome address. He warmly greeted the attendees and provided an overview of the event's significance, reinforcing the need for collective action to preserve our planet.

Introducing the Guest

Ms. Arshiya Khanum, Assistant Professor, Department of BBA, introduced the guest speaker, Dr. T. S. Harsha, Chairman, Department of Environmental Science, KSOU, Mysore. She detailed his contributions to environmental science, setting the stage for his keynote address.

Talk on the Environment by Dr T.S. Harsha

Dr. T. S. Harsha delivered a compelling talk on "Land Restoration, Desertification, and Drought Resilience." He provided insightful analysis and practical solutions, stressing the critical role of sustainable practices in combating land degradation and enhancing resilience against droughts.

Short Video Documentary

A short video documentary on the importance of the environment prepared by Ms. Mirium Priscilla of IQAC, was screened. The documentary highlighted pressing environmental issues and showcased successful restoration projects, serving as both an educational tool and a source of inspiration.

Administration of Pledge

Mr. A. Thomas Gunaseelan, IQAC Coordinator, led the administration of a pledge to reduce the use of plastic. This collective commitment was a powerful moment, emphasizing the personal responsibility each individual has towards reducing plastic pollution.

Feedback Collection

The IQAC team facilitated the collection of feedback about the program through a QR code system. This approach ensured quick and efficient feedback, which will be invaluable for planning future events.

Vote of Thanks

Ms. Jeevitha Saldanha, Green Cell Coordinator, delivered a vote of thanks. She expressed gratitude to all participants, organizers, and attendees for their contributions and support in making the event a success.

National Anthem & Planting of Saplings

The event concluded with the National Anthem, followed by the dignitaries' planting the saplings. This act symbolized hope and a commitment to environmental stewardship, leaving a lasting impression on all attendees.

Conclusion

The World Environment Day celebration at our institution was a resounding success. It not only raised awareness about critical environmental issues but also inspired actionable commitments towards sustainability. The collective efforts of students, faculty, and distinguished guests underscored the importance of unity in addressing global environmental challenges.

Observation and celebration of International YOGA DAY

21st June 2024 in front of the PG Block

REPORT

St. Philomena's College (Autonomous), Mysore observed International Yoga Day "**Yoga for self and society**" on 21-6-2024. The programme was inaugurated by the Campus Administrator Rev. Fr. Gnana Pragasam, Assistant to Rector Fr. David Sagayaraj S. and Principal Dr. Ravi JD Saldanha and IQAC Co-ordinator Mr. A. Thomas Gunaseelan, PG Co-ordinator Dr. Alphonsus D'Souza and by Vice Principal Administration Mr. Ronald Prakash Cutinha. Students from various departments of PG Studies participated in the programme, the programme started at 10:30 Am in front of the PG block under the guidance of Dr. Noor Mubasheer C A (PG Dean) and the master of ceremony was Ms. Shirley Anthony Asst. professor (MSW Dept). Ms. Nandana Asst. Professor (MSW Dept) and Ms. Ganashree,1st year MSW student demonstrated the various Asanas to the gathering, which included Badakhonasana, Sukhasana, Parivittasana, Tadasana, Vrikshasana followed by Surya-namaskara and Shavasana. The programme was conducted to spread the message on how yoga prioritizes the physical and mental well-being of the community and self was addressed by Principal Dr Ravi JD Saldanha the programme was concluded around 12:00 noon with vote of thanks given by Ms. Shirley Anthony Asst. professor (MSW Dept) and a certificate was given to the two demonstrators.

One-Day Awareness Programme at St. Philomena's College Marks International Day Against Drug Abuse

26th June 2024 at Indoor Stadium

Mysuru, June 26: St. Philomena's College, Bannimantap, hosted a one-day awareness programme at Indoor Stadium on the day of the International Day Against Drug Abuse and Trafficking. The event witnessed participation from students and faculties, aiming to educate and raise awareness about the dangers of drug abuse.

Mr. M. Muthuraj, IPS, DCP (law and order) Mysuru city graced the occasion as the chief guest. The programme featured a skit performed by the students of St. Philomena's College, which illustrated the harmful effects of drug abuse on individuals and society. The skit was well-received and emphasized the pervasive impact of drug addiction.

Dr. Ravi J D Saldanha, Principal of St. Philomena's College filled the Presidential honour.

