Proceedings of the Board of Studies

Twelveth Meeting.

Subject : Botany
Date : 15/09/2023
Time : 10:30 A.M
Place : Botany Department, SPC

Agenda

1. Revamping of NEP syllabus for V & VI Sem
2. Revising the Practical schemes
3. Blue print for the examination question paper
4. Revising NEP practical syllabus
5. Updating the number of hours allotted according to the revised syllabus

Members Present

1. Ms. Dorothy. P
2. Dr. K.N. Amruthesh
3. Prof. M.N. Mallikarjunaiah
4. Dr. Fr. Fahaya Mary C
5. Ms. Jeevitha Faldanha
6. Ms. Lima Jasmine
7. Mr. Alex

V Semester Paper V - Plant Morphology & Taxonomy

In unit 01, Structure and variations of flowers was clearly defined into unisexual and bisexual flowers, actinomorphic and zygomorphic flowers

Teaching hours were increased to 18 hrs due to insufficient hours.

In unit II there were no changes in the syllabus. Teaching hours were reduced to 12 Hrs.

In Unit III Rephrasing of the topic into a brief account on phenetics and cladistics. The teaching hours to were reduced to 12 hours.

In Unit IV Teaching hours were increased to 18 hrs.

* Blue print for theoretical paper was made according to the weightage given to the Unit.

V Semester V Paper Practicals.

Remain unchanged, Scheme of valuation & Practical question paper was prepared.

V Semester VI Paper - Genetics & Plant Breeding

Unit I

* The topics were rearranged based on relevance from simple to complex.
* Principles of inheritance were clearly defined into Law of Seggregation and Independent assortment.
* Incomplete dominance example was given as Mirabilis jalapa
* Co-dominance studied in Rhododendron flower color and ABO Blood grouping.
* Examples for multiple alleles were given as wheat kernel color.
* Snapdragon/Rat for lethal alleles,
* Fruit color & Summer squash for Epistasis
* Chromosome theory was added below.

* In Unit 2 Variation in chromosome number and structure were shifted to unit III because of its relevance with cell biology.
* Examples for Clb method was specified to be studied in Drosophilla.
* In Unit III Microscopy was removed as it was already studied in previous semesters. Chromosomal abberation was added.
* Unit IV remains unchanged.
* Blue print to prepare question paper was made according to the weigetage given to each unit.

V Semester VI Paper Practicals.

* Practical Syllabus remain unchanged
* Scheme of Valuation and practical question paper was made

VI Semester VII Paper – Plant Physiology & Plant Biochemistry

* In Unit I Vital and Physical force theories were specified as TCT Theory.
* Unit II Revamped and rephrased according to the concepts from simple to complex.
* In unit III along with photoperiodism, Vernaliza-tion is added. Plant movements were clearly specified as Trophic movements.
* In unit IV Synthesis of amino acids was added.
* Kinetics of enzyme was replaced with Properties & factors affecting enzymes.

Vidya 496

Scanned with OKEN Scanner

* Mode of enzyme action was specified to Lock & key Model & Induced fit theory.
* Blueprint for question papers made according to the weightage.

VI Semester VII Paper Practicals

* Practicals were classified into Major and Minor experiments.
* Rate auxanometer was added.
* Scheme of valuation & practical exam question paper was prepared

VI Semester VIII Paper – Plant Biotechnology.

* In Unit I the syllabus was revamped according to simple & complex concepts.
* The teaching hours were increased to 16 hrs
* In Unit II Teaching hours were increased to 18 hrs.
* In Unit III Teaching hours were increased to 16 hrs
* In Unit IV Teaching hours were decreased to 10 hrs according to the concepts
* Blue print to prepare question paper was prepared according to the weightage given to all the units.

VI Semester VIII paper Practicals.

* Practical content remain unchanged
* Scheme of valuation & Practical exam question paper was prepared

List of External Examiner's

Name	Designation	College
Dr. Deepa R Hebbar	Associate Professor	Maharani's Science College for Women, Mysore.
Dr .Sandhya Rani D	Associate Professor	Maharani's Science College for Women, Mysore.
Dr. Prithviraj H.S	Associate Professor	Maharani's Science College for Women, Mysore.
Dr. Girijamba R	Guest faculty	Maharani's Science College for Women, Mysore.
Ms. Kavya B.C	Guest faculty	Government College for Women (Autonomous) Mandya.
Dr. G.L .Basavaraj	Assistant Professor	Government College (Autonomous) Mandya.
M.N. Mallikarjunaiah	Associate Professor	Government College (Autonomous) Mandya.
Dr. B.S. Ravikumar	HOD, Associate Professor	A.V.Kanthamma College for Women, Hassan.
Dr.Sr.Sahaya Mary	Administrator & Assistant Professor	Teresian College Mysore.
M.M. Swamy	HOD, Assistant Professor	JSS College for Women, Mysore
Ms. Poornima .U	Assistant Professor	JSS College for Women, Mysore

Note: In case of Non-availability of the mentioned examiner's other faculty members could be called as External's.
