Proceedings of the Board of Studies

Eighth meeting.

Subject : Botany
Date : 25/2/2020
Time : 10:00
Place : Botany department.

Agenda

To reviews the syllabus, scheme of examination & teaching methods for the 3 years 6 semester B.Sc Botany course & to approve the same from the academic year 2020-2021 The hardcore papers & soft core papers were discussed separately. The changes made in the syllabus are enclosed here with. The board of studies members approved the contents of the syllabus & it will be effective from 2020-2021 onward.

The chairperson thanked the members before dispersing.

Members Present.

1) Ms. Dorothy. P - Chairperson
2) M.V Mallikarjunaiah - Member
3) Dr. B.S. Ravikumar - Member
4) Ms Pruthi Pereira - Member
5) Yashwanth. V.M. - Member
6) Teeritha Saldanha - Member
7) Waseem Pasha Member

Dothy 25/2/2020
25/2/2020
25/2/2020
25/2/20

I SEMESTER

* Title is changed from Microbial Diversity, Mycology Phycology to Microbial Diversity, Phycology and Mycology
* SARS, ZIKA, HIV, Nipah viruses are deleted Corona Virus, HINI Virus is added (Discovery, Structure of Virus, Mode of Transmission, Symptoms
* Bunchy top of Banana is removed
* Cyanobacteria Title is added
* Batrachospermum deleted from Phycology, Polysiphonia is added.
* Classification of Algae according to Fritsch is added.
* Classification of Fungi according to Ainsworth is added.
* In Practicals Batrachospermum removed and Polysiphonia is added.
* Inoculation of Fungi is deleted
* In scheme marks allotment is changed for Pratical examination.

II SEMESTER

* Pteris, Azolla is deleted
* Marselia is added.
* Gnetum - Anatomy of Leaf is deleted
* Angiospermic characters of Gnetum is added.
* Palloboatany - No changes.
* In Practicals Pteris and Azolla is removed.
* Marselia is added.
* In practical scheme Pteridophyte is removed from the first question

* In second question, options are given between Pteridophyte and Gymnosperm.
* Bryophyte and Paleobotany is removed and Pteridophytes and Gymnosperms are retained from third question

III SEMESTER

* Title of the Paper is changed from Plant Pathology, Plant Anatomy and Evolution to Plant Pathology, Plant Anatomy and Reproductive Biology of Angiosperms.
* In Histology Classification of Meristem based on origin, Position and Function is added
* A Brief account of Stomata, Trichomes and Laticiferous tissues were suggested.
* In Anatomy, Anomalous secondary growth of Boerhaavia is removed
* In Reproductive Biology, Structure of flowering shoot is removed
* Placentation and its types is removed
* Importance of Pollen-Pistil Interaction is removed
* Double fertilization is added.
* In experimental embryology parthenocarpy is added
* In Practicals, White Rust is deleted
* Sectioning of Dicot & Monocot leaves is suggested
* Anamolous Secondary growth deleted
* Study of Trichome & Stomata deleted
* Study of T.S of ovary, Tricarpellary & Pentacarpellary was added

Scanned with OKEN Scanner

*In practical Scheme change is made in the marks allotment.

IV. SEMESTER

*Title is Changed to Morphology & Angiosperm, Plant Breeding, Ecology and Evolution
* In Morphology, Tap root, modifications were restricted to Tuberous roots, Fasciculated root, Prop roots, stilt root, climbing roots, Floating roots, Epiphytic roots with 2 examples each.
* Dry dehiscent Fruit – Legume, Siliqua, Loculicidal Capsule, Pair & follicle is specified
*Dry indehiscent Fruit – Caryopsis, Cypsella, Nut Samara
* Schizocarpic Fruits – Lomentum, Cremocarp, Regma
* Plant Breeding - No changes is made
* In Ecology – Edaphic factors - conservation of Soil is removed
* Pond as an Ecosystem is specified
* In Types of Forest - Deciduous & Evergreen retained
* Hydrosere is added
* Evolution - origin of earth deleted
* In Practical - Emasculation and bagging is added

V. SEMESTER. – PAPER - 05

* Title is changed to "Taxonomy of Angiosperms
* Rubiaceae, Acanthaceae, Rosaceae,
* In Practicals Rubiaceae, Acanthaceae, Rosaceae is added.

Scanned with OKEN Scanner

PAPER - 06.

* In cell biology - cell wall, cell membrane, Chloroplast, Mitochondria, Glyoxysomes and Peroxisomes. is added
* Transposable elements in Prokaryotes & Eukaryotes is deleted
* In practicals charts on DNA replication and tRNA is added
* In practical scheme marks allotment is changed

VI SEMESTER - PAPER - 07.

* Brief account of Biomolecules is deleted
* In Growth, biosynthesis of growth hormones is deleted
* Instrumentation is deleted
* Florigen, A Brief account of Dormancy is added.
* In Practicals, Hills reaction, Enzyme catalase, internode elongation, Estimation of pollen viability and pollen germination is deleted.

VI SEMESTER - PAPER - 08.

* Example for multiple factor inheritance changed to Ear length in Maize.
* Barbara McClintok experiment is added to Transposable elements
* In Genetic Engineering - Proteomics and PCR. technique is added.
* In Biotechnology industrial production of enzyme and cheese is removed

Scanned with OKEN Scanner

* In Practicals · Mounting of Anabena from Azolla were added.

DSE - PAPER - 01

* English, French, Persian, Italian garden designs were deleted
* Cultivation of ~~Gerbera~~, Gladiolus, Carnations were deleted
* Disease & Pests of flowering Plants was removed and Common pests in floriculture was added.

DSE - PAPER - 02.

* Modern Ethnobotany is deleted
* Extraction methods of different oil is deleted.

DSE - PAPER - 03.

*NO change

DSE - PAPER - 04

*NO change

DSE - PAPER - 05

* NO change.

It is resolved to implement changes suggested by BOS members from the academic year 2021 - 22.