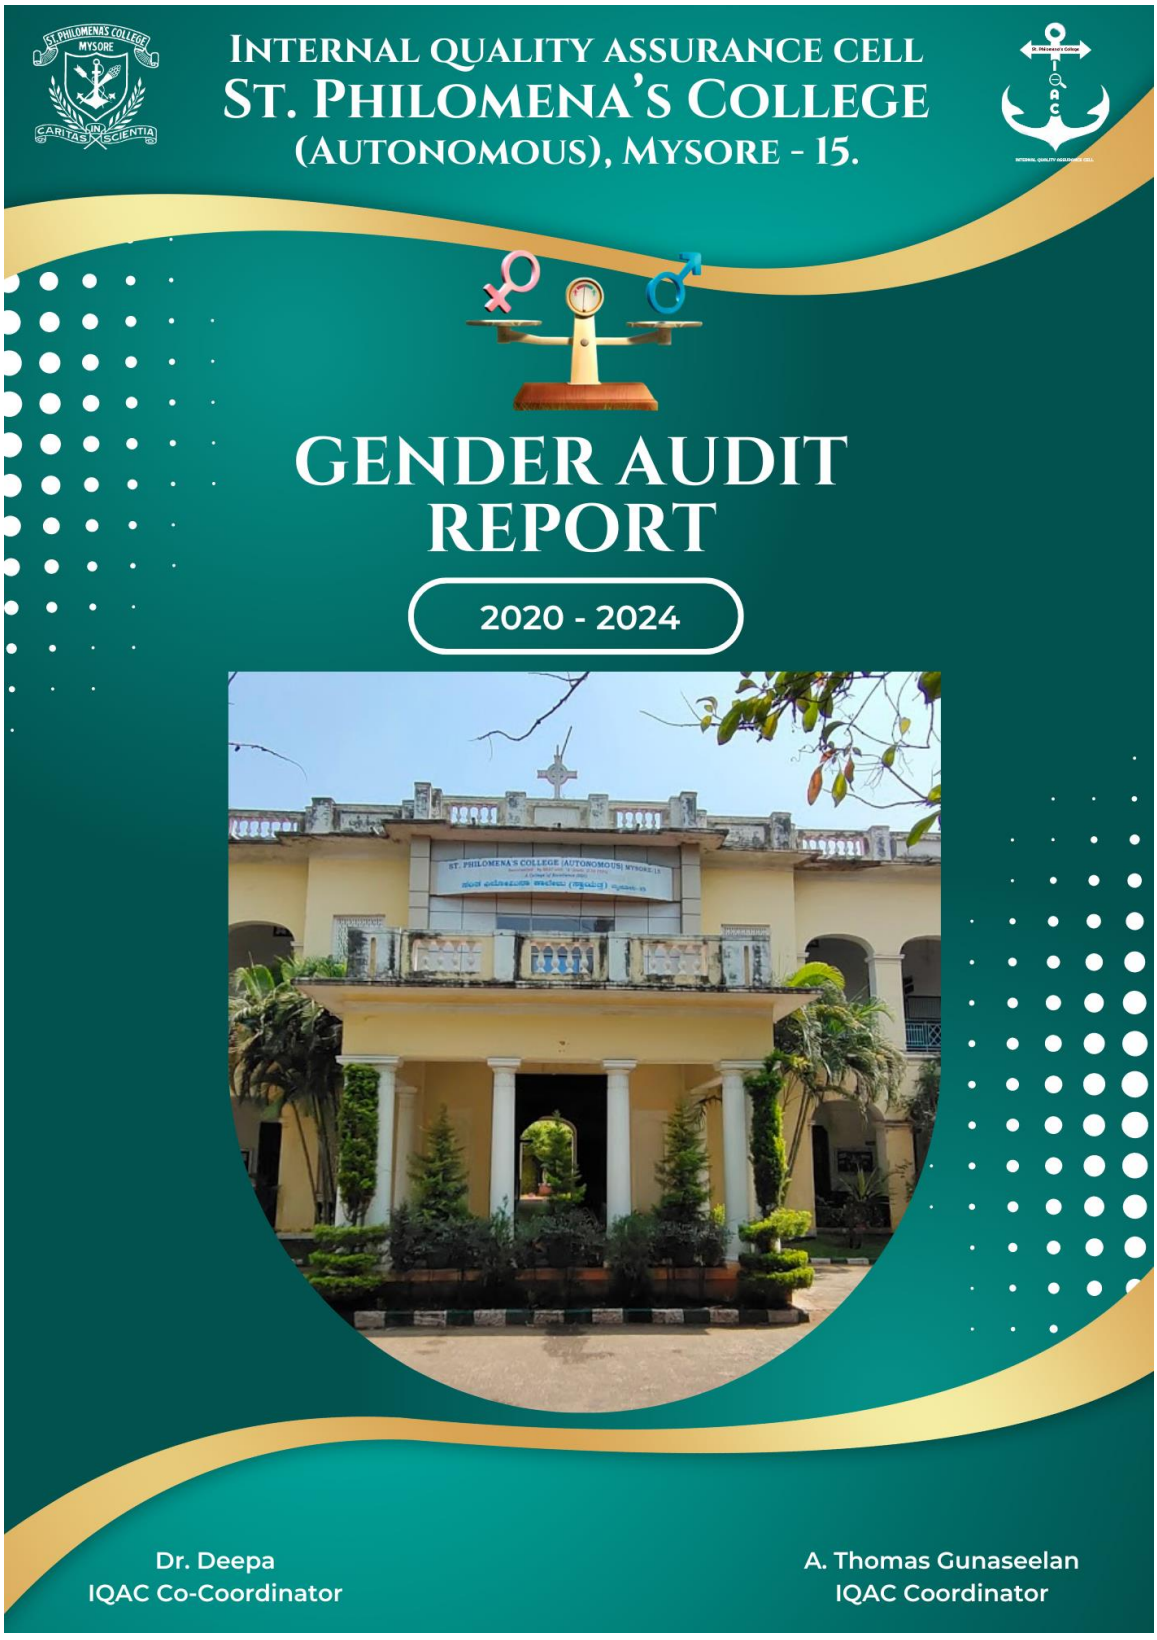

A highlight of the event was the pledge taken by all participants, administered by M. Muthuraj, IPS, DCP (law& order) Mysuru division to contribute towards a drug-free community

Mrs. Shirley Anthony, Assistant Professor, Department of Social Work, was the host for the day. The programme commenced with a warm welcome address by Dr. Deepa V, Assistant Professor, Department of BBA. Ms. Suhan Poovaiah, Assistant Professor, Department of English, highlighted the Significance of the International day against the drug abuse. Dr. B. Shyla, Associate Professor, Department of Chemistry, expressed gratitude to the gathering in her vote of thanks.

Adding to the day's activities, postgraduate students from St. Philomena's College conducted an awareness rally, further spreading the message of the dangers of drug abuse and advocating for a drug-free community.

The programme was attended by Rev. Dr. Lourdu Prasad Joseph, Rector, Rev. Fr. Gnana Pragasam, Administrator, Fr. David Sagaya Raj, Assistant to the Rector, Dr. Ravi J.D Saldanha, Principal of St. Philomena's College, Mr. A. Thomas Gunaseelan, IQAC Coordinator, Mr. M. Nagaraj Urs and Mr. Prakash Cutinha Vice Principals, Dr. Noor Mubasheer C A, PG Coordinator PG, and other members of the college, reflecting the strong support and involvement.

Release of Gender Audit Report (2020 – 2024) of St. Philomena's College (Autonomous), Mysore 10th July 2024 at Auditorium.

Release of IQAC Roadmap 2024 – 2025

6-Day Faculty Development Programme on Technology-Driven Resilient Education in the Era of AI Tools

Day 1
10th July 2024 – Inauguration

Event	Speaker
Welcome Address	Mr. A. Thomas Gunaseelan, IQAC-Coordinator
Significance of the FDP	Dr. Ravi JD Saldanha, Principal
Introducing the Resource Person	Ms. Neena P.K., Asst Professor of Zoology
Keynote Address	Dr. Sundar KS, Associate Vice President & Head, IMS Academy, Infosys, Mysore
Patron's Message	Rev. Dr. Lourdu Prasad Joseph, Rector
M C	Dr. Deepa V
Vote of Thanks	Dr. Sadiya Tabassum, Assistant Professor of MBA

Keynote Speaker: ***Dr. Sundar KS, Associate Vice President & Head, IMS Academy, Infosys, Mysore***
Topic: ***Technology-Driven Resilient Education in the era of AI Tools***

The keynote address was delivered by Dr. Sundar KS, Associate Vice President & Head, IMS Academy, Infosys, Mysore. He began his speech by reminiscing about his childhood and lauding Philos for their efforts in organizing the FDP. He then highlighted the significance of understanding the changes occurring in three dimensions: work, workplace, and workforce.

Change in Work: Dr. Sundar discussed the evolving nature of work, noting that today's problems are often unidentified. He highlighted that modern students are expected to be business transformation partners, possessing multidimensional capabilities. Dr. Sundar pointed out that teachers act as facilitators of data and information, but students need contextualized knowledge and skills to solve real-world problems. He also discussed the shift from a human-centric approach to a machine-centric approach due to AI, which has reduced mundane efforts but raised existential questions about the future of skills. He encouraged educators to be change agents and move from order-taking to business transformation.
Change in Workplace: Dr. Sundar spoke about the changes in the workplace, noting the rise in remote work and the norm of hybrid work. He underscored the necessity of strong communication skills and the importance of grooming youngsters to work remotely with the required skills.
Change in Workforce: Dr. Sundar addressed the diversification of the workforce, highlighting that teams now consist of members from across the globe, bringing different styles, cultures, and communication methods. He stressed the responsibility of teachers in producing global citizens and fostering a teamwork attitude.

Dr. Sundar also discussed the changing educational landscape in the millennial era:

1. Addressing the challenge of consistency and the need for accessible online learning.
2. Promoting microlearning or byte learning, which offers fast learning through small capsules of information.
3. Shifting learning from a push model to a pull model by motivating students to learn and gamifying the learning process.

He encouraged educators to embrace Generative AI and large language models (LLMs) as tools for creating content and teaching. He advised educators to become AI-first educators, good prompt engineers, and proficient content creators using AI.

Dr. Sundar concluded his address by urging educators to be passionate about their work, adapt to change, and avoid becoming outdated, likening it to avoiding becoming a "dinosaur."

Day 2 - 11th July, 2024

Event	**Speaker**
Introducing the Resource Person	Ms. Shruthi Menezes, HOD, Dept of Mathematics
Session Topic: "Teaching Pedagogical Strategies"	Prof. Prahallada NN., Former Professor of Education, Regional Institute of Education, Mysore
Vote of Thanks	Ms. Shruthi Menezes, HOD, Dept of Mathematics

Keynote Speaker: ***Prof. Prahallada NN., Former Professor of Education, Regional Institute of Education, Mysore***

Topic: ***Teaching Pedagogical Strategies***

Prof. Prahallada began by emphasizing the importance of FDPs in improving research orientation. Quoting Socrates, he stated, “There is only one good, knowledge, and only one evil, ignorance.” He highlighted the difference between knowledge and information, noting that processed information becomes knowledge, and further processed knowledge turns into wisdom, which comes with age and experience.

He advised educators to “ink think but do not blink,” stressing the importance of deliberate action in teaching. He discussed the role of education policies in ensuring standard and quality, referencing the National Education Policy (NEP) 2020, which focuses on access, equity, quality, affordability, and accountability.

Prof. Prahallada introduced the concept of Artificial Intelligence (AI), coined by John McCarthy, and explained resilience as an ability to bounce back from setbacks. He outlined various pedagogical strategies such as heutagogy (self-directed learning), andragogy (adult learning), and geragogy (elderly learning).

He emphasized that advanced pedagogy is necessary to enhance student performance, promote professional teacher growth, and create a supportive learning environment. Prof. Prahallada highlighted the importance of making teaching meaningful through activity-based strategies that engage students. He explained that the modern role of a teacher is as a learning facilitator, guiding students through a tension reduction process.

After a tea break at 03:00 pm, the second session resumed at 03:15 pm with Prof. Prahallada continuing his discussion on pedagogical strategies. He differentiated between attitude and aptitude and introduced Gagne’s theory, which is a teacher-centered approach and contrasted this with Bruner’s theory of constructivism, which is a student-centered approach that views learners as active social agents. He also discussed collaborative learning, blended learning, and critical pedagogy, emphasizing their importance in modern education.

The session concluded with a discussion allowing participants to share their thoughts and ask questions.

Day 3 - 12th July, 2024

Event	**Speaker**
Introducing the Resource Person	Ms. Jeevitha Saldanha, Asst Professor of Botany
Session Topic: “Personal and Professional Development”	Dr. L Gandhi, Associate Professor – Department of OB/HRM, SDMIMD, Mysore
Vote of Thanks	Ms. Jeevitha Saldanha, Asst Professor of Botany

Keynote Speaker: ***Dr. L. Gandhi, Associate Professor – Department of OB/HRM, SDMIMD, Mysore***

Topic: ***Personal and Professional Development***

Dr. Gandhi began his session by emphasizing the importance of personal and professional development for educators. He introduced the concept of '**design thinking'**, which is a problem-solving approach that involves understanding user needs, re-framing problems, and prototyping solutions. He explained that design thinking encourages creativity and innovation, helping educators to develop more effective teaching strategies and create a more engaging learning environment.

Dr. Gandhi also discussed the role of '**trigger questions'** in stimulating critical thinking and engagement among students. He explained that asking thought-provoking questions helps students to analyze, interpret, and evaluate information, thereby deepening their understanding of the subject matter. For example, instead of asking students to memorize facts, educators could ask questions that encourage them to explore the implications and applications of those facts. Throughout the session, Dr. Gandhi provided **examples** of how design thinking and trigger questions can be applied in the classroom. He shared case studies of successful implementations and highlighted the positive impact on student engagement and learning outcomes.

Dr. Gandhi also emphasized the importance of integrating technology into teaching. He highlighted the use of **Moodle**, a learning management system, to enhance the learning experience. He explained that Moodle allows educators to create and manage courses, provide resources, and facilitate communication with students. Dr. Gandhi shared tips on how to effectively use Moodle to support various teaching activities, such as creating online quizzes, organizing discussion forums, and tracking student progress.

After a tea break, the second session resumed with Dr. Gandhi continuing his discussion on personal and professional development. He delved deeper into the practical aspects of implementing design thinking in education. He encouraged educators to adopt a user-centric approach, focusing on the needs and experiences of their students.

He also highlighted the importance of providing timely and constructive feedback to students through Moodle, helping them to reflect on their progress and identify areas for improvement.

The session concluded with a discussion period, allowing participants to share their experiences and ask questions. Dr. Gandhi encouraged educators to embrace continuous learning and development.

Day 4 - 13th July, 2024

Event	**Speaker**
Introducing the Resource Person	Ms. Arshiya Khanum, Asst Professor of BBA
Session Topic: "Artificial Intelligence Tools"	Dr. Sunil MV, Assistant Professor – Systems & General Management, SDMIMD, Mysore
Vote of Thanks	Ms. Arshiya Khanum, Asst Professor of BBA

Keynote Speaker: ***Dr. Sunil MV, Assistant Professor – Systems & General Management, SDMIMD, Mysore***

Topic: ***Artificial Intelligence Tools***

Dr. Sunil MV began by providing a brief history of artificial intelligence (AI), tracing its evolution from early conceptualizations to its current applications. He introduced the CID task-promoting technique, which stands for Context, Instructions, Data. This technique is essential for effectively using AI tools, as it helps in setting the right context, giving clear instructions, and providing the necessary data for the AI to process.

One of the AI tools Dr. Sunil highlighted was **Compose AI,** which can assist in composing emails efficiently. He demonstrated how this tool can streamline communication and save time for professionals.

He also introduced **AI** tool which is particularly useful for social sciences. This helps in generating questions and exploring complex topics, making it easier for researchers to delve deeper into their subjects.

After a tea break, the second session resumed with Dr. Sunil continuing his discussion on AI tools. He discussed **Jenni AI**, an AI tool designed to assist students in reviewing literature. This tool helps in summarizing research papers and identifying key points, making the literature review process more manageable.

For professional researchers, Dr. Sunil recommended **Elicit AI.** This tool is designed for in-depth literature reviews, offering advanced features for summarizing and analyzing academic papers.

He then introduced **Kaggle**, a platform used to pull data and identify variables for analysis. Kaggle provides datasets and a collaborative environment for data scientists to work on projects and share insights. **Data Analyst GPT** was another tool discussed, which assists in data analysis. This tool uses AI to process and analyze large datasets, providing valuable insights and visualizations.

For creating presentations, Dr. Sunil recommended **Gamma**, an AI tool that helps in designing PowerPoint presentations quickly and effectively. He also introduced **Krutrim Ola**, a tool for translating text to Kannada, making AI resources accessible to a broader audience.
Leonardo AI was highlighted for accessing apt pictures. This tool helps in finding relevant images that can enhance presentations and documents. For script writing, he introduced **Camelo**, an AI tool that assists in crafting scripts for various purposes.
Lastly, Dr. Sunil introduced **Harpa** and **Turnitin**. Harpa helps in creating small paragraphs and summaries, while Turnitin is a trusted plagiarism detection tool widely used in academia.

The session concluded with a discussion period, allowing participants to share their experiences and ask questions.

Day 5 - 15th July, 2024

Event	**Speaker**
Introducing the Resource Person	Dr. Praveen Saldanha, Dean of Arts
Session Topic: “Intellectual Property Rights & Patents”	Dr. K. Joshi Hanumanthachar, Principal, Sarada Vilas College of Pharmacy, Mysore
Vote of Thanks	Dr. Praveen Saldanha, Dean of Arts

Keynote Speaker: ***Dr. K. Joshi Hanumanthachar, Principal, Sarada Vilas College of Pharmacy, Mysore***

Topic: ***Intellectual Property Rights & Patents***

In the session, Dr. K. Joshi Hanumanthachar delivered an insightful talk on intellectual property rights, focusing on patents, designs, trademarks, and copyrights. Dr. Hanumanthachar emphasized that patents grant exclusive rights to inventors, preventing others from making, using, or selling their invention without permission. He highlighted that patents do not confer a right to use the invention but rather a right to exclude others from using it, typically lasting 20 years from the filing date.

Dr. Hanumanthachar discussed how patent laws are designed to protect inventions and stimulate innovation by rewarding inventors with exclusive rights. He underscored the importance of sufficient disclosure of inventions in exchange for protection under these laws.

Regarding the patent application process, Dr. Hanumanthachar explained that it involves submitting a detailed application to the appropriate patent office, disclosing the technical details and novelty of the invention compared to existing knowledge. He outlined the procedural steps, including formal examination, substantive examination, and potential opposition procedures.

In terms of documentation required for patent applications, Dr. Hanumanthachar noted that applicants must provide a detailed description of the invention, claims defining the scope of protection sought, drawings where applicable, and fulfill any necessary fees and forms.

Addressing the importance of patent documents, Dr. Hanumanthachar explained that these contain critical information such as bibliographic details, technical specifications, and legal claims. They serve as foundational resources for asserting rights, licensing agreements, and ensuring compliance with patent laws.

Discussing the legislative framework in India, Dr. Hanumanthachar pointed out that the Patents Act and associated regulations govern patent protection. He mentioned that amendments over the years have refined criteria for patentability, procedural requirements, and obligations under international agreements such as TRIPs.

In conclusion, Dr. Hanumanthachar highlighted the scope of patentability under the Patents Act, stressing that inventions must meet criteria including novelty, inventive step, and industrial applicability to qualify for protection. He reiterated the pivotal role of patents in protecting intellectual property and fostering innovation in various sectors.

Day 6 - 16th July, 2024

Event	**Speaker**
Introducing the Resource Person	Dr. Sunil D' Souza, ICT Coordinator
Session Topic: "Technology Embedded Education"	Dr. Anil Kumar KM., Dean, International Engagements and Ranking, JSS Science & Technology University, Mysore
Vote of Thanks	Dr. Sunil D' Souza, ICT Coordinator

Keynote Speaker: ***Dr. Anil Kumar KM., Dean, International Engagements and Ranking, JSS Science & Technology University, Mysore***

Topic: ***Technology Embedded Education***

Dr. Anil Kumar started the session by emphasizing the integration of various tools and platforms to enhance learning and teaching processes. He said that, during the COVID-19 pandemic, the following ICT tools became particularly vital:

- PowerPoint and multimedia tools
- Google Meet and Google Classroom
- Zoom platform
- Camstudio and Screen-O-Matic

He further threw light on Popular Technologies in Education: Digital PADs, Tablets, Smart Boards, E-Books, Learning Management Systems (LMS). He added that today we are looking at:

1. **Augmented Reality (AR) & Simulations**:
   - Example: IKEA's use of AR for product visualization.
   - Applications: Engineering, medical, and business education.
2. **Adaptive Learning**:
   - Customizes learning materials and assessments based on individual student needs.
3. **AI in Education**:
   - Special needs assistance, interactive learning games, infrastructure monitoring, plagiarism detection, chatbots for enrollment and retention.
4. **5G Technologies**:
   - Enhanced connectivity supports advanced learning tools, personalized and remote learning.
5. **Learning Analytics**:
   - Collecting and analyzing data to improve learning outcomes.
6. **Blockchain Technology**:
   - Securely stores and verifies student records and e-transcripts.
7. **Social Media in Learning**:
   - Facilitates active learning, access to resources, communication, and collaboration.
8. **Gamification**:
   - Integrates game elements to increase engagement and motivation.
9. **Cloud Computing**:
   - Provides virtualized resources like SaaS, IaaS, and PaaS for educational purposes.
10. **3D Printing**:
    - Allows rapid prototyping, custom prosthetics, and enhances STEM education.

Dr. Sunil elaborated on the Challenges of Technology driven Education and discussed on;

- Security and privacy concerns
- Ethical issues like algorithmic bias
- Rapid technological changes
- Compliance with standards
- Economic and social impacts
- Technical challenges such as interoperability
- Environmental impact including e-waste and energy consumption

Diverting his attention to role of Technology in Research and Research Publications after a tea break he said, Publications serve as quantitative indicators of research impact, categorized into bibliometrics and altimetrik.

- **Researcher Profiles**:
  - ORCID, Researcher ID, Scopus Author Identifier, arXiv Author ID, Google Scholar Profiles, LinkedIn, ResearchGate ID, Vidwan ID, and others.
- **Altimetrik**:
  - Measures the broader impact of research through citations in government reports, social media mentions, mainstream media coverage, blog discussions, etc.

He discussed the advantages and disadvantages of Altimetrik in detail and brought out the significance and changing dimensions. He said that altimetrik is useful because it captures social impact, complements traditional metrics, accumulates data quickly and open access advantage. While its disadvantages include lack of normalization, time-dependency, tracking issues.

He concluded the session by stressing the fact that technology is revolutionizing education and research. While it enhances various aspects of learning and research processes, it is crucial to manage its influence wisely. Technology should serve as a useful tool without overshadowing the human elements of education and research.

Deeksharambh – Orientation Programme for 3rd and 5th Semester Students (2024-2025)

Organized by the Internal Quality Assurance Cell (IQAC) and Students Grievances Redressal Committee (SGRC)

Date: 11th July 2024 (Thursday) and 12th July 2024 (Friday)

The Deeksharambh orientation programme was successfully conducted over two days, aimed at welcoming and guiding the 3rd and 5th-semester students. The event provided a platform for students to familiarize themselves with the college, its values, and the support available to them. Organized by the IQAC and SGRC, the sessions were led by distinguished faculty members and dignitaries.

Day 1: 11th July 2024 (Thursday)
Time: 09:30 am – 01:00 pm
Convener: Mr. A. Thomas Gunaseelan (IQAC Coordinator)
Coordinator: Dr. Praveen Saldanha (SGRC Coordinator)

1. Registration (09:30 am)
The programme began with student registration overseen by Dr Praveen Saldanha, Dean of Arts, ensuring a smooth start to the day's events.

2. Inauguration (10:05 am)
Dr. Deepa V, Co-Coordinator of IQAC, initiated the proceedings as the Master of Ceremony (MC), introducing the day's programme with enthusiasm.

3. Philo Anthem (10:10 am)
The event continued with the Philo Anthem, led by Mr. Martin and the College Acoustics Team, uniting the participants with the values of the institution.

4. Prayer (10:15 am)
Rev. Fr. Gnana Pragasam, Campus Administrator, led the assembly in prayer, seeking blessings for the students and faculty.

5. Inauguration and Watering the Sapling (10:20 am)
The dignitaries symbolically inaugurated the orientation by watering a sapling, signifying growth, learning, and the nurturing of young minds.

6. Welcome Address (10:25 am)
Dr. Ravi JD Saldanha, Principal of St. Philomena's College, delivered a warm welcome address, encouraging students to embrace the opportunities and resources provided by the institution.

7. Profile of the Rector (10:35 am)
Mr. William Joseph, HOD and Assistant Professor of English, read out the profile of the Rector, highlighting his contributions to the college.

8. Rector's Message (10:40 am)
Rev. Dr. Lourdu Prasad Joseph, Rector, delivered an inspiring message, urging students to focus on discipline, hard work, and holistic development.

9. Vote of Thanks (10:55 am)
Ms. Neena P.K, Co-Coordinator of the Academic Section, expressed gratitude to all the dignitaries, faculty, and students for their participation and support.

Tea Break (11:00 am to 11:15 am)

10. Session 1: Communication and Interpersonal Skills (11:20 am)

Mr. J. Joel, Assistant Professor of Christianity, introduced the resource person, Prof. V.K. Jose, former Principal of Teresian College, Mysore.
Prof. Jose conducted an interactive and informative session on communication and interpersonal skills, stressing their importance in both academic and personal life.

11. Discussion and Thanking Session (12:50 pm)
The session concluded with a discussion, followed by a vote of thanks delivered by Ms. Juhie Singh P., Assistant Professor of Commerce.

12. National Anthem (12:55 pm)
The day's events ended with the National Anthem, instilling a sense of unity and patriotism among all attendees.

Day 2: 12th July 2024 (Friday)
Time: 09:20 am – 01:00 pm

1. Session 2: Mental Health and Wellbeing (09:30 am)
Ms. Arshiya Khanum, Assistant Professor of BBA, introduced the resource person, Rev. Dr. Roby James, Consultant Psychologist at Sanjo Hospital, Mandya.
Rev. Dr. Roby James delivered an insightful session on mental health and wellbeing, addressing the importance of maintaining emotional and psychological balance.

2. Discussion and Thanking Session (10:55 am)
Ms. Jeevitha Saldanha, Assistant Professor of Botany, led the discussion and expressed gratitude to the resource person for the engaging and thoughtful session.

Tea Break (11:00 am to 11:15 am)

3. Session 3: Motivation and Meditation (11:20 am)

Mr. Mathew C., Assistant Professor of BSW, welcomed and introduced the resource person, Rev. Fr. Richard Menezes, Superior and Director of Dhyana Sadhana, Mysore.
Rev. Fr. Menezes' session focused on the importance of motivation and meditation, teaching techniques for inner peace and mental clarity to enhance academic performance.

4. Discussion and Thanking Session (12:50 pm)
Ms. Syeda Farhana, Assistant Professor of Microbiology, led the discussion and offered a vote of thanks to Rev. Fr. Menezes for the enriching session.

5. Feedback Session (IQAC)
An interactive feedback session was conducted by the IQAC team, allowing students to share their thoughts on the orientation programme, which helped in enhancing future events.

6. National Anthem (01:00 pm)
The two-day orientation programme concluded with the National Anthem, bringing a successful and fulfilling event to an end.

Conclusion

The Deeksharambh Orientation Programme successfully introduced the 3rd and 5th semester students to the academic journey ahead, providing them with the necessary skills and insights to thrive. The sessions on communication, interpersonal skills, mental health, wellbeing, motivation, and meditation were highly appreciated by the students, setting a positive tone for the academic year 2024-2025.

The event, organized by the IQAC and SGRC, demonstrated the college's commitment to the holistic development of its students, both academically and personally.

“Deeksharambh: 2024 - 2025 –

A Student Induction Programme for the First Year Students”

18th July – 20th July 2024

3 days Orientation Programme for the First Year First Semester students Organized by the IQAC and the Placement Cell (Thursday) 18th July 2024 – 20th July– 09.30 AM to 12.30 PM

Inauguration: 10. 00 am

The "Deeksharambh" Orientation Program at St. Philomena’s College Autonomous, Mysore, commenced on 18th July 2024 at 10.00 am, the Program for newly admitted students and their parents/guardians from 18th to 20th July 2024.

Oath Administration

The event, organized by the Internal Quality Assurance Cell (IQAC), was conducted at the college’s indoor stadium with a solemn and inspiring inauguration ceremony. The event began with the rendition of the college anthem, "Philomena's Anthem," followed by a heartfelt prayer by Rev. Fr. Gnana Pragasam, Administrator. The official inauguration was symbolized by the watering of saplings, representing growth and new beginnings by the Rev. Dr. Lourdu Prasad Joseph, Rector, St. Philomena’s College.

DAY 01, SESSION 01 - Principal's Address: Dr. Ravi J D Saldanha

Dr. Ravi J D Saldanha, the Principal, delivered an inspiring address to the newly admitted students and their parents. The Principal began by congratulating the students on their successful admission to the college, highlighting their achievement in securing a place at such a reputable institution. He expressed his heartfelt wishes for their future endeavors and assured them that they had made a wise decision in choosing St. Philomena's for their higher education. Emphasizing the significance of their academic choices, the Principal commended the students for selecting their combinations judiciously, which would serve as a strong foundation for their future careers. He reassured them that the college's diverse programs and experienced faculty would provide the necessary knowledge and skills to excel in their chosen fields, an overview of the campus facilities, including laboratories, a well-stocked library, and various extracurriculars.

Rector's Message: Rev. Dr. Lourdu Prasad Joseph

The Rev. Dr. Lourdu Prasad Joseph, Rector, delivered an inspiring and motivational address to the newly admitted students and their parents. He began by sharing his personal academic journey, recounting how he pursued his PhD in Europe at the age of 40. He humorously compared his experience to that of a UKG student, emphasizing that learning is a continuous process that requires patience and gradual understanding. Highlighting the crucial role of parents, the Rector emphasized that their support and involvement are essential for the students' success. He urged parents to join hands with the college and its teachers in guiding and nurturing their children. By working together, he maintained, they could effectively handle the responsibilities of shaping the students' academic and personal growth. With the support of their parents and teachers, he assured the students that they would have a bright and successful future ahead.

ERP – Attendance Monitoring System - Mr. Roshan D' Souza

Mr. Roshan D' Souza explored the implementation of an ERP- Enterprise Resource Planning (ERP) Attendance monitoring system for newly joined degree students. Enhancing systems integrate various business processes and functions into a single comprehensive system, detailing its features, benefits, and impact. Communication, and improve overall efficiency. One critical function of such a system is attendance monitoring, which plays a crucial role in maintaining academic discipline and ensuring student success.

“Motivational & Meditation ” - Rev. Fr. Richard Menezes,

Rev. Fr. Richard Menezes Director, Dhyana Sadhana Mysore, had a motivational session with students of first year. During the interaction with the students, he developed the title. His entire session was full of enthusiasm. Rev. Fr. Richard Menezes tried to encourage students to overcome the stage phobia, and many students spoke for the first time in front of the audience.

Role & Responsibility: The MC of the event was Ms. Meghana (PRO & PO), Video Bytes by Mr. Joel J, Department of Christianity, and vote of thanks by Dr. Deepa V., Co-Coordinator, IQAC.

Presence: Rev. Dr. Lourdu Prasad Joseph, Rector, Rev.Fr. Gnana Pragasam, Administrator, Rev. Fr. David Sagayaraj S, Assistant Rector, Dr. Ravi J D Saldanha. Principal, Mr. M. Nagaraj Urs, Vice Principal (Administration), Mr. Ronald Prakash Cutinha, Vice Principal (Administration), Mr. A. Thomas Gunaseelan, Coordinator, IQAC, Dr. Reena Francis, Controller of Examinations, Dr. Noor Mubasheer C.A, Coordinator, PG Studies & Research Centre, Dr. Alphonsus D’ Souza Coordinator, UUCMS, Mr. A.T. Sadebose, Dean- - Languages, Prof. Agnes Sylvia D’ Souza, Dean of Science, Mr. Praveen Saldanha, Dean-Arts & Students Welfare officer, were present at the event.

DAY 02, SESSION 02

Dr. Alphonsus, the nodal officer of UUCMS, delivered a speech emphasizing the significance and necessity of UUCMS, explaining the login process and the initial password provided by the institution, which can be modified later. He highlighted that the uploaded mark list can be accessed globally, stressing the importance of ensuring accurate data entry. Additional registration instructions for UUCMS will be communicated accordingly.

The second session focused on the SEP syllabus presented by Professor Nagaraj Urs

The second session focused on the SEP syllabus presented by Mr. M. Nagaraj Urs, from the Department of Physics, who is also the Vice Principal of the Academic Section. He discussed the allotment of the Karnataka State Education Policy, which will replace the National Education Policy starting from 2024-2025.

He mentioned that students need to choose three discipline-specific core papers, except for those pursuing BBA, BCA, and BCom. In terms of languages, students must select two, with English being compulsory and the other being optional.

The government has mandated that all students must take Indian Constitution and Environmental Studies as compulsory papers. A minimum attendance of 85% is necessary to receive the hall ticket.

The assessment will consist of four components, with C1 scheduled after 8 weeks, C2 after 15 weeks, and the final examination in the 16th week. The minimum pass mark is 28, but students must achieve at least 40 out of 100 marks. The third session was led by the assistant librarian, Ms. Florence

The third session was led by the assistant librarian, **Ms. Florence**, emphasizing the importance of books and the advantages of reading. With over 46,000 books available,

students were encouraged to visit the library for more information and were allowed to borrow 2 library cards each. Various other services were also provided, including access to e-resources through a link provided upon payment. The assistant librarian concluded her speech by stating that good readers make good leaders.

Mr. Ronald Prakash Cutinha, Vice Principal (Administration) also highlighted the importance of utilizing the library and resources effectively, such as the reference section and online databases. He encouraged students to make use of the library not just for academic purposes, but also for personal growth and development.

In addition to the wealth of books available, Mr. Ronald mentioned that the library also offers workshops, book clubs, and other activities to foster a love for reading and learning among students. He emphasized the role of the library in shaping well-rounded individuals who are not just academically successful, but also socially aware and culturally enriched.

The fourth session was a talk about the examination section by Dr. Reena Francis

The fourth session was a talk about the examination section by **Dr. Reena Francis**, head and dean of Commerce, the Controller of examination, who gave us an insight on the examination pattern and the responsibility every student should have The examination pattern for C1 and C2 will be internal assessment, carried out at the department level, each carrying 10 marks. For the first batch of students the internal assessment will be 20 marks, and the end-semester examination will be 80 marks.

Various activities like test assignments, quizzes, group discussions, and more will be decided by the teacher, with deadlines for submission or presentation in order to earn more marks. Additionally, the highest scorers of every class will receive ranks. The controller of examination also mentioned that there is a provision for repeating the C3 assessment, as C1 & C2 cannot be repeated. There will be no score for the story, as the marks will be submitted to the examination section. Updates to the revaluation rules will be provided later. This comprehensive examination pattern aims to provide a fair and thorough assessment of students and their knowledge and skills in the respective subjects**.**

The fifth session was Cultural Events by Dr Deepa V, department of Management CO Coordinator, and IQAC.

Dr. Deepa V, department of Management and Co Coordinator of IQAC, delivered a speech to the students highlighting our institution's cultural events. She pointed out how these events enrich our academic environment, showcase talents, and foster personal growth. She emphasized that participation enhances skills such as teamwork and confidence and promotes diversity and inclusion. Students were encouraged to continue supporting and participating in cultural activities, which in turn will help build a vibrant and inclusive community.

The sixth session was Career Guidance & Placements by Ms. Meghana (PRO&PO)

A career guidance and placement session were held for students at St. Philomena’s college, attended by over 600 students. **Ms. Meghana** Highlights Career Planning - Self-assessment, setting goals, exploring career options. Job Market Trends- Emerging industries, impact of technology, key skills sought by employers. Resume Building and Interview Preparation

Resume structure and content, interview types, and techniques. Job Search Strategies - Networking, online job portals, campus placements. Resources and Support - Career counseling, skill development workshops, information on recruitment drives, Inform about placement cell resources and support The session was successful, providing students with valuable career planning and placement tools.

The seventh session was Competitive Examinations by Dr. Poornima

A training session on competitive examinations was held on 19th July 2024, **Dr. Poornima** Highlights Study Techniques to the students to be Active learning, spaced repetition, mind mapping, Time Management, Creating study schedules, setting realistic goals, Exam Stress free, to maintain Stress management, mindfulness practices. The session successfully equipped students with essential strategies for competitive exams.

The eighth session was NSS, NCC by Mr. Joel J., Mr. Eliezer Vishwas and Mr. Francis Devasahayam.

An awareness session on the National Service Scheme (NSS) was conducted by **Mr. Joel J.** followed by awareness sessions on National Cadet Corps (NCC) were conducted by **Mr. Eliezer Vishwas and Mr. Francis Devasahayam** for the students. They briefly introduced NSS and NCC programs and explained their benefits and opportunities. They also encouraged the student participation. The sessions positively informed the students about NSS and NCC, highlighting the benefits and opportunities available through these programs.

The ninth session was on Rangers & Rovers by Mr. Mathew C.

Mr. Mathew C briefly discussed the importance and applications of Rangers and Rovers in various fields such as exploration. He presented the overview of the Ranger and Rover units to the students and explained the key components and functionalities of each unit.

Students were actively engaged, and they showed a keen interest in the presentation of the Rangers and Rovers. Participants gained practical insights and felt more confident in handling the equipment.

The tenth session was Sports & KPI by Ms. Periyanayagammal.

Ms. Periyanayagammal Provided a brief overview of the college's sports programs and the role of physical education in their overall development. She explained the variety of sports available, including team sports like football, basketball, volleyball, as well as individual sports like tennis and athletics also highlighted the importance of participating in sports for physical health, teamwork, and personal growth.

Blood Donation Camp

Organized by NSS and IQAC in Collaboration with ICICI Foundation
06th August 2024

On account of **Hiroshima Day**, the National Service Scheme (NSS) and the Internal Quality Assurance Cell (IQAC) of our college, in collaboration with the ICICI Foundation, successfully organized a Blood Donation Camp on [insert date]. The event, aimed at promoting the noble cause of blood donation, was held in the college premises and commenced at 10:00 AM, with Student Punitha Jyothi efficiently mastering the ceremony.

The inauguration ceremony was graced by the presence of several distinguished dignitaries, including Rev. Dr. Lourdu Prasad Joseph, the Rector and Manager; Dr. Ravi J. D. Saldanha, the Principal of our college; and the Chief Guests from the ICICI Foundation, Mr. Mahadevaswamy N and Ms. Satyasree M, the Project Managers.
The program began with a soulful invocation by the college choir, which created a serene and divine atmosphere. Following this, Mr. Joel J, the NSS Programme Officer, delivered the welcome address, extending a warm welcome to all the dignitaries, guests, faculty members, and students present.

Rev. Dr. Lourdu Prasad Joseph then delivered the Presidential Address, where he emphasized the importance of social service and encouraged students to take the first step by donating blood. His motivational speech highlighted the life-saving impact of blood donation and inspired the attendees to contribute selflessly to this cause.

Mr. Mahadevaswamy N from the ICICI Foundation provided a briefing about the foundation's initiatives and their commitment to social welfare. He highlighted the significant role of such collaborations in addressing critical needs and making a positive impact on society.

Ms. Satyasree M, also from the ICICI Foundation, delivered an insightful talk on the benefits of donating blood. She elaborated on how a single donation can save multiple lives and the health benefits for the donors themselves. Her detailed explanation enlightened the audience and encouraged them to participate actively.

Following the speeches, the blood donation process commenced. Leading by example, Mr. Joel J., the NSS Programme Officer, was the first to donate blood, followed by other staff members and students. The enthusiasm and commitment of the participants were palpable, with more than 80 students stepping forward to donate blood. The event was meticulously organized, ensuring a smooth and efficient donation process. Medical professionals from K R hospital were present to oversee the donations, ensuring the safety and well-being of all donors.

The Blood Donation Camp was a resounding success, achieving its goal of raising awareness about the importance of blood donation and encouraging students to participate in this life-saving activity. The collaboration with the ICICI Foundation added significant value to the event, and their support was instrumental in its success.

We extend our heartfelt gratitude to all the dignitaries, the ICICI Foundation, the medical team, faculty members, and students who contributed to the success of this event. The NSS and IQAC look forward to organizing more such initiatives in the future, fostering a spirit of community service and making a positive impact on society.

10th Convocation

Date & Time: 29/08/2024, 10 am

Place: **Indoor Stadium, St. Philomena's College (Autonomous)**

Chief Guest & Convocation Address: **Mrs. Febin M F, Business Head, College Connect, L&T Edutech, Chennai**

No. of Graduates: **611 candidates (409 graduates and 202 postgraduates), 48 Gold Medals.**

The 10th Convocation ceremony was held on August 29, 2024, within the confines of the college Indoor Stadium.

Academic Procession: The ceremony commenced with a solemn procession from the Post Graduate Studies & Research block, culminating with the entry into the Indoor Stadium. His Grace Most Rev. Dr. Bernard Moras, the Apostolic Administrator of the Diocese of Mysore, Rev. Monsignor Alfred John Mendonca, the Vicar General of the Diocese of Mysore, Mrs. Febin M F, Business Head, College Connect, L&T Edutech, Chennai, Prof. Lokanath N.K, the Vice Chancellor of the University of Mysore, Rev. Fr. Edward Saldanha, Secretary, MDES, Rev. Fr. Naveen Balakumar, Treasurer, MDES, Rev. Dr. Lourdu Prasad Joseph, the Rector of St. Philomena's Educational Institutions, Dr. Ravi J D Saldanha, the Principal, Mr. Nagraj Urs, Vice Principal (Academics), Mr. Ronald Prakash Cutinha, Vice Principal (Administration), Dr. Noor Mubasheer, Coordinator & Dean, PG Studies & Research Centre, Dr. Reena Francis, Controller of Examination & Dean, Commerce & Management, Ms. Agnes D'Souza, Sciences Dean, Dr. Praveen Saldanha, Arts Dean, Prof. A T Sadebose, Languages Dean, Mr. Thomas Gunasheelan, IQAC Coordinator, alongside other academic heads and dignitaries, were part of the academic procession. The College NCC, under the guidance of Commanding Officer Mr. Eliezer Vishwas from the Department of Physics, and the Mysore band led the procession with precision and grace.

Anthem, Prayer & Lighting of Lamp: The academic procession took the stage, marking the start of the grand event with the college anthem. This was smoothly followed by a prayer service and the traditional lighting of the lamp, bringing an auspicious and symbolic beginning to the occasion. The

invocation was led by the PU Choir, under the direction of Mr. Gnanpriyadas, lecturer in the Department of Computer Science, St. Philomena's PU College.

Welcome Address: The event began with a welcome address by Dr. Ravi J. D. Saldanha, Principal, St. Philomena's College. He graciously greeted the esteemed dignitaries, acknowledging the value of the time each had taken to be part of this special occasion. Dr. Saldanha expressed deep gratitude for their presence, emphasizing how their participation added significance to this 10th convocation—a landmark event that celebrates a decade of academic excellence and growth for the college. Reflecting on this milestone, he highlighted the progress made over the past ten years, from expanding programs and facilities to fostering an environment of innovation and inclusivity. Dr. Saldanha acknowledged the efforts of faculty, staff, and students who have contributed to making the institution a center of learning and leadership. He concluded his address with heartfelt wishes for the graduating students, encouraging them to carry forward the legacy of the college and envisioning a future filled with achievements and success.

Students' Feedback: The students' feedback on the convocation ceremony was overwhelmingly positive. They expressed their gratitude for the inspiring faculty memebers and the recognition of their hard work. They appreciated the ceremony's organization and the sense of accomplishment it provided. Overall, the event was seen as a fitting and memorable conclusion to their academic journey, marking the beginning of an exciting new chapter in their lives.

VC's address: Prof. N.K. Loknath, Vice Chancellor, University of Mysore, who presided over the event as the guest of honor, addressing the gathering observed that while India produces a large number of graduates, thanks to its vast young population, only 13 out of every 100 graduates manage to secure employment. He emphasized the critical role of higher education in enriching lives and highlighted the need to focus on improving the quality of education, especially as the National Education Policy (NEP) is being rolled out. The NEP, he noted, is transforming the teaching and learning process through the integration of artificial intelligence.

Prof. Loknath stressed that while knowledge grants power, it is good character that earns respect. "Knowledge alone is not enough to command respect," he remarked. "There are no shortcuts or clear maps to success." He encouraged the graduates to stay optimistic, avoid negativity, and focus on possibilities rather than problems to ensure continuous growth. Drawing inspiration from the mottos of both the college and the University of Mysore, he underscored that both institutions stand firmly on the foundation of inclusive education, striving to create an environment where everyone has the opportunity to learn and thrive.

Administration of Oath: Rev. Monsignor Alfred John Mendonca, the Vicar General of the Diocese of Mysore, administered the oath to the graduates, emphasizing the commitment they were making as they began the next chapter of their lives. His presence reinforced a sense of responsibility, morality, and purpose, reflecting the core values of the institution. This moment marked a significant pledge by the graduates to uphold the principles of knowledge, integrity, and service in their future endeavors.

Convocation Address: In her convocation address, Mrs. Febin M.F. celebrated the graduates for their dedication and perseverance, emphasizing that their journey does not end with graduation but is just beginning. She encouraged them to see education as a continuous, lifelong pursuit. "If you're good at something, get your hands dirty—hard work fuels growth," she said, urging the graduates to continue pushing themselves and embracing challenges with determination and grit.

Mrs. Febin M.F. stressed the importance of teamwork, noting that success in any field depends on collaboration across various disciplines.

She encouraged the graduates to always think about the human aspect of their work, reminding them that every project they undertake should aim to positively impact people's lives. "This is how you should embark on your journey in life," she added, highlighting the importance of empathy and social responsibility.

She also pointed out that education is not merely a step toward a career but a foundation for self-realization and finding one's purpose in life. In a rapidly advancing technological era, she emphasized the significance of having strong foundational knowledge. "While we are fascinated by the potential of technologies like machine learning, it is crucial to remember

that these innovations come from people who are deeply grounded in their fundamentals," she explained. “If your basics are strong, you can create anything and become a driving force in your field."

Mrs. Febin concluded by advising the graduates to thoroughly understand the projects they work on, build meaningful networks, and hone their communication skills wherever they go. She also announced partnership between L&T and St. Philomena’s College, through which students will have the opportunity to join L&T EduTech this academic year. She reminded the graduates that while they have successfully navigated numerous challenges, learning must continue, especially in an ever-changing world.

Awarding of Gold Medals: As the Convocation Address ended, a wave of excitement filled the room. The students, both joyful and eager, looked forward to the moment that they would celebrate their two years of dedication and effort. The anticipation was palpable as they waited for the presentation of gold medals, which would honor the top performers for their academic excellence. This ceremony marked not only the conclusion of their studies but also the start of a new chapter as they prepared to step into the world as graduates and postgraduates, ready for the adventures and opportunities ahead. The event was carried forward by Dr. Reena Francis, Controller of Examination & Dean, Commerce & Management.

Distribution of Degree Certificates: In the spirit of aspiration and achievement, the degree-award ceremony for our graduates commenced with Ms. Agnes D’Souza, Dean of Sciences, followed by Dr. Reena Francis, Controller of Examinations and Dean of Commerce & Business Administration, Dr. Praveen Saldanha, Dean of Arts, Mr. Sade Bose, Dean of Languages, and Dr. Noor Mubasheer, Coordinator & Dean of PG Studies & Research Centre, leading this momentous occasion.

Admitting the Graduates: His Grace Most Rev. Dr. Bernard Moras, Apostolic Administrator of the Diocese of Mysore, formally conferred the degrees upon the graduates.

Felicitation to Former Rector’s: The dream of autonomy was achieved in 2011 under the leadership of Fr. Leslie Moras as Rector and Principal, and this vision was carried forward with equal dedication by Rev. Dr. Bernard Prakash Barnis, Rector/Manager. As we mark ten years of convocation, it is fitting to reflect on the journey of our autonomous college over the past decade and to honor those who have been pivotal in this journey. The felicitation ceremony was carried out by Mr. A. Thomas Gunaseelan, the IQAC Coordinator.

Presidential Adress: His Grace, Most Rev. Dr. Bernard Moras, the Apostolic Administrator of the Diocese of Mysore, stressed the significance of integrity and truthfulness, urging everyone to lead lives grounded in sincerity. He emphasized that knowledge is of immense value, far exceeding material wealth, and remains an irreplaceable asset that can never be

taken away. He underscored the importance of integrity alongside education, highlighting their role in shaping a meaningful life.

He acknowledged the vital contributions of family, faculty, management, and hard work in achieving success and expressed joy for the collective efforts that led to this significant milestone. He emphasized the importance of dignity and ethical values in life.

His Grace highlighted the transformative power of education in fostering social change and called for stronger measures to ensure the safety and security of women and marginalized communities. He encouraged the graduates to reflect on their moral values and understand their role as both valuable individuals and intellectual assets to the nation.

His Grace advocated for a life where dignity and ethics take precedence. He urged the graduates to embrace their rights while also accepting their responsibilities toward the nation. He concluded the Presidential address by extending heartfelt wishes to the graduates for their future.

Returning of Academic Procession: The 10th convocation ceremony concluded as the curtains fell. After the insightful presidential address, a thoughtful vote of thanks was delivered. The gathering was officially wrapped up with the singing of the national anthem. The dignitaries then gracefully exited the indoor stadium, bringing the memorable event to a close.

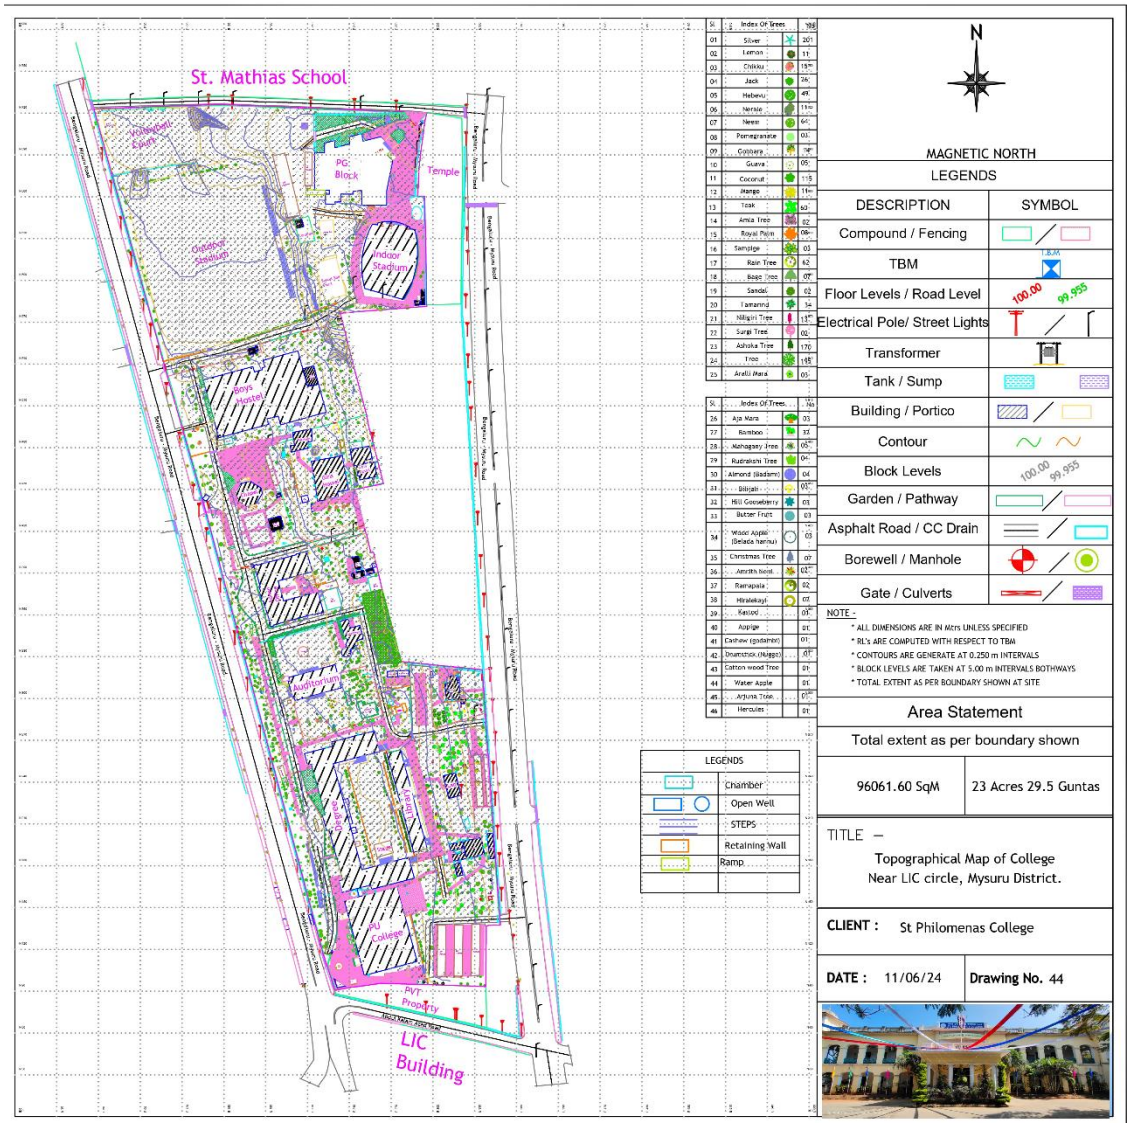

Role & Responsibilities: The successful conclusion of the 10th convocation prompts reflection on the various committees and their meticulous execution of responsibilities. Each committee, under the adept guidance of its respective convener, played a crucial role in ensuring the seamless execution of the event. The 10th Convocation was efficiently organized under the Convenorship of Dr. Deepa V, Sr. Vimal Angeline, as the Coordinator efficiently discharged their duties, making the ceremony a success. The Master of Ceremony (MC) was skillfully handled by Dr. Vagdevi H S from the PG Department of Studies & Research in Journalism & Mass Communication. Ms. Nidhi V Gummadi, from the PG Department of English, introduced the Vice-Chancellor, while Mr. Mathew, from the Department of BSW, introduced the chief guest. The vote of thanks was delivered by Ms. Nithya Johnson from the Department of Psychology. The seamless orchestration of roles from convenors and members of various committees constituted for the smooth flowing of various activities and contributed to the overall success of the convocation ceremony.
